PHOBLEM OF

Medical Men from All Parts of the World Gather in Washington to Discuss It.

MANY DISTINGUISHED ONES.

Welcomed by Secy: Cortelyou as President's Representative-Demonstration for Dr. Koch.

Washington, Sept. 28.-Medical scientists representing every civilized nation united today with their brothers in America in an effort to solve the problem of how best to cope with tuberculosis. The occasion was the official opening of the sixth triennial international congress on tuberculosis. The great auditorium of the new national museum was filled with men who have consecrated their best talents to the study of tuberculosis, representatives of the sovereigns of foreign countries and high officials of governments. When Secy. of the Treasury Cortelyou, as the personal representative of the president of the United States, officially declared the congress open, there were grouped on the platform such distinguished men as Dr. Robert Koch, discoverer of the tubercular bacillus; Dr. A. Calmette of Paris; Dr. R. W. Phillip of Edinburgh, founder of the first tuberculosis dispensary; Dr. Simon von Unterberger, honorary physician to his majesty's court of St. Petersburg, and many others. Among the members of the diplomatic corps present was Wu-Ting Fang, the Chinese minister.

When Dr. Koch arose to respond in behealf of the German government there was a remarkable demonstration in his honor, men and women waving hats and handkerchiefs for nearly five minutes. tional congress on tuberculosis. The

and handkerchiefs for nearly five minutes.

The official welcome on behalf of the United States government was extended by Secy. Cortelyou. Then followed the response of the official representatives of 30 foreign countries. When his name was called, Dr. Koch declared that the German takes a particular interest in all that tends to the solution of the tuberculosis problem and that his government would watch with the keenest interest the deliberations of this congress. The tuberculosis situation in Germany, he said, has become distinctly favorable during the past three decades, the mortality from tuberculosis in Prussia having been reduced practically one-helf.

"We are active in trying not only to maintain, but to enhance the diminution," said the speaker, "For more thorough study of tuberculosis in all its aspects, and in order to find new ways and means for effectually combating tuberculosis, the Robert Koch stiftung has been created." All nations, he added, would be benefited by the work of that institution.

Dr. Jee, the Chinese delegate, declared that, notwithstanding tuberculosis.

that institution.

Dr. Jee, the Chinese delegate, declared that, notwithstanding tuberculosis has a strong hold upon his country, his government was doing little for the prevention of the disease. He expressed the hope that the next congress would be held in China.

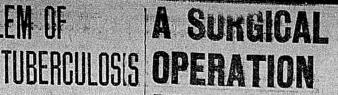

At the conclusion of the responses to Secy. Cortelyou's address the congress adjourned and will not again meet in general session until Oct. 3. The afternoon was devoted to the deliberations of various sectional meetings, where a number of addresses were made.

WOMAN'S TRAGIC SUICIDE.

New York, Sept. 28.—In the presence of a crowd of women shoppers waiting for an uptown train at the Fourteenth street station of the Sixth avenute railroad, a well dressed woman of 28 years today threw herself in front of a moving train and was so badly injured that she died a few moments later.

The tragic act created almost a panic on the platform. Women ran shricking toward the exits leading to the station, and half a dozen of them fell in a faint.

While the woman's mangled body was still lying on the track a priest kneit by it and administered the last fifes

If there is any one thing that a woman dreads more than another it

We can state without fear of a

contradiction that there are hundreds, yes, thousands, of operations

performed upon women in our hos-

pitals which are entirely unneces-

sary and many have been avoided by

Lydia e. Pinkham's

VEGETABLE COMPOUND

For proof of this statement read the following letters. Mrs. Barbara Base, of Kingman, Kansas, writes to Mrs. Pinkham:

"For eight years I suffered from the most severe form of female troubles and

was told that an operation was my only hope of recovery. I wrote Mrs. Pinkham's for advice, and took Lydia E. Pinkham's Vegetable Compound, and it has saved

my life and made me a well woman." Mrs. Arthur R. House, of Church Road, Moorestown. N. J., writes:

"I feel it is my duty to let people know what Lydia E. Pinkham's Vege-table Compound has done for me. I

suffered from female troubles, and last March my physician decided that an operation was necessary. My husband objected, and urged me to try Lydia E. Pinkham's Vegetable Compound, and to-day I am well and strong,"

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pink-ham's Vegetable Compound, made

from roots and herbs, has been the

standard remedy for female ills,

and has positively cured thousands of

women who have been troubled with

displacements, inflammation, ulcera-

tion, fibroid tumors, irregularities, periodic pains, and backache. Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

of the church, while nundreds of persons who had poured from the train stood with bared heads.

On the woman's underelothing was the name "Sherwood," written in ink.

"I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without fuss or friction," says N. H. Brown, of Pittsfield, Vt. Guaranteed satisfactory at Z. C. M. I. Drug Dept., 112-114 south Main street. 25c.

American Bankers' Association Against Them and Also Guaranty of Deposits.

ADOPT STRONG RESOLUTIONS

OPPOSE POSTAL

Declare Plans Unsafe and Protest Against Their Enactment Into Law.

Denver, Colo., Sept. 28.-The most important discussion in the savings bank section of the American Bankers' association occurred at the afternoon session, when the questions of postal savngs banks and the guaranty of bank

ings banks and the guaranty of bank deposits were taken up. While it was evident that the sentiment was practically unanimous against postal savings banks and overwhelmingly against the guaranty idea, a respectable minority tried to prevent action on the latter question, contending that it was a matter for the convention of all the members of the association to decide upon and not for a single section.

John Schuette of Wisconsin was the only speaker in favor of the guaranty of bank deposits. He opposed the establishment of postal savings banks on the ground that it would establish 18,000 banks in the country to compete with the other banks of the country. He favored the guaranty bank deposit plan in order to avert the establishment of the postal savings banks, and declared that the bankers of the country would have to face one or the other of these issues. ry would have to face one or the other of these issues.

Former Gov. Myron T. Herrick of Ohio then offered the following reso-

Whereas. This savings bank section "Whereas, This savings bank section of the American Bankers' association represents the savings of the people of the United States; and "Whereas, The record of these banks for conservatism and stability and unselfish devotion to the interests of their depositors is unparalleled in any counter by the results and

try in the world; and "Whereas, The loss to their deposit-ors has been so small as to be an ab-solutely negligible quantity, therefore

be it
"Resolved, That, inasmuch as any
plan or scheme to make each of these
banks responsible by taxation or assessment for the acts of another, or to
connect them with the national banking system, is economically unsound in
principle, confiscatory in form and inimical to the best interests of its de-

imical to the best interests of its depositors, stockholders and borrowers, it would discourage individual initiative, the best product of the American mind. It is a specious form of paternalism and Socialism. It would tend to encourage speculation and an undue expansion of credit; therefore be it "Resolved. That we enter the most solemn protest against enacting into law either by states or the nation of any principle so subverse of sound economies and so revolutionary in character."

economies and so revolutionary in character."

After a heated debate, C. R. Breckenridge of Fort Smith, Ark., offered a substitute to the effect that action on the resolution be deferred until after the question came up before the general convention. This substitute was voted down, 32 to 45, and Gov. Herrick's resolution was then adopted.

After a discussion of postal savings banks a motion was carried placing the savings bank section in opposition to savings bank section in opposition to the establishment of postal savings banks and asking the support of the American Bankers' association in this

American Bankers' association in this opposition.

J. H. Johnson of Detroit was elected president of the savings bank section, and William Creer, first vice president, William Hanhart was reelected secretary by the executive committee: W. T. Ravenscroft of Denver, A. W. Johnstone of Schenectady, N. Y., and R. J. Wood of New Orleans were elected new members of the executive committee. ecutive committee. A vice president from ach state was

The clearing house section also held its convention this afternoon. Besides the report of the secretary and routine business, there were several addresses, and the matter of bank guaranty was

and the matter of bank guaranty was also brought up and condemned.

The following officers were elected:
President E. C. McDougal of Rochester; vice president, Sol Wexler, New Orleans; executive committee, C. A. Ruggles of Boston and Ralph A. Van Vecten of Chicago.

At the meeting of the executive committee immediately after adjournment Fred E. Farnsworth was re-elected secretary.

SALT LAKE AFTER IRRIGATION CONGRESS

Albuquerque, N. M., Sept. 28,—Although the national irrigation congress
does not convene until 10 o'clock tomorrow morning, a lively contest has aiready been started by Pueblo and Spokane for next year's congress. Pueblo
is represented by more than 100 delegates and a brass band, and the Washington city by a trainioad of delegates
from the northwest state who arrived
tonight.

tonight. Sait Lake is also in the race, and the Utah Delegates and a band arrived tonight on a special train.

The attendance of delegates at the opening session will be fully 1,500, with the prospect that that number will have increased greatly by Wednesday. This session will be notable for the number of actual workers in the field who are present to take part in the proceedings. There is an almost equally noticeable absence of men prominent in political life who have been present at former sessions.

Tomorow afternoon's session will be Tomorow afternoon's session will be devoted to introductory business, the opening address by President Frank C. Goudy of Denver; addresses by L. Bradford Prince of New Mexico, and William H. Smythe of California, and an address by Generat A. J. Franklin Bell, chief of staff, U. S. A., who is attending the congress as a representative of the war department.

The attendance of foreign delegates is a notable feature of this congress.

The election of officers of the congress does not take place until Friday, George H. Barstow, vice president of this congress, is the only man prominently named for the presidency.

FOR FOREIGN REVIVAL.

Special Committee of Presbyterian

Church Planning Onc.

New York, Sept. 29.—Plans for a revival in foreign lands will be outlined at a special meeting of the committee on evangelistic work of the Presbyterian church which will be held tomorrow. The revival is to be conducted by the Rev. Dr. J. Wilbur Chapman, evangelist and Charles M. Alexander, choir leader, who travels with him.

Dr. Chapman and Mr. Alexander will depart for Australia April 14, next, and will conduct a mission extending through five months in the larger cities of that country and New Zealand. The evangelistic workers will return home by way of the orient and will conduct a series of conferences with missionnaries and native Christian workers in five large Chnese cites. Among these will be Canton, Pekin and Shanghal.

Thence the nerty will cross to Japan, where, in Tokio and Yokohoma, they Church Planning One.

will carry on a similar work. Their next conferences will be held in Corea and Manila.

Dr. Chapman expects to be out of this country about eight months and he plans to reach the United States by Christmas, 1909.

FERD. T. HOPKINS, Prop., 37 Great Jones Street, New York

HOW TO GET STRONG.

P. J. Daly, 1247 W. Congress St., Chicago, tells of a way to become, strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at Z. C. M., I. Drug, Dept., 112-114 south Main street. 50c.

WRIT FOR MERCANTILE SECURITIES CO. OFFICERS

Chicago, Sept. 29.—Judge Julian Mack in the Cook county circuit court yesterday issued a writ of sequestration against Birch F., Edward T., and Thomas Rhodus, officers of the Mercantile Securities company. Through the operation of the writ four officers of the court may sales and believed. of the court may seize and hold all the property of the company and all the real and personal property of the respondents against whom the writ is

Following the court's decision to issue the writ an appeal was taken by counsel for the Rhodus brothers. ounsel for the knodus brothers, Judge Mack granted the appeal and fixed the bonds of the Rhodus brothers at \$50,000 each.

The object of the writ is to gain security for the stockholders and the

LIEUT. W. W. BALLARD, JR.,

Being Court-Martialed on Charge of Appropriating Company Funds

New York, Sept. 29:—Charged with fraudulently, unlawfully and felonious-ly converting to his own use, \$709.61 of the funds of the Fifteenth company of

ly converting to his own use, \$709.61 of the funds of the Fifteenth company of coast artillery, Lieut, W. W. Ballard, Jr., is on trial before a court martial in the army building. Other charges of offenses unbecoming an officer and a gentleman, are being heard at the same time. Lieut. Ballard was the commanding officer of the Fiftieth company, coast artillery, stationed at Fort Wadsworth and had control of the funds of the company.

According to a statement made by one of the army officials the young lieutenant failed some time ago to pass an examination for promotion and from that time on he has been neglecting his duty. Two butchers and a grocer testified that they had been unable to collect bills aggregating \$606, which the company owed them. Lieut. Ballard entered the service from civil life in 1900. He comes from Virginia and is 33 years old.

AN M. D. ON

Writing on kidney disease, the medi-cal term for which is Nephritis, Dr. J.

Chismond says in the "MEDICAL BRIEF:

W. Chismond says in the "MEDICAL BRIEF:"

"In its incipiency it is as curable as any malady that the system is heir to."

"IN ITS SECONDARY STAGE WE POSSESS NO SPECIFIC FOR ITS RAVAGES."

Where does that leave the kidney medicines you have been taking?

And just as we have said over and over, if doesn't make much difference what you call kidney trouble, if it fastens, physicians and druggists have had no successful treatment for it. True, it commonly gets well at first, but if it does not, it enters the second stage that was incurable up to the discovery of Fulton's Renal Compound, which is the first thing known to reduce inflammation in kidney tissues.

When does the second stage com-

which is the first thing known to reduce inflammation in kidney tissues.

When does the second stage commence? Dr. Chismond says: "IT DE-VELOPS SO UNCONSCIOUSLY IT IS AS A RULE FAR ADVANCED BEFORE IT IS DISCOVERED."

In view of these acknowledged facts, people with kidney trouble should do seme very serious thinking before taking futile kidney medicines under which the kidney deaths have risen to over 170 per day. Even if the inflammation is in the first stage, a course of futile medicine is delay that develops the very condition that Dr. Chismond says is "irreparable," and that was irreparable up to the date of Fulton's beneficent discovery.

If you have kidney trouble, either starting or seated, how can there be any question about your taking the only known specific for inflammation of the kidneys, which, incipient or chronic, is the real difficulty with kidney troubled people.
