IN another column we print an account of an interview with Elder Sila's S. Smith, which appears in the Denver | tective tariff formerly in operation Tribune. Brother Smith is a gentleman well known in these parts, and we believe his word will be relied upon by have the pleasure of his acquaintance.

We allude again to the subject of the movement in aid of the San Luis Valley apostates, because it has been agitated in this city in a public meeting, where the utterances of the DESERET NEws were commented upon. At the Federal Court House on Saturday evening, a small assembly discussed the question, and was addressed by Miss Kate Field, who has taken an in-terest in the people alleged to be sur-fering for necessaries in Conejos Coun-ty, Colorado. The lady referred to this paper as though our remarks were ap-plied to her, personally. This was a instake. We had no thought of allud-ing to her in connection with this ques-tion and do not doubt for a moment her announced willingness to lend her influence in aid of suffering humanity. Miss Field read at the meeting a cer-tificate given to all the Elders sent on missions, certifying that he was "in the to those given to all the Elders sent on missions, certifying that he was "in the to the composite with this ques-tion and do not doubt for a moment her announced willingness to lend her influence in aid of suffering humanity. The Bishops merely tall the people to go to the polls quiet-y' and in order, to vote as they please, but do not wrangle over politi-cal questions. We do not hold it to be a matter of fellowship as to how we vote, as asserted in the *Tribune* article. Ball said in that legter that 'President Smith received \$000 for the settlement vote, in 1868.' It is an infanous false-hood. I never took any side in the campaign."
