LAST NIGHT'S NEWS.

Erastus Winan of New York Favors a Commercial Union With Canada.

General Harrison Makes Another Speech, Reiterating His Tariff Views.

Some Warmth of Feeling Engendered by a Debate in the Senate.

Debate in the House of Representatives on the Retaliation Bill.

By Telegraph to the NEWS.]

Republicans of New Hampshire.

CONCORD, N. H., Sept. 4—The republican state convention nominated Goodell for governor.

The platform endorses the national republican platform and its candidates and declares that the American doctrine of protection should be defended against the assaults of free trade at home and abroad. We invite the cooperation of all who believe in the enactment of laws for the protection of our industries from competition incident to the free importation of the products of pauper labor of the old world, of our laborers from the unjust exactions of employers, our property owners from attacks of anarchy and communism and of all classes from the evils of immorality and illiteracy.

There were nine votes more cast than there were delegates and hence no choice, but a large sensation. The seventh ballot was at once taken with this result: Whole number, 600; necessary to a choice, 301; Spaulding, 1; Smith, 177; Melcher, 22; Tuttle, 205; Goodell, 355. Goodell was declared nominated.

Connecticut Democrats.

NEW HAVEN, Conn., Sept. 4—The democratic state convention was called to order by Chairman Daly of the state central committee.

Congressman R. J. Vance was made chairman. The usual committees were appointed.

The platform endorses the President and his tariff message in particular; congratulates the democrats of the House upon the passage of the Mills bill, denounces any duty upon raw material as a burden upon both the manufacturer and consumer, devotes an entire plank to the evils of the duty on wool and endorses the President for "placing the commercial relations of the people of the United States and Canada upon an equality."

The name of Hon. Luzon B. Morris was presented for governor. The ballot resulted in his nomination.

Senator Kirkham of Newington was nominated for Lieutenant-Governor, Henry Bishop for Secretary of State, James G. Martin for treasurer, Nicholas Staub, Comptroller. Electors-at-large A. E. Burr of Hartford and E. B. Manning of Meriden.

The Vermont Election.

BURLINGTON, Vermont, Sept. 4—Indications point to the largest vote ever cast here. Reports from the country towns point to the largest vote ever cast in the State. Dillingham and Woodbury probably have over 25,000 majority. The weather is fine all over the State.

WHITE RIVER JUNCTION, Vt., Sept. 4.—Returns from 105 towns give Dillingham (Rep.), 25,375; Shurtleff (Dem.), 9849; Seeley (Prohib.), 615; scattering, 8. The same towns in 1884 gave Pengree (Rep.), 22,166; Redington (Dem.), 9499; Stone (Prohib.) and scattering, 472. The gains over the vote of 1884 are: Republican, 3209; Democratic, 350; Prohibition, 151. Net republican gain over democratic vote, 2859; over all, 2708.

In 123 towns the republican plurality over the democratic vote is 18,151, a majority over all of 17,495. About two-thirds of the whole vote is thus far received. If the same relative gain is maintained in the remaining towns the republican majority will be about 28,000, or the largest since the war.

BURLINGTON, Vt., Sept. 4—The returns from the state elections are coming in slowly, but the reports from the different counties show a majority of 26,000 for Dillingham (Rep.), for governor, over Shurtleff (Dem.), and Seeley (Prohib.). Some republican leaders claim as high as 28,000.

Congressmen Stewart and Grant are elected by increased majorities.

Speech by Blaine.

FARMINGTON, Me., Sept. 4—Hon. James G. Blaine addressed an audience here today, speaking principally on the tariff. Alluding to the prohibition question he said:

Maine for the last 37 years has been under prohibitory law, but we have a party now coming in and telling us in effect that Maine had better not pay attention to prohibition until we can organize a national party, and we can suspend temperance in Maine practically until we can convert Texas and Alabama. That is precisely what this national party means for those who frankly avow that they intend to defeat the republican party and bring the democratic party in power. The temperance movement and this prohibition party outside of prohibition is entering into partnership with the democratic party to defeat the republicans if that were possible. The prohibitionists will try to elect that saintly embodiment of prohibition and temperance—David B. Hill—governor of New York, and all over the country they will attempt to stab the republican party in the back. They say that the democratic party shall be brought into power, and then there will be a reaction against the democrats, and by some political process of which the workings are not yet apparent, the national prohibitionists will come into power. Fellow citizens and republicans of Maine, I have worked many years for temperance reform and I will not turn back from the good cause.

Colorado Republicans.

DENVER, Sept. 4.—The republican state convention was called to order at 10:30 today. Ex-Governor Routt was made permanent chairman. At the afternoon session Hosea Townsend, of Custer County, was nominated for Congress.

Ex-Senator Tabor, Dr. David Moore, W. J. A. Cooper, Wolfe Londoner and Neill Meldmon were presented to the convention for nomination for governor.

Recess till 8:30.

The convention adjourned till 10 o'clock tomorrow.

Judge Thurman.

COLUMBUS, Sept. 4.—Judge Thurman left for New York.

SPEECH BY HARRISON.

He Treats the Leading Campaign Issues.

DEFIANCE, Ohio, Sept. 4.—The train stopped at White House, Liberty and Napoleon, small villages, where several hundred people gathered to see him. He appeared and shook hands, but made no speeches.

After a number of stops at small places, the train pulled into Ft. Wayne at 1:45. Harrison was conducted to the public square, where a reception is being held.

The reception at Fort Wayne was cordial. After an enthusiastic demonstration at the depot General Harrison was escorted by Lieut.-Governor Robinson and other members of the reception committee to Hamilton, where a stand had been erected and a large crowd greeted the distinguished guest. General Harrison spoke as follows:

My Friends:—I am glad to know that the people are moved to a thoughtful consideration of those questions which are this year presented for their determination. Under a government like ours it is of the first importance that every man who votes should have some reason for his vote. I think it is universally conceded by the democrats as well as the republicans that the questions involved in this campaign do have a very direct bearing upon national prosperity and upon the prosperity and welfare of the individual citizen. I think it is conceded that the result of this election will effect beneficially or injuriously our great manufacturing interests, and will effect for weal or woe the workingmen and workingwomen who fill these busy hives. I want to call your attention to a few

GENERAL FACTS

and principles. The condition of the wage workers of America is better than that of the wage workers of any country in the world. If that be true, it is important that you should each find out why that is so, so that each one of you should determine for himself what effect the protective tariff has and is likely to have on his wages and property. Does it need to be demonstrated that if we reduce our tariff to a revenue level, if we abolish from it every consideration of protection, more goods will come from abroad than do now and what is a necessary effect the transfer to foreign shops of work that you need here? It is to diminish American production and increase English production, that is to be the effect of it. It is not worth while to stand upon nice definitions as to free trade. Some think it enough to say that they are not free traders because they are not in favor of abolishing all custom duties. Let me remind such that the free trade countries of Europe, acknowledged to be such, have not abolished all custom duties. A better distinction is this. The free trader believes in levying custom duties without any regard to the effect of those duties upon the wages of our working people or the production of our shops. This is then the issue. Take it to your homes. There are many confusing and contradictory statements made in the public press and by public speakers. Ask any of those who assail our protective system whether they do not believe that if their policy is adopted a larger amount of

FOREIGN-MADE GOODS

will come into the country. It is their purpose to increase importation in order to cheapen prices. I think I may safely ask you to consider the question whether this cheapening of prices, which they seem to regard as the highest attainment of statesmanship, is consistent with the rate of wages our working people now enjoy, and whether it will not be involved if we allow foreign competition. Do you believe for one moment that two factories making the same product can be maintained in competition where one pays 33 cents more to its workingmen than the other? Is it not certain that wages must be equalized in those competing establishments or the one paying the highest wages must shut down? May I not appeal to you to review these questions and consider them anew in the light of all the information that is accessible to you? If you shall do that I do not doubt that the working people of this country will this November forever settle the question that American custom duties shall by intention and by forethought have regard to the wages of our working people."

The General then took a position on the step of the pavilion and shook hands with the 2000 or 3000 present.

Speeches were made at Huntington, Peru, Kokomo and other places.

Upon the arrival at the Union depot in Indianapolis, it seemed as if the whole neighborhood had come out to welcome the General's return. For squares the crowd was almost impenetrable. The escort from the depot to the General's residence consisted of the Columbia Club, the Railroad Men's Republican Club, about 800 strong, and about 2000 veterans, who sang "Marching Through Georgia" and other war songs as they passed up Pennsylvania Avenue. It was 9:30 o'clock when the column arrived at General Harrison's house. Standing in the carriage and surrounded by thousands, the General said:

My friends:—Most gratefully I acknowledge the affectionate interest which has been shown tonight by my old comrades of the war. I am glad to know that in this veteran organization there are many who have differed with me in political opinion, but who are drawn in this campaign by a sense of our common interest to cast their influence with us. With my overwhelming sense of inability to respond fittingly to your cordiality and kindness, I can only thank you once more and bid you good night.

Target Practice.

FORT NIAGARA, N. Y., Sept. 4.—There was a brisk wind this morning and some good scores were made. Corporal Heckman, of Fort Porter, made 179 out of a possible 200, at the 200, 300, 500 and 600 yards range, or two points less than the army record. For the three days' shooting, Captain Hamburg, Twenty-third Infantry, stands first, with 461; Lieutenant Dunn, Third Artillery, second, with 436; and Private Noon, Eleventh Infantry, third, with 431.

Prize Fight Arranged For.

NEW YORK, Sept. 4.—Today the backers of Jack McAuliffe and Billy Daily met the principals to arrange a match. Jack McAuliffe was eager to ratify the match to fight at 133 pounds for $1000 in four weeks. Daily and his backers objected to the fight coming off inside of eight weeks. McAuliffe finally agreed to fight in six weeks. Articles of agreement to fight were then signed and $500 posted. The protocol calls for the men to battle in the last week in October, within 300 miles of this city for $1000, the *Police Gazette* diamond belt and the lightweight championship of America. The men are to weigh 133 pounds, the place to be selected by the stakeholder twelve hours before entering the ring. The final deposits are to be placed in October, when the referee is to be selected.

The Ohio Centennial.

COLUMBUS, Ohio, Sept. 4.—The immense amphitheater in which the exercises were held was crowded when Governor Foraker began the exercises by singing the Doxology, the large audience being led by a well trained chorus of 1450 children. The first chorus was a centennial song which gave an account of the prosperity of the state and the nation. Director-General Hurst then presented the work of the centennial commission to Governor Foraker, who in a strong speech presented it to the public. Hon. Coates Kinney, the author of the well-known "Rain on the Roof," read the centennial ode which considered the past hundred years of labor, knowledge, freedom and peace and was full of good points. Mrs. Governor Foraker touched the electric button and started the machinery, and the Ohio Centennial was under way.

Yellow Fever.

PHILADELPHIA, Sept 4.—The schooner *Abel Thackara* from Havana reached the Delaware Breakwater yesterday with several cases of yellow fever on board. Two sailors died several days ago. The vessel was removed to United States quarantine.

JACKSONVILLE, Fla., Sept. 4.—Seventeen new cases were reported at noon today. Nold ates: Representatives of the board of health and the Citizens' Association are now leaving for Camp Perry to confer with Surgeon-General Hamilton, when it is hoped plans for depopulating the city will be perfected.

JACKSONVILLE, Sept. 4.—The official bulletin this afternoon reports forty-three new cases and one death. Tomorrow a special Citizens' Sanitary Association committee will begin a census, looking to a systematic depopulation of the city.

Commercial Union.

ST. THOMAS, Ont., Sep. 4.—At a Harvest Home under the auspices of the East Elgin Farmers' Institute of Port Stanley today, Erastus Winan of New York, spoke in favor of closer commercial relations between Canada and the United States. He said the fact that Canada was part of the British empire enabled the politicians bidding for the Irish vote to use the questions involved for party purposes, but even this was not an unmixed evil, if it raised the consideration of the question of the relations of the two countries from that of indifference to one of prime importance. Diplomacy had failed to settle the fishery puzzle and retaliation would fail equally to settle this dispute or readjust the transportation question. The practical way is to unite the two countries commercially. This, it is claimed, can be done by enacting a uniform tariff, and instead of having the customs line running athwart the continent, it should be lifted up and put around the continent.

Monuments at Gettysburg.

GETTYSBURG, Pa., Sept. 4.—New York dedicated three monuments today. That of the One Hundred and Eighth Regiment at Zeigler's grove represents a clover leaf with the recumbent figure of a soldier cut on it. The monument of the One Hundred and Fourth Regiment on Reynolds' Avenue was dedicated at 3 o'clock. The monument is a plain one suitably inscribed, but has a massive appearance. The monument of the One Hundred and Twenty-Third Regiment on Culp's Hill was presented to the association. The monument is an exceedingly fine one, twenty feet high, surmounted by a life-size figure of History, similar to the one on the National monument in the Soldiers' Cemetery.

The Pope.

LONDON, Sept. 4.—The *Chronicle's* Rome correspondent says: King Leopold, through Cardinal Schreffino, has offered the Pope a residence in Belgium in the event of the necessity arriving for him to leave Rome. The Pope has had several audiences with the Russian envoy and is completely concordant with the Czar in giving a large share of religious liberty to Polish and Russian Catholics.

Politics in France.

PARIS, Sept. 4.—M. Ferry, in a speech at Remiremont, admitted that the next general election would be a struggle between the republic and everything anti-republican—monarchy, empire and dictatorship. He said he was in favor of returning to the former method of voting, but it would depend more on the union among the republicans to defeat the Boulangerists.

Capital Notes.

WASHINGTON, Sept. 4.—The President sent the following nomination to the Senate:

Charles E. Boyle, of Pennsylvania, to be chief justice of the supreme court of the Territory of Washington.

The Secretary of the Treasury today directed the forfeiture of the contract with E. F. Goebel of Chicago for the construction of the postoffice building at Brooklyn and the forfeiture also of $1000 which accompanied his bid. This action is based on the failure of the contractor to furnish security in the sum of $100,000 for the performance of the work.

CONFIRMATIONS.

Thos. McCuniff of Colorado, Indian agent for the Southern Utes.

Speech by Gladstone.

LONDON, Sept. 4.—Gladstone in a speech at Wrexham today said the *Times* had done him an unexampled compliment in answering a speech not yet delivered. He had no wish to interfere with the natural and legitimate performance of the *Times* in throwing dirt upon him. He remained strong in the opinion that the criticisms of a man's enemies were of more value than the cheers of friends. He maintained the truth of his former statement that he had seen political prisoners in Naples treated better than were the imprisoned Irish members of Parliament. It had not been denied that some of the Parnellites had broken the law but the framers and administrators of that law were more guilty than the Parnellite offenders. He would not say that imprisonment had killed Mandeville, yet he declared Mandeville was used in a manner that disgraced the Irish government, and any government in the world would be disgraced that did the like. While on the subject of the treatment of political offenders he observed that it was seldom he was able to speak with satisfaction of the policy of Austria, but he had learned with the greatest satisfaction that Austria had given liberal home rule to the Galician Poles, and in that respect she was far ahead of England. Referring to the Welsh sympathy with the Parnellites, he said the people of Wales would not be losers by the present agitation. They would find that the Scotch who were a determined people, were with them when there came a demand for Welsh questions.

BRIEF TELEGRAMS.

Paris, Sept. 4.—*La France* denies that Boulanger has gone to Germany.

St. Johnsbury, Vermont, Sept. 4.—This morning the gang work on the new highway embankment fell. Three were killed and several were wounded.

Niagara Falls, N. Y., Sept. 4.—Two bodies have been seen in the whirlpool today which are supposed to be the remains of William Robinson and Harry R. Wilson. The former was found near the whirlpool this morning.

Louisville, Sept. 4.—Sam Scanlon, an ex fireman, today shot his wife three times and himself once. It is thought both will die. Scanlon had been on a continuous spree since his brother, Jim Scanlon, the race course sport, was killed in St. Paul, about a month ago.

PERSONAL.

Mr. N. H. Frohlichstein, of Mobile, Ala., writes: I take great pleasure in recommending Dr. King's New Discovery for Consumption, having used it for a severe attack of Bronchitis and Catarrh. It gave me instant relief and entirely cured me and I have not been afflicted since. I also beg to state that I had tried other remedies with no good result. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend.

Dr. King's New Discovery for Consumption, Coughs and Colds, is sold on a positive guarantee.

A MINISTER'S STATEMENT.

I Expect to be Believed in all I am about to say—I write for the good of others.

"I am now at an age when a man should speak words of truth and soberness, having reached the alloted term of three score years and ten, and having devoted my time in the pulpit impressing lessons of wisdom to my fellows. Mine is a common story of physical suffering and how I was delivered from it; and my desire is to mention the facts as though no one were interested save myself and those who may read these lines. I was long troubled with a stubborn affection of the kidneys and bladder. I had painful gravel deposits, and at times enlargement of the prostrate gland. Despite all the professional help I could get I grew steadily worse. In this extremity I first learned of Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y. I took the wise course. I privately inquired into Dr. Kennedy's personal character and professional standing at his home in Rondout, N. Y. The result was more than satisfactory. I discovered him to be a highly educated and experienced physician and surgeon, respected and trusted at home and abroad—a man whose career has been a long and open success. I bought a bottle, however (the price being only $1.00,) taking nobody into my confidence. The good effects cheered and emboldened me. I bought another, following the clear directions; and now I want to make known the good it has done me. The disease has relaxed its hold and I look forward to spending the balance of my life free from bodily torture, and with a heart grateful for the medicine which affords me so pleasant a prospect." Rev. S. U. Chandler, Lebanon Springs, N. Y.

Brought to Light.

The recent chemical investigations made by the National Food Analysts have brought to light one fact which will be of special interest to house-keepers—that the Cream of Tartar used by the Price Baking Powder Company is the purest made in the world. The crystals are from the finest grapes, imported direct from the vineyards of France, and when freed from all impurities, used by them in the manufacture of the celebrated Dr. Price's Cream Baking Powder.

Dr. Price's Cream Baking Powder and Flavoring Extracts are used by the United States Government.

IDEAL BROILING.

Broiling can be done in the oven of the Charter Oak Range or Stove with the Wire Gauze Oven Door, more perfectly than over the live coals.

Let the steak, chops, ham or fish on a wire broiler or meat rack, placing it in an ordinary bake pan to catch the drippings.

Allow it to remain in the oven with the door closed 15 or 20 minutes. Not turning is required. At the end of this time it will be found nicely cooked ready to serve.

THIS IS THE IDEAL WAY TO BROIL MEATS

There is no taint of coal gas or smoke and the meats are more tender and better in flavor than those broiled over live coals. The convenience of broiling in the oven will be appreciated by every House keeper, and adds another to the many reasons why the Charter Oak Range or Stove with the Wire Gauze Oven Door should be preferred to all others now in the market.
