INFORMATION WANTED.

L. L. Kattly of No. 12 Grove Place, Mauldin, Massachusetts, would be glad to hear from William Walker or his relatives who left Greenfield, Mass., for Salt Lake, about 32 years ago.

Antone Anderson of No. 19 Villa avenue, Everett, Massachusetts, would like to hear from his brother Joseph or his elsters, who came to Utah from Christiania about 13 years ago.

to whet the interest and add zest to the efforts to unearth something. While, as before stated, it is impossible to get 4284 exact figures, or for that matter, any information from those directly inter-436 enough is known to back the .betee statement that the Quincy is a magnificent property, and the surmise that it will not long remain off the dividend 15% Shipping of ore has been going on 3814 but a short time, but we learn that al-ready ten lots of 110 tons each have 231/2 been closed, and that at the present time a lot is being closed every other As good judges have given day their 8014 opinion that the ore will run \$100 to the ton, and is improving, a rough guess as to what the mine has already produced is readily arrived at. What will be done with the capital stock is also conjecture, but you cannot hear of any floating about or for sale. Again e take pleasure in congratulating the lucky and plucky owners; they are all Park City men and wealth could not be distributed in betters hands for the

of this mine furnish ample subject mat-ter, while the difficulty of obtaining

definite information from it seems but

good of the community. The Record stated last week that a deal was about closed granting an option on the West Ontarlo mining ground. The Herald a few days later denied in part the statement, but, as usual, the Record was right, for an option signed by all the interests ex-cept the Kimball estate interest, which is also promised if the deal proves successful, has been delivered to Mr Cox of Tennessee representing heirs of the John Farish estate. Se So. as hers of the John Farish estate. So, as stated, he has practically a full and clear option. Other parties were up from Sait Lake the first of the week for the purpose of securing an option on the ground, but were unsuccessful for the reasons above stated. So the Herald's statement to the effect that an "interested party who controlled one-ninth of the property refused to sign the option" is pure misrepresenta-tion as the party alluded to had already put his signature to the papers, and was in honor bound to let his in-

terest go if the deal went through The Bell Mining company advertises this week for bids for running 300 feet of a tunnel in their ground at Grantsof a tunnel in their ground at Granis-ville, Tooele county. The company has decided to go deeper, and that is the object of this tunnel. The tunnel in which they are now working is in 170 feet, the last seventy feet of which is in good second class ore. In run-ning this tunnel no less than a dozen ore chutes of a better class of mate-rial has been cut through demonrial has been cut through, demon-strating beyond a doubt that the ore body runs down.

It is said that several of the California miners came down yesterday and asked that they be paid their month's wages in stock of the company at 20 cents. It developed later that on Thursday night a chute of good shipping ore had been encoun-tered in the drift on the strike of the sixty-five feet above the lower

tunnel.

tunnel. It was reported yesterday, and the report is true, that the Quincy had raised the wages of its employes, and that hereafter muckers would receive \$2.75 per day, stopers \$3 and machine men \$3.25. This is the proper thing, and is speaks well for the mine man-

agement. ORE SHIPMENTS.

Following are the shipments of ore

ing recessions in the late dealings. The were on the market today. closing was moderately active and heavy, with net changes mixed. The Undine of Silver City reached the market today with a car of ore.

The Midland of Bingham reached the market today with two cars of ore. The Little Chief Mining company will

sink the shaft to the 800 level, or 200 feet below the present level.

Eight cars of ore were on the mar-ket today from the Grand Central of Tintic The Star Con treasury stock will not

he sold at present prices. Another shipment is expected in tomorrow, The Taylor-Brunton sompler reported fourteen cars of ore from Tintic, eight from Stockton and two from Bingham

pon, 118%; 5s registered and coupen, today. 110%. Engineer V. P. Strange returned from a visit to the Lower Mammoth last night quite well pleased with what he

saw. State Engineer Gemmell returned from Mercur last night after spending the past three weeks in examining the Con. Mercur for the Boston Exchange. Butte Mining World: The Boston & Montana company will pay a dividend on the 20th of \$5 regular, and an extra one of \$5, in all amounting to \$1,500,000.

Eureka Reporter: Mr. Farnsworth, who has charge of the work at the Beck, reports a continual improvement on the 700 and 900-foot levels, and two fine ore bodies have been opened up.

The Hawthorne (Nev.) Bulletin rep-resents H. A. Cohen, agent for Capt. De Lamar as saying that Tonapah gives promise of becoming a big camp. The report that an offer of \$300,000 had been made for the mines is not true.

Five cars of ore from the Red Wing of Bingham were sold Saturday afternoon on controls showing 42 per cent lead, 35.8 ounces silver and \$1.26 in gold per ton. The ore also carried an excess of iron of 14.1 per cent.

A dispatch from Colorado Springs states that there has been an over-issue of stock in the Goldstone Mining com-pany of 3,000,000. The notorious C. P. Bentley is said to have been secretary of the company when the over-issue was made.

Owing to the over-issue of stock by the secretaries of several mining com-panies, the Colorado Springs mining exhas insisted upon the registrachange tion of all stocks traded in upon the which will make further overissues impossible.

S. A. McLean, who is up from La Sal district, deplores the fact that Salt Lake people are letting the business of the promising camp be controlled by Denver men. The proposed electric rail.

If the stomach cannot digest enough food to keep the body strong, such a prepara-tion as Kodol Dyspepsia Cure should be used. It digests what you eat and simply can't help but do you good. F. C. Schramm.

Government bonds strong; ref. 2s reg [SPECIAL TO THE "NEWS."] and coupon, 1051/4; 3s registered and coupon, 1101/2; new 4s registered and Scofield, Utah, Feb. 11 .- The miners of Winter Quarters and Clear Creek. coupon, 18714: old 4s registered and couthe latter of those who are not working, seem determined to get Castle Gate Forty-seven more of the miners New York, Feb. 11 .-- Closing stocks: left here on the march at 10 o'clock a, m., these with thirteen, who went on the morning train for Castle Gate, Atchison 56; do. preferred 89½; A. S. & W. 53½; do. preferred 94; American Tobacco 1174; American Tin Plate 65%; do. preferred 93; American Steel Hoop 32½; do. preferred 76½; B. R. T. 78; making another delegation of sixty in number.

At a mass meeting of the Castle Gate miners held yesterday in the Knights' hall at that camp it was decided by an overwhelming majority that the Castle Gate miners would not go out on strike. This action taken last night practically settles the question. If the men had decided to walk out in that camp the aspect of the strike would have assumed grave proportions; now that they have decided to continue working the men from Winter Quarters feel that they will have to fight their battle out alone and unaided. It was hoped by the strikers that Castle Gate would come out in their favor, for then they argued that Sunnyside would fall into line and they would have the Pleasant Valley Coal company just where they wanted them

Yesterday there was no work at the Castle Gate mine and the strikers from Scofield, who have been marching up and down the road adjacent to the camp for some days past with the hope that they could enlist the sympathy of the miners, made it known that if they could get the hall in the camp and tell the miners their grievances that they would ablde by the vote of the mass meeting. If it was the sense expressed by the miners that they would not go out on strike then the men said they would leave the camp and cease their efforts in the direction of inducing the men to come out in sympathy. The company thought that this action would be the solution of the trouble and accordingly let the strikers have the hall. When the meeting was called to order at seven o'clock the house was packed to its limit and the Scofield contingent was given all the time they wanted for the presentation of their case. Thomas Bell, Messrs. Mycherley and Samuels and an Italian addressed those present and told them of the condition of things at Winter Quarters and Clear Creek prior to the strike. The speakers were listened to attentively and were frequently interrupted with rounds of ap-plause. After the men had presented plause. After the men had presented their side of the case the matter of the advisability of going out on strike was warmly debated pro and con for the space of an hour and a half, after which it was put to the vote with the result that 325 present vote with against walking out, while the re-maining 75 went on record as being in favor of striking. This vote practical-ly settled the question and the strikers will return to Scofield without having accomplished their purpose.

MEETING AT CLEAR CREEK. While the meeting was in progress at At the meeting for tomorrow night the question of mine weights and measures will also receive attention.
