FUSION CAINING

[SPECIAL TO THE "NEWS."] Pocatello, Idaho, July 21.-The indica tions now are that the proposed fusion between the three silver parties will be effected. The Populists, after an exciting session this morning, in-structed their conference committee to meet again with the others, though the meet again with the others, though the ultimatum was not rescinded. When the Democratic convention met, its committee had offered an apportion-ment of officers which the Popullats re-jected. The convention instructed the committee to stand pat. The Popullats demand two more places, but have abandoned the plan to secure control of the State boards. It seems that the more radical ele-ment among the Populists is in the sad-dle just now; but as soon as conservat-ism again has sway there will be fewer obstacles in the way of fusion.

Director W. G. Cragun writes from Utah Hot Springs, July 7, 1900, as foi-lows: "I am pleased to hear that things are moving along smoothly for a good fair this fall. I am doing all I can in this vicinity. I have distri-buted the premium lists sent, and can use a few more to advantage. Every-things looks bright for a wonderful dis-play of fruit this fall. The fruit crop is very heavy and the outlook is that it will be of good quali-ty where the water supply keeps up. While the fruit crop is heavy all over the country still the demand so far has been heavy so we are hoping for a good season all around."

In case of a tie, the ownership of the dictionary shall be settled by lot. The guesses will be recorded daily, in the order in which they are received.
