

GERMANY WILL HOLD GREAT FAIR

Berlin the Place and Exposition To be the Greatest of Them All.

1912 IS THE YEAR SELECTED.

Raiser Desires of Having it Truly Representative of Modern Might of Empire.

New York, July 17.—Its correspondent at Berlin cables the Herald as follows: "I am informed on the highest authority that the government has decided to invite various nations to participate in a great international exposition to be held here in 1912. It is proposed that the exposition shall surpass all the world's fairs, not excepting the marvelous expositions for which Paris is famous, or the great American fairs."

German promoters feel confident that the record of progress in the arts and sciences will enable the exhibition to be truly magnificent and of unprecedented proportions.

Plans for the fair are to be made which will be typical of German thoroughness. The emperor desires it to be truly representative of the modern might and greatness of the German empire.

Berlin expects within the next six years to have attained the proud eminence of being the continent's first capital in point of population and commercial and political importance, and will make most lavish arrangements for entertaining foreigners.

BAMBAATA'S BEHEADING.

Doctor Cut Head Off, Photographed It, Took It Back and Buried It.

London, July 17.—The correspondent at Pietermaritzburg of the Daily Telegraph gives to that paper this morning what purports to be the official story of the execution of Zulu Chief Bambata's body and its exhibition to the natives.

According to this version, rebel prisoners reported the death of the chief and guided a doctor and two natives to where the body was lying. The purpose of the body was to be a ghastly spectacle, decomposition having been begun and the stomach evidently had been opened by Bambata's men in order to allow the evil spirits to escape. In accordance with the superstitions of the natives, the doctor thereupon severed the head from the body and took it to headquarters, where it was identified, photographed and then returned and buried with the body. The correspondent denies that the head was exhibited.

HILL WILL FIGHT.

Objects to the Union Pacific Right-of-Way Into Seattle.

Seattle, Wash., July 17.—James J. Hill, president of the Great Northern railway system now on this coast on a tour of inspection, called before the corporation's committee of the city council this afternoon and protested against the route which had been selected by the Union Pacific railroad for its proposed entrance into this city. It was a representative meeting, all of the railroad, civic and manufacturing interests of the city being represented, and the objections raised by Mr. Hill and the talk he made were listened to with great attention. He stated very frankly to the council committee that he did not propose to oppose the entrance of the Harriman road into Seattle, giving as his reason that there was traffic enough for all, but that the route selected was objectionable to the interests represented by him, and that if the franchise as asked for was granted the grade crossings would give the rival corporation privileges which would always be a menace to the city. The Great Northern and Northern Pacific railroads. He addressed the committee for more than an hour, outlining the railroad situation in Seattle, and after pointing out what he considered a better route came out fortified and said if the franchise as proposed was granted he would contest the right of way in the courts.

CHICAGO LABOR UNION HOLDS GOSPEL MEETING.

Chicago, July 17.—Drums and flags drew a crowd of spectators last night to the strange labor union meeting here held in Chicago. Under an arch light at the corner of Thirty-ninth street and Cottage Grove avenue, union leaders alternately preached the gospel of socialism, sang "industrial" songs in rag time and collected contributions for the support of strikers while a hundred or more onlookers marvelled at the new methods of the Chicago Federation of Labor.

It was the first "gospel" meeting arranged by the labor forces of the city. Those in charge of the meeting afterward pronounced it a great success.

With the exception of the fact that the union singers experienced some competition from a Salvation Army band on the opposite corner, the labor crusaders suffered no interruption. The labor "Salvationists," however, took advantage of the pauses in the rival exercises.

Preceding the union "gospel" program was a street parade which transpired in the form of a procession led by a file and drum corps and the American flag. The marchers, after traversing the streets in the neighborhood of the meeting, returned to the hall.

OLD SORES OFTEN LEAD TO CANCER

Whenever a sore or ulcer does not heal and shows signs of becoming chronic, it should arouse suspicion, because many of these places lead to cancer. It may appear as an ordinary sore at first, and is given treatment as such, with some simple salve, wash or plaster, with the hope that the place will heal, but the real seat of the trouble is in the blood and cannot be reached by external remedies, and soon the sore will return. After awhile the deadly poison begins to eat into the surrounding flesh and the ulcer spreads rapidly, becoming more offensive and alarming until at last the sufferer finds he is afflicted with cancer. Cancerous ulcers often start from a boil, wart, mole or pimple, which has been bruised or roughly handled, showing that the taint is in the blood, perhaps inherited. Another cause for non-healing ulcers and sores is the remains of some constitutional disease or the effects of a long spell of sickness. S. S. S. goes down to the very root of the trouble and cures so thoroughly that there is never any sign of the trouble in after years. As soon as the system gets under the influence of S. S. S. the place begins to improve, the discharge gradually grows less, the inflammation leaves, the flesh resumes its healthy color, and soon the sore is well, because every vestige of the cause has been removed from the blood.
