Overtures for Settlement of Dif-

Petersburg, July 17 .- The Associated Press is authoritatively informed that since the outbrenk of the war Wither Russia nor Great Britain has Betther Russia nor Great Britain has proposed negotiations looking to the ettlement of pending questions be-tween the two countries, and that con-nequently the report that Russia had rejected any overtures by Great Brit-ah in this direction is a mistake. The important fact, however, has de-veloped from the investigations made by the Associated Press, that prior to the subreak of hostilities tentative ne-soliations for the adjustment of long-

gonations for the adjustment of long-standing differences between the two countries had actually begun, but when itent Britain's ally became involved in h Russia, the impropriety of the negotiations was recogtized by both parties, and by mutual it they were adjourned. This investigation was ordered by President Roosevelt, it is stated. The resignation of Lieut. Haight is believed to be the result of the trouble created over the Eighth Illinols, a negro regiment of Chicago, which was originally assigned to the regular mili-tary camp at the fair. Sakharoff's report which brings the sit-uation up to July 15, does not mention the Japanese from the coast town of Huantichan between Yinkow and Kal-chou. On the other hand, according to Gen. Sakharoff, the advance to To Tche Kiao is continuing leisurely. The Japa-nese advance parties apparently are re-tiring southeastward to Ta Tche Kiao, while strong parties are entrenching be-tween Fenshui and Motien passes. A special dispatch from Liao Yang, the date of which is doubtful, though seemingly about contemporaneous with Lieut.-Gen. Sakharoff's report, says: "A British gunboat appeared off Yin-kow July 15. The commander wanted to enter the port to guard the interests of the British residents in view of the probability that the town may be shortly occupied by the Japanese. "Sivouch hoisted a battle flag, went out and requested the British vessel to draw off, which it did. It is reported the gunboat returned later with two other vessels. any concessions the packers say, and that is certain, the packers say, and that is that they will not recede from the position they assumed last week and that the strikers will have to con-form to the employers' ultimatum be-fore any further peace plans looking to a settlement by arbitration will be successful. To add to the packers' determination to stand firm is the fact that they have steadily increased their working force at the plants until to-day it was said that things were in almost normal condition at several plants. Under these conditions the packers have assumed a more inde-pendent attitude and are more de-termined tonight than ever that they and not the strikers shall dictate the terms on which the controversy shall The enemy is continuing the ad-

JUDGE McKOON DISAPPEARS.

May Have Been Kidnapped by New York Rasiulis.

The point to the whole question of arbitration is the re-instatement of the strikers. Mr. Donnelly, yesterday, waived every other demand he had made, and agreed to order the men back to work, leaving the adjustment of all differences to arbitration, if the employers would take back all the strikers in, a body. This the packers refused to do, maintaining that they had many new men since the strike be-gan whom they could not discharge. They promised, however, to take back the old employees as rapidly as possible New York Rasiulis. New York, July 17.—Judge Donnis Daniel McKoon, a New York lawyer, has disappeared and the police have been notified by T. W. Darby, a friend and business associate, that he was kidnapped in lower Broadway shortly before noon on Friday last and is now being held for ransom. Letters have been received from Judge McKoon, Mr. Darby says, asking that \$5,000 demanded for his release be paid. According to these letters, Judge McKoon, who is 76 years old, met three met who had arranged a business ap-pointment on Friday, and they took him to a house, the location of which was unknown to him, where he was kept a prisoner. The letters be wrote, he would throw out of a window to a boy who was passing. Capt, Langan of the detective bureau, said today that
