Mr. James Charlton is the General Passenger and Ticket Agent at Chicago, and passengers who may make his acquaintance will find him a courteous gentleman, admirably fitted for the position which he holds cially when frequently used, from those and a thoroughly experienced railroad man. We can speak understandingly of this road, for we have traveled over it, and know it to be all it is represented. As the season for visiting the east has again arrived, our citizens will do well to bear the name of this road in mind. Should they desire to go from Kansas City or St. Louis and intermediate points to Chicago, they will find it to their advantage to go by this line.

LEFT.-We learn, from the Junction, of yesterday, that Bishop Lester J. Herrick intended leaving Ogden this morning, on his way to England, to which country he was appointed to go on a mission, at the late Conference. He purposes visiting cannot be made without a still larger list the States, and reaching New York in time to cross the Atlantic in company with the balance of the missionaries.

DOING WELL.-Mr. John Gerber, of West Jordan, who had a portion of his right hand shot away last Thursday while he was engaged in duck shooting, called at our Office to-day. On the day on which the accident occurred Dr. Anderson amputated the first enger, between the middle and first joint and the second finger at the middle joint and extracted some shattered pieces of bone from the little finger. The hand is healing up as fast as could reasonably be expected.

NOT QUITE CORRECT.-Mrs. E. W. Condie, the lady who picked up the child in the Sixth Ward as the U.S. train was proceeding southward on Monday, as stated in yesterday's NEWS, tells us that our informant was somewhat inaccurate in his statement. The child was not asleep upon two dollars a name, will receive a sewing but had just crossed the track as the train | machine valued at seventy-five to ninety came along, and she picked the little one up in case it should re-cross and get run over. The child's mother had been absent only a few minutes.

THE WOMAN'S EXPONENT for April 15 is to hand. While it might be printed a little better, it is as full of interesting matter as an egg is full of meat. The editor says:

"Two numbers after the present will close the first year of the Woman's Exponent. So far its success has been gratifying, the subscription list having grown encouragingly through the assistance of the friends of the paper in different parts of the Territory. Yet it is desirable that it should be still more widely read; and improvements which we have contemplated making in it a number of his relatives and friends in of subscribers. We would like to see the printing of the Exponent done in an office owned by and used for itself, supplied with all the necessary appliances; where young women could learn the "art preservative" -printing-and qualify themselves for some other of the duties and employments referred to by President Young at Conference. But a printing office, to be self-sustaining, in connection with the Exponent, would require to do more work than this 7th: paper now demands, and a larger amount of capital. We therefore ask the ladies throughout the Territory to kindly use their endeavors to send in clubs before the 1st of June, for the second volume of the Exponent; so that the paper may commence its second year with increased patronage, in every sense self-sustaining and capable of accomplishing more good than it is at present; and with brightened prospects for the future. A list of premiums will be found on the last page of the paper; and to all the citizens of the Territory to use that list we would add, that any person, or Society, sending in a hundred names, with dollars, as we can make arrangements. The healthy altitude of our mountain home and our free access to an abundance of fresh air will undoubtedly render the effects of the disease less fatal than in the densely populated cities of the Old World. Yet it is the manifest duty of every means in their power to guard against this contagious disease and, at the same time, prevent any unnecessary alarm.

"For want of a correct understanding of the nature and unmistakable symptoms that attend smallpox, many are liable to be misled, and treat the real disease with indifference, or, through false alarm, "We would like to receive club-lists as spread excitement through an entire settlement.

FROM ENGLAND -We have been permitted to peruse a lette just received by Bro. Robert L. Campbell from Elder H. S. Gow. ans, now on a mission in England. From i we learn that the writer, on reaching England, was appointed to the presidency of the Bradfordshire Conference, in place of Elder J.V. Robinson, who was released to return to Utah, on account of ill health. The health of Elder Gowans is excellent and he feels well in performing the labors of his mission. Towards the conclusion of the letter he expresses himself as follows:

"I never realized the extent of the blessings enjoyed by the Saints in Utah till came on this mission, notwithstanding that I was raised in the old country. I regret to think, when I look back, that I did not strive to render more assistance towards gathering the poor. However, I trust my present experience will be profitable to me in this direction in the future."

A NEW POSTOFFICE. - A postoffice master.

SCARCE.—The scarcity of good butter in this market, situated in a superior agricultural and stock raising country, is something surprising. A good article is being sold at fifty cents a pound.

DEAD. - Another child of Mr. James Bourne died of smallpox to-day. This is the third death within the last two weeks in Mr. Bourne's family by this disease-his The complaint in the case was made by wife and two children. Another of his children is now down with the disease.

> MULE STEALING .- Last night a man named Smith was brought from Little Cottonwood by G. L. Turner, and lodged in jail, for present safe keeping, there being a charge against him for stealing mules. The case was to be heard this afternoon, before Justice Clinton.

> JUDGE EMERSON .- This gentleman appeared in the Third District Court this morning, and the oath of office was administered to him by Chief Justice James Associate Justice of the Supreme Courtof the Territory.
