The life railway are now annufacturing at Armstrong three new engloses for their road, which will be competed in about 10 days.

These are the first engines that the Co as fell themselves, usually getting them made east. On figure that they can make a better engine, that will last longer and pull a large train, for about 33 per cent. less that will last longer and pull a large train, for about 33 per cent. The bill incorporating Silver Reef City, was passed and sent to the last of paying. It is understood that as act as these are completed they will commence as to build some 15 or 20 others of similar pattern.
