PRAYING IN PUBLIC.

TRAYING IN FUBLIC.

A few Sabbsiha ago a presente; in use of the seaters churches, evidently being anxious to please the congregating, conditionality is equited of one of the leading members of his flock if he could suggest any improvement in the weekly religious carvier. The gentleman soldressed frankly replied. "Ver, str. if you could give more attention to your extended frankly replied." We for the first the serimone." In view or the fact that the serimone." In view or the fact that the serimone were not firely but that the minister's prayers often were membership as, the force of the surgestion could not be avaided.

In noting the fundamental three will be people in this part of the country was well feel that he may also are called to efficiate to public religious correspondent of the serimon of a refact to the fact that the correspondent ty that the correspondent of the serimon of a refact to the control of the serimon of the tention sectors, clear, extend and foreithe, and be seriminated in attention of the same above and involving properties instruction; and the tentions of the serimon of the tentions of the language instruction; and the tentions of the language instruction; and the tentions of the serimon of the moment, which controls in the properties of the controls. The serimon of the same special in the correspondent of the same special in the properties of the controls of the serimon of the same special the discount of the same special the correspondent of the same special the control of the series of the control of the same special the same special that the same properties of the control of the same and an admitted properties of the control of the same such and an admitted the same such as a s
