If the Bingham company is not dis and one of its conditions requires the erection and operation within that time posed to take up the minority stock, it is desired by the owners of it to have a representation of at least one member on the board of directors, and their choice is Mr. Wilson, whom, they say, 20-stamp mill and cyanide annex. This improvement is regarded as justifiable, because there is enough ore on the dump and in sight, to pay the expense of erecting three such mills. The ore, which has previously been described in these columns is high grade, carrying values from \$40 to \$1017 will work in harmony with the majority in matters that will benefit all shareholders alike. The committee selected to present the per ton. As general average of the vein is said to give assay results of \$288 in grievances to the majority, waited up-on Acting Manager H. H. ### WINNEMUCK MILL.

#### Bingham Plant Will Soon be Brought Up To Full Capacity.

Secy. Henry Caltrow of the Ohlo Copper company came in from Bingham last night after watching the performance of the Winnemuck mill for a day The plant, said Mr. Caitrow today, has started off splendidly and with a few more minor adjustments will soon be brought up to its full capacity of 150 tons per day. Owing to the delays in getting 'the plant started the ore bins, both at the

## DALY-JUDGE CAMPAIGN.

#### Mill Will be Closed Down the Last of This Week.

President John J. Daly, of the Daly-Judge Mining company, returned from Park City last night where he went on trip of inspection and to install John Monorely as foreman. Mr. Daly said today that everything would be pretty well cleaned up by the end of the present month when the

proposed campaign of development will commence in earnest. The mill will be closed at the end of the present week and the forces reduced to meet the requirments.

Een D. Luce departed yesterday for Parker, Kansas, where he was called on account of the serious illness of his father, who recently suffered a stroke of paralysis.

Unable up to date to effect a satisfactory agreement with the existing smelters in the way of treatment charges, the Mammoth Mining company, according to President Samuel McIntyre, pro-poses to build a smelter in the Tintic district.

The leasers who recently went to work on the Boston & Tintic property in Tintic are reported to have encoun-tered some good ore after doing about 40 feet of exploratory work. Two as-says showed values of \$2.40 gold, 15.8 ounces silver and \$1.20 gold, 86.7 ounces silver and 14 per cent lead, respective-19.

Tony Jacobson expects to go to Park City next Saturday and while there will look over the old Weber-Kearns with a view of purchasing it for mill the Columbus Consolidated. If he concludes to take the plant it will be moved over to Alta. The mill is said to be in good condition and is believed to be suited to the ore of the Columbus.

J. B. Eldredge, manager of the Independence at Big Creek, is expecting to hear soon of important developments on the great property. A tunnel is being driven this winter 3,000 feet north of the one by which the mammoth vein has been cross-cut. This tunnel is expected to reach the vein shortly, and it is anticipated the developments will be interesting.-Boise Statesman.

The annual meeting of the stockholders of the Blackbird Copper Mining company is in session at the company's offices in the Commercial club building this afternoon.

The special stockholders' meeting of the Copper Mountain Mining and Milling company is scheduled for next Thursday at which time a ratification of the bond and lease given recently to W. J. Bowring will no doubt be made.

The current issue of the Engineering and Mining Journal contains an article from the pen of M. S. Duffield, treat-ing on the "Outlook for mining in the new territory opened up by the San Pedro, Los Angeles & Salt Lake railroad

Frank B. Cook returned from a trip to Stateline this morning where he spent several days on business.

Ben T. Lloyd, manager of the Copper Ranch properties in Beaver county, re-turned yesterday from camp well pleased with the progress of development work thre. The showing of copper ore at Jewel Mound is reported to be most gratifying.
