

## KNIAZ POTEMKINE IS BEING STALKED

Torpedoboats Are in Pursuit of The Pirate Ship With Orders To Sink Her.

HER HOURS ARE NUMBERED.

Whereabouts of Mutineers Not Known—Government Story of Events At Odessa.

Odessa, July 4.—It is reported persistently in army and navy circles that the Kniaz Potemkine is being stalked and pursued by several torpedoboats which intend to sink her. The crews of these boats consist of officers who volunteered and stokers, so there is no danger of their refusal to obey orders to destroy the renegade ship.

The Kniaz Potemkine's hours are declared here to be numbered. Regret is expressed at the destruction of such a splendid and powerful battleship, and at the loss of life, but this is thought to be preferable to the continued dishonor of her presence in the Black sea, commanded by mutineers.

Several torpedoboats were reported to be off Odessa last night. There are other signs of activity among the torpedoboats. The whereabouts of the Kniaz Potemkine is not known here, but she is reported to have left Odessa.

### DOINGS AT ODESSA.

St. Petersburg, July 4.—The governmental story of the events at Odessa as published in the Official Messenger has been in great part already covered in the statement made by official quarters and cabled to the Associated Press since the commencement of the outbreak. After detailing the activity of the Socialist revolutionary committee in stirring up the strikers ashore and the arrival of the mutineer crew of the battleship Kniaz Potemkine at Odessa, June 27, the account proceeds:

"The mutiny of the warship provided a good opportunity to influence the masses. The committee visited the battleship and assured the mutineers that the government of Odessa had laid down its arms and that the whole Black sea squadron had joined hands with the crew of the Kniaz Potemkine. According to eyewitnesses, officers look on a strike part in the councils of the battleship, especially two young cadets. The results of the anarchist intrigues among the workmen and mutinous sailors became immediately evident.

"The troops were unable to enter their arms against the crowds of workmen in the vicinity of the harbor, for fear of possibility of an outbursting fire from the battleship. The harbor was therefore left in the hands of the mutineers, who pillaged the warehouses and vessels, beached coasts of wine and spirits and started a drunken orgy.

"With nightfall the fire started by the strikers soon attained terrible dimensions. Nearly everything in the harbor was destroyed, the mob refusing to allow the firemen to fight the flames."

### THE MUTINEERS.

St. Petersburg, July 4.—The admiralty says that it is without information as to whereabouts of the Kniaz Potemkine, but the officials are inclined to believe that if the mutineers have supplies enough they will go to a Bulgarian or Turkish port and will head for Port or Batoum, where the revolutionists might give them aid and where the mutineers could escape to the mountains of the Caucasus.

The seven-column report of the occurrences at Odessa which will be published all over Russia contains no mention of the prominent part which the governor reported the Jews took in inciting the rioting and in cooperating with the mutineers on board the Kniaz Potemkine and General Pobedonostzev. The Associated Press learns that Gen. Trepoff himself forbade all reference to the Jews, believing that referring to them would only serve to excite the people and perhaps lead to reprisals not only at Odessa but elsewhere.

Today's official reports from Odessa say the factories are beginning to reopen, but that there are thousands of people idle and the general public is still nervous and apprehensive.

The Slova announces that the Imperial proclamation, providing for the convocation of an Imperial duma, will be issued July 15.

### NEW RUSSIAN AMBASSADOR.

Baron Rosen Arrives on the Steamer Kaiser Wilhelm II.

New York, July 4.—Baron Rosen, the new Russian ambassador to Washington, and one of the two Russian plenipotentiaries to the peace conference, arrived in this city today on the steamer Kaiser Wilhelm II. He would say nothing of Russian politics nor of the pending peace negotiations.

The baron said he learned of the death of Secy. Hay at sea and was shocked by the news. He spoke in eulogy of the deceased statesman and said he had known Mr. Hay for 25 years. He was much pleased to return to America and hoped to renew many former acquaintances.

The ambassador was asked what he thought of Washington in August as a place of meeting for the peace conference and he replied that it would be most uncomfortable and he more so northern point would be more comfortable and more acceptable. He did not know, officially, however, where the conference would be held if Washington was found to be out of the question.

Baron Rosen was accompanied by his wife, Mme. Rosen, and their daughter and Prince Kondachoff, the Russian minister to the grand duchy of Hesse-Darmstadt.

Baron Rosen did not know when he would go to Washington. He took the train for Manchester-by-the-Sea.

### GOV. CARTER OF HAWAII

Says the Story of His Resignation is a Very Long One.

San Francisco, July 4.—George Carter, governor of the territory of Hawaii, took a passenger on the liner Albatross, which arrived today from Honolulu. Gov. Carter is on his way to Washington for a consultation with President Roosevelt. Carter recently tendered to the president his resignation as governor of Hawaii. With his formal resignation he forwarded a request for permission to visit Washington and lay before the chief executive certain matters connected with the government of Hawaii.

Carter's resignation followed closely the announcement of the result of the territorial elections.

The full reason for my sending in my resignation is a long story and one does not feel at liberty to tell at this time," said Gov. Carter. "I will say as much, however, as territorial government in Hawaii. I am the president of the United States. The president is a man of decided views.

## FROM HEAD TO FOOT

You feel the good that's done by Doctor Pierce's Golden Medical Discovery. It cleanses, regulates and invigorates Stomach, Liver and Bowels and so purifies the blood. And through the blood it cleanses, repairs, and invigorates the whole system. In recovering from "grippe," or in convalescence from pneumonia, fever, or other exhausting diseases, nothing can equal it as an appetizing, restorative tonic to build up needed flesh and strength. It rouses every organ into natural action, promotes all the bodily functions, and restores health and vigor.

For every disease that comes from foul or Weak Stomach, a torpid Liver or Impure Blood, Dyspepsia, Indigestion, Bilelessness, and the most stubborn Skin, Scap, of Scrofulous affections, the "Discovery" is a sovereign remedy. Don't be hypnotized, wheedled, or over-persuaded into accepting a substitute only that some selfish medicine seller may make a greater profit on the inferior article. The "Discovery" has a great record of nearly forty years with thousands of cures behind it.

Losses.—Several years ago my blood became impure and I became run down in health. I had no appetite, could not sleep, and was practically unable to work. Suffered from irascible habits and was in bad shape. Dr. Pierce's Golden Medical Discovery relieved me of my wretched condition. The medicine built up my system and restored me to a normal condition of health. I can speak most highly also of the Pierce's Favorite Prescription, as it has been used in my family for years in cases of female troubles.

Dr. Pierce's Pellets Cure Constipation.

I have views of my own in regard to Hawaiian matters and I feel that in some things my views differ from those of the government. I am going to Washington to have a long talk with the president and my real reason for placing my resignation in his hands was to avoid any embarrassment in the event of his deciding to place somebody else at the helm in Hawaii.

Gov. Carter, who is accompanied by Mrs. Carter and his private secretary, V. C. Green, will remain in San Francisco three or four days before proceeding to the national capital.

### IMMIGRATION TO HAWAII

Plans Being Made to Encourage Settlers to Go There.

(Correspondence of the Associated Press.)

Honolulu, June 28.—Secy. Atkinson, chairman of the new territorial board of immigration, who has just returned from Washington, is preparing plans for the encouragement of settlers to come here. Atkinson wants a liberal land policy and says that his conferences with Washington officials have convinced him that if they are allowed land here on liberal terms American settlers will come to Hawaii.

A case of embezzlement from the postoffice at the lower settlement has been brought to the attention of United States Dist. Atty. Breckons, but will probably not be prosecuted, as prosecution would require a session of the federal court at the settlement. The defendant is a leper and there is no jail in which he could be confined if convicted.

Four Japanese editors or proprietors of newspapers have been indicted by the grand jury for conspiracy in the third degree on account of their campaign against Japanese Consul Miki Saito. They are alleged to have conspired together to injure him and prevent him from carrying on his "trade" of consul general.

## KING OSCAR GRANTS INTERVIEW

Will Never Allow a Son or Grandson to Accept the Norwegian Throne.

DEFENDS POSITION HE TOOK.

His Majesty Was Advised Not to Do Any Talking for Publication.

Stockholm, July 4.—King Oscar granted a private audience to the correspondent of the Associated Press at the royal palace today. In a lengthy conversation his majesty expressed his views on the present situation, and said emphatically that he would never allow any of his sons or his grandsons to accept the Norwegian throne. In speaking of the attitude of Norway the king displayed deep emotion and expressed his heartfelt sorrow at Norway's treatment of him after 42 years of unceasing labor for his happiness and prosperity.

His majesty said he wished to convey through the Associated Press his gratitude for hundreds of expressions of sympathy received from the United States. In the course of the conversation King Oscar reiterated his official utterances regarding his position in the consular bill passed by the storting and the events which followed his veto of it, and said:

"When the king of Norway considers that the welfare of the country demands that he shall veto a bill passed by the storting, his right to do so is unconditionally shown in Norway's constitution and he would be wise to exercise it if he did not exercise this right in accordance with his conscience."

"The constitution gives the storting the power to pass a measure over my veto, however, but I believe that this can only be done by the bill being passed by three consecutively elected stornings. The consular bill was passed by only one storting."

"As king of Norway it was of the utmost necessity that I should always keep before my eyes the first article of the Norwegian constitution, which reads: 'The kingdom of Norway is a free, independent, indivisible and inalienable country, united to Sweden under one king.'"

"Therefore, it was imperative before approving a bill separating the consular systems of Sweden and Norway, that I should consider the welfare and interests of both countries, and I had a perfect right as king of Norway to refuse my sanction."

"The refusal of the Norwegian cabinet to counteract my veto was inexcusable, as the constitution prescribes that the king may decide according to his judgment, and that all his orders must be countersigned by the cabinet. Thus the Norwegian constitution, my own conscience and my consideration of the welfare of both kingdoms were the guide to my action in vetoing the consular bill."

This is the first interview granted by King Oscar to any correspondent. His majesty had been advised not to talk for publication, and every effort was made by his entourage to prevent him from doing so. The Associated Press correspondent, however, received a communication last evening, summoning him to a private audience today.

### SWEDISH ARMY TO MOBILIZE

Stockholm, July 4.—The Associated Press is in a position to state that an order for the mobilization of the Swedish army has been issued and that a proclamation to this effect will probably be issued within a week. The mobilization is intended as a means of giving added force to any proposal for settlement which the special committee appointed by the rikstag may make to the Norwegian storting.

### TOPEKA'S BANK FAILURE CROWS BIGGER

Topeka, Kan., July 4.—Independence day afforded financial circles in Topeka another respite from the strenuous situation of the past three or four days, and will probably mark the termination of the uneasiness among the depositors of the six other banks. The remainder of the week will doubtless see the return of the small deposits which were withdrawn on Monday.

Mr. Devlin's health seems improved, though he slept during the day under opiates administered by the physician to quiet his nerves after Monday evening's conference. C. E. Hawley, the cashier, is prostrated, a nervous wreck. The following is a complete list of Mr. Devlin's health seems improved.

First National of Topeka	\$1,200,000
Central National of Topeka	300,000
Bank of Topeka	75,000
National Bank of Commerce	100,000
Kansas City	100,000
American National Bank of Kansas City	400,000
City National Bank of Kansas	100,000
Fourth National of St. Louis	300,000
Central Trust company, Chicago	50,000
Corn Exchange bank, Chicago	100,000
Continental Bank of Chicago	50,000
New York Trust company, New York	50,000
First National, New York	25,000
Total	\$2,810,000

This does not include the alleged liability of \$100,000 to the Baltimore Trust company, nor small unknown liabilities to Illinois banks.

Charles S. Gled, who, it is said, is to be president of the Missouri Holding corporation, formed last week to manage the Devlin properties, said today that the report that Mr. Devlin owes \$719,000 to some Baltimore trust company had not been confirmed, and he doubted it.

J. T. Bradley of Sedan, receiver of the First National bank, arrived in the city today and took charge of the bank. He refused to make any statement. The only thing in the shape of information about the bank comes from the Devlin interests. Clifford Hated, attorney for C. J. Devlin, says that the estate is worth more than the indebtedness and that the bank can pay out. C. S. Gled, head of the company which has taken over the Devlin interests, says that if there is no trouble in holding the property turned over to the bank by Devlin, a full settlement will be made.

Mr. Gled stated that in his opinion the First National bank would not be able to resume business. In brief, this is the condition of the bank.

The obligation of the bank to depositors amounts to about \$1,300,000. Against these deposits there is the property transferred yesterday and the other Topeka real estate securities turned over to the bank by Mr. Devlin, amounting in all to \$700,000. In addition, there are the insurance policies turned in by Mr. Devlin, the actual

cash value of which is stated at about \$200.00. The assets of the bank, exclusive of the Devlin property turned in yesterday, amount to \$1,550,000. Of this there is Devlin collateral with a net value of \$600,000. The actual cash value of this collateral cannot yet be determined. The other notes held by the bank amount to \$200,000. At the time the bank was closed yesterday morning there was approximately \$150,000 in cash on hand. The relation of the assets to the obligations to depositors depends upon the cash value of the Devlin collateral and upon whether or not the transferees from the Devlin estate hold good.

### BALDWIN'S AIRSHIP

Makes Successful Trip Along Ocean Front.

New York, July 5.—Leo Stevens, at a nearby pleasure resort, has sailed J. H. Baldwin's airship, the California Arrow, 200 feet into the air and after a trip skirting the ocean front for some distance returned in safety to the place of starting in safety.

While the airship was 100 feet above ground the long drag line which was trailing caught in the electric wires. Stevens sent the airship ahead at full speed, the wire gave way and released the drag line, permitting the airship to continue its trip. The propeller was slightly injured while the airship was going back to its port by hitting a projecting beam. Stevens declared that he would sail the California Arrow around the borough of Brooklyn, a feat which he declares he will attempt within the next few days. He added: "The ship was under my control from the time it left the grounds until I returned, and I had no difficulty in describing curves, descending or ascending while in the air."
