Dear Sirs,---In reply to your favor I would state that I have used the Putnam Nail for several years, and have advised my friends to use it only. It is hardly necessary for me to add

that I prefer it to all others.

The Putnam Nail enjoys the distinction of being the only Hut-Forged and Hammer-Pointed nail made by machinery, and which imitates the old hand process.

ROBERT BONNER INSISTS ON ITS USE.

All others are COLD ROLLED and SHEARED, as an examination of their edges near the point will show, and are liable to SPLIT or SLIVER in driving, to injure and perhaps kill the horse.
