## DEMOCRATIC LEADERS RESIGN

Chairman Johnson, Secy. Smith and Other Committeemen Step Down and Out.

## SCHOOL BUILDING REJECTED.

Board Claims Structure Is Not up to Specifications—Campaign Against Vice—Briefs and Personal.

Ogden, Nov. 12.—Chairman T. D. Johnson, of the Democratic county committee, together with Secretary S. S. Smith and the other committeemen, resigned from the Democratic organization at a meeting held in the office of the chairman on Saturday afternoon. A motion to disband the organization in Weber county was defeated by a vote of 14 to 2. P. M. Folkman, chairman of the county committee, moved to the party by getting a motion through for the organization of the party on more substantial lines. There was no chairman or secretary elected, however, so that the party is without a head, and to all appearances down and out.

The action of Mr. Johnson came somewhat as a surprise, although for a long time he has not taken an active part in the local campaigns. He was chairman in name only during the campaign just closed. S. S. Smith, secretary of the committee, acting in the dual capacity of chairman and secretary. In handing in his resignation, Mr. Johnson stated the ball rolling that came pretty near leaving Democracy without a center committee at all.

For several years the Democratic party has gone down to defeat in Ogden with the exception of the last city election, when a Democratic mayor and several councilmen were elected. The party leaders had great hope of being able to elect at least some of their ticket last week, but when the returns came in giving all the offices to the Republicans, many lost courage and unless some strong energetic men can be found to manage the party and its destinies in Weber county, it is possible it may be deserted. Mr. Johnson's last admission to those present at the meeting was, "Rebuild the old ship or sink her." He said that the members of the Democratic party should agree upon any issue that was before the people in the past campaign and there is little hope of any better agreement in the future, being hopelessly divided on a number of local questions. The Democratic party of Weber county stands today without an organ to proclaim its principles, and without sufficient party loyalty to support one if it was presented to them as a gift. Under these conditions he said that it seemed to him useless to attempt to maintain a party organization upon any issue.

The action of Mr. Johnson and the other committeemen in withdrawing from the organization at this time is not looked upon with much favor by those of the untainted still within the fold. They argue that the time for such action is not only a bad one, but that the move is an ill advised one. Those of the Democrats who remain loyal to their party at this time are worthy of every credit, and it is believed that a stronger organization than that which formerly existed will be effected. Prominent Democrats assert that before the blame should be shifted to others for the recent disastrous election to their party, a member of that party should determine whether or not he had done his full duty during the campaign, and until they had found some one who had done this, they should not criticize others.

## SEWER WORK BEGUN.

The work of constructing the new sewer in district No. 10, which comprises that section of the city between Twenty-seventh and Third streets and between Wall and Lincoln avenues was commenced this morning. The work is being done by J. P. O'Neill, the contractor who handles the greater portion of the city work. This work will be a large addition to the improvements of Ogden city. For years an effort has been under way to put sewers in this section of the city, and one special election was held for that purpose, although at that time the district involved was much larger than the present one. Each time that the matter was taken up by the city council something came up to prevent the proposition from going through. ## AN AGED PHYSICIAN

After Years of Experience Gives the Following Advice:

"If you have anything to do with medicines at all be pretty sure you know what you are taking. You have heard of Dr. Druell & Frankens say this is a strong point in favor of their valuable cod liver preparation, Vinol. Everything it contains is plainly printed on the label, therefore it is not a patent medicine.

Vinol contains in a highly concentrated form all of the medicinal elements of cod liver oil, taken from fresh cods' livers, but with the useless, nauseating oil eliminated and tonic iron, which is a useful constituent for the blood, added.

This is the reason that Vinol accomplishes such wonderful results in curing chronic coughs, colds, bronchitis and lung troubles, and there is nothing to medicine that will so quickly build up the run down, overworked, tired and debilitated, or give strength and renewed vitality to the aged, as Vinol.

You can only ask every person in Salt Lake City who needs such a medicine to try Vinol on our offer to return their money if it fails. Druell & Frankens, Druggists, 100 South Main, Salt Lake City.

Note—While we are sole agents for Vinol in Salt Lake City, it is now for sale at the leading drug store in nearly every town and city in the territory. Look for the Vinol agency in your town.

## DANIEL TYLER PASSES AWAY.

## Special Correspondence.

Beaver, Beaver Co., Nov. 10.—Patriarch Daniel Tyler of this city passed away to his rest after a lingering illness of general debility on Nov. 7, 1906. The funeral services were held in the stake tabernacle on Friday, the 9th, and were very impressive. The speakers were Elders John Lang, John P. Murdock, and Reed Smoot, who, being long time associates of the patriarch, were able to speak intelligently of his devoted life in the cause of truth.

Patriarch Daniel Tyler was born Nov. 22, 1816, in Sempronius, Cayuga county, N. Y., and was the son of Andrew and Elizabeth Cummins Tyler. He was baptized into the Church of Jesus Christ of Latter-day Saints at Springfield, O., Jan. 16, 1832. On the 4th of August, 1834, he was ordained a priest, and then began his life's labors as a preacher of the gospel. He was married to Ruth Venable Sept. 11, 1836, and he and his estimable wife passed through all the persecutions incident to the early history of the church. He was ordained an elder in 1840, a seventy (forty-fourth quorum) Sept. 24, 1844, and a high priest on the same day. He was mustered into the Mormon battalion in June, 1846, discharged July 14, 1847, and arrived in Salt Lake City, Oct. 18, 1848, and became first counselor to Bishop Pettigrew in the Tenth ward.

He was president of the high priests' quorum for 35 years, and was relieved only when his physical infirmities prevented his attention to that calling.

He was ordained a patriarch by President Brigham Young Dec. 10, 1873, and died, as he had lived, "true to the faith," on Nov. 7, 1906.

## Business Change—Benefit Bazar—New Tabernacle Organ En Route.

## Special Correspondence.

Lehi, Utah Co., Nov. 12.—Saturday over \$25,000 was paid to employees in and around the factory here and cutting stations for October labor. On the 15th over \$30,000 will be paid for the same. For beets delivered during October, which will be by far the largest beet pay day in the history of the company. This immense amount of money will be distributed to beet raisers throughout Salt Lake, Utah, Wasatch, Sanpete and Sevier counties and will mean much to the different towns. This sum will probably pay for three-fifths of the entire crop of beets to be harvested as no doubt the tonnage will exceed all previous estimates. A great many of the farmers have finished harvesting their beets and it is quite a sight to see the great amount of beets that are stacked in the sheds here and at the cutting stations. The factory is running smoothly and turning out a fine quality of sugar. Wages of the workmen have been increased to 18c per hour, also a bonus of 5 per cent will be given to all men who remain with the company until the end of the campaign, which means a general raise of 12 1/2 per cent in wages, which is much appreciated by the company's employees. The company will most probably be grinding beets into the new year.

## BUSINESS CHANGES.
