Bishop Robert Brighton, who came down from the head of Big Cotton-wood within the last few days, says that the snow is six feet deep on the level at Silver lake and much deeper in the guiches. Nearly all the cot-tages have withstood the severe winter well, as far as can be judged by a view of their upper portions. The snow still lies banked up over the doors and still lies bunked up over the doors and

DEATH FROM CANCER.

### William Griffiths, An Old Resident, Re lieved of His Suffering.

William Griffiths, an old-time resident of this city, died shortly after 5 o'clock last night at the home of his daughter, Ellen N. Marsden, 438 west Seventh South street, at the ripe age of 75 years. The decased had been afflicted for some time with cancer of the stomach and while every attention was giv-en him in this affliction he gradually grew worse until death relieved him of his sufferings.

Mr. Griffiths was a native of Pem-brokeshire, South Wales, and emigrat-ed to Utah in 1873, since which time he has resided in this city. He was a faithful member of the Church of Jesus Christ of Latter-day Saints, and by his indly disposition won for himself nany friends, who will regrot to hear of his demise. He was the father of a large family and is survived by three sons and four daughters,

University Engineers Arouse the Ire Of Domestic Science Girls.

The domestic science girls at the state iniversity are in a high state of mental erturbation. They placed a great ar-

ay of cooked delicacies in the windows o cool, and as they surveyed the same they declared the eatables looked just too lovely for anything. The engineer students, it appears, were of the same opinion; in fact so much so, that presently, when the girls came to remove the aggregation of cooked attractions from the window, the latter were not. Then there was grief in hayscale lots, and much metaphorical segregation of

# UNIVERSITY TALKS.

### Members of Faculty Speak of the Good Work of the Institution.

At a meeting yesterday of the students of the state university, addresses were made by members of the faculty. Prof. Cummings advised the extension of abundant hospitality to the High school athletes at next Saturday's meet, while Prof.Merrill announced that one more year of preparatory training would be required for admission to the school of mines after the ensuing academic year, as it has been found that greater maturity is necessary in the first year students. He also stated that a Berkeley professor told him that while the Utah institution did not offer as many courses as does the California institution, in the courses the Utah school does offer it is better qualified and equipped that the California school. Dr. Talmage paid a handsome tribute to the work done by the university which is giving a good course in every-thing. He urged getting what there is at home before going away, also, to at-tend more than one institution in get.

ting an education. Prof. Marshall urged the students to be true to their school, and scored students who atschool, and scored students who at-tend to state university a little while and then go off to other institutions. He claimed that as a rule the degree of B, A, from Utah University meant more than it does from Harvard. "You earn your marks here," he said, "you don't have to sneak through." Prof. Stewart spoke of the recogni-tion given the manual training denarts
