

CAR BUILDERS GETTING SCARED

Fear That Railroads Will Build Their Own Cars Causes New Activity.

DELIVERED 9,000 IN MARCH.

Local Movement to Establish Car Building Plant Doubtless Helped To Rush Matters.

Some time ago the car builders of the country gave out notice that no more orders for cars would be accepted for earlier delivery than midsummer of 1908. Delayed delivery of equipment ordered previous to that time had become very aggravating to railroad managers throughout the country, especially at the time when such a car shortage existed and when the shippers from east to west were bitterly complaining that the roads would not handle their products. This condition of affairs so aroused the railroads that many of them began to make preparations to erect plants to build their own equipment, such a movement taking definite shape in Salt Lake last winter, when a \$10,000,000 company was organized to establish a car manufacturing plant at some convenient western point for the benefit of lines doing business west of the Mississippi river.

Although no steps have been taken to carry out this purpose, as far as is locally known, the movement made the car builders increase their work, and the company have seriously considered the proposition of having their own plants in readiness for use next year.

ORDERS ON HAND.

The carbuilding industry is largely in the hands of the American Car & Foundry company. This company reports orders on the books for 50,575 cars of all descriptions for every three years. The company delivered 9,000 cars, freight and passenger and mail, during March. At the various plants during the year the company will build for export 1,000 freight cars for the Italian government lines; 75 passenger, mail and baggage cars for the Cordova Central; 21 passenger cars for the Guayaquil and Cuito line; and 75 passenger cars for other South American lines; 200 freight cars for the Cordova Central; 1,000 freight cars for the Southern Manchuria lines. The London underground railway has already ordered 125 passenger cars for use in the new tube.

The Gould lines have placed orders for 11,000 cars and the Harriman lines are having 6,000 new refrigerator cars built. The Frisco system has placed orders for 6,000 cars and the Santa Fe for 4,000 cars; the Katy, 3,000 cars; the Mobile & Ohio, 1,750 cars; the Rock Island, 1,500 cars; the New York Central lines, 6,500 cars; the Northern Pacific, 4,100 cars; the Great Northern, 1,600 cars; the Colorado Southern, 1,100 cars.

These orders are distributed among the 15 plants of the American Car & Foundry Co. and they give employment to 10,000 men, of whom 33 per cent are located in the St. Louis plant at Madison and St. Charles. One plant is located at Manchester, England.

LAND OPENING AT MILNER.

Special Train to be Run to and From Salt Lake Without Change.

Interest in the big land opening at Milner, Idaho, on April 22, increases as the time draws near. The Oregon Short Line is making special arrangements to handle a heavy business for the occasion, and inquiries for tickets

CUTICURA WORKS WONDERS

Testimonials Received Daily Telling of the Wonderful Cures of Torturing Disfiguring Humors of the Skin, Scalp and Blood.

CURES ARE SPEEDY AND PERMANENT

"I was afflicted with eczema on my face, hands and arms, and had treatment for two weeks, but to no avail. I then commenced using the Cuticura Remedies, and after using two cakes of Cuticura Soap and one box of Cuticura Ointment for a little over a month I was entirely cured. Miss Jennie B. Chamberlain, Mayor, R. E. D. No. 1, N. Y., May 28th, 1906."

ANOTHER CURE

"I suffered for more than ten years with a skin disease. Sores were on my legs and they made me sick. Physicians were called in to attend to me, but they did me no good. Nothing seemed to do me any good until one day one of my friends advised me to try the Cuticura Remedies and which I did, and in less than four weeks I was made well. I used the Complete Treatment, consisting of Cuticura Soap, Cuticura Ointment and Cuticura Pills and I found them all very successful. My friends were surprised at such a quick cure, and I am glad to tell everybody what the Cuticura Remedies have done for me. Bertha Simpson, Alviso, Calif., May 24, 1906."

AND STILL ANOTHER

"My two children had the eczema, the first one had it for five months all over the body and we had two doctors treat her. I saw the Cuticura Remedies advertised and bought the Cuticura Soap and Cuticura Ointment and Cuticura Pills, and after using them it wasn't but a short while before she was cured. My other child was also afflicted and the Cuticura Remedies cured her also. We think the Cuticura Remedies the best on the market, and we always keep the Cuticura Soap and Cuticura Ointment on hand. R. R. Croson, Lovell, Texas, May 30, 1906."

Baking Powder

Made of Pure Grape Cream of Tartar.

Safeguards the food against alum.

ROYAL BAKING POWDER CO., NEW YORK.

are numerous. Arrangements for exchanging cars to be run through to Milner will be made, thus avoiding the necessity for changing cars at Pocatello or Minidoka. These cars will be held over at Milner for the return trip, which will be made through to Salt Lake without transfer.

In addition to this, the Short Line has arranged for a special service from Pocatello to Milner and from Milner to Pocatello returning, in this order to avoid any delay which might result from belated through trains. The extra coaches will leave Salt Lake at 11:45 Sunday night, April 21, arriving at Milner at 12 noon on Monday, the date of the opening. The reduced rates, however, will be in effect from April 17th to the 21st inclusive. Special arrangements have been made to take care of all who may come at Milner in the way of material comforts, and the company will be making what is just about complete.

LINE TO WINNEMUCCA.

Western Pacific Officials Looking Things Over in Nevada Town.

V. G. Bogus, chief engineer for the Western Pacific Railroad company, his private secretary, E. Van Duzen, Mr. Charles Harlow, division engineer for the new road, and W. H. Kennedy, an eminent civil engineer, arrived from Elko yesterday afternoon, and spent today conferring with Atty. Harry Warren, who represents the legal interests of the Western Pacific in this section. It was strongly rumored that the purpose of the visit to Winnemucca was to line up the road through the town—a matter which, although the contracts have been let and construction work is soon to begin—has not been definitely decided upon. It is further rumored that the rise in the river has caused some uneasiness in Western Pacific circles and may be the cause of running the line at a greater distance east of the river than was originally intended.

RIO GRANDE INVOLVED.

Trainmen on Gould Roads Demand Further Increase in Pay.

Denver, April 15.—Negotiations which have been going on for the last two weeks between representatives of the Brotherhood of Railway Trainmen, the Order of Railway Conductors and the management of the Denver & Rio Grande railroad closed yesterday with the refusal of the company to accede to the demands of the men for an increase in wages on the basis of the standard system.

The 28 members of the general committee departed for home today, taking ballots for the members of the two organizations to vote on the proposition of accepting or rejecting the company's counter proposition, and authorizing the grand officers of the orders to call a strike if further conferences fail to result in a more liberal increase on the part of the road.

The members of the general committee will return next Monday, when the ballots will be counted under the supervision of the grand officers for the two orders. William T. Newman of Denver, third vice grand master of the Trainmen's Brotherhood, and L. E. Shepard of Cedar Rapids, Ia., assistant grand chief conductor of the Order of Railway Conductors.

About 2,000 men will be authorized to vote, the entire Rio Grande system from Denver to Ogden being affected by the strike.

The Rio Grande was one of three railroads in the western territory which refused to take part in the Chicago conference, preferring to deal separately with its men. The schedule offered by the company would give the passenger conductors \$150 per calendar month, broken down to \$125.60. The pro rata of overtime was denied the men.

At the time when a strike seemed inevitable among the railroad men and the Chicago conference, 1,400 employees of the Denver & Rio Grande were going serenely about their work with no prospect of trouble over demands for higher wages. They had refused to become party to the Chicago controversy, as the Rio Grande management had raised their wages clear along the line. In conversation with an official of the engineers' organization, it was learned that the increase in the wage scale offered by the road was satisfactory, and that there would be no trouble. But the above dispatch would indicate that the trainmen and conductors on the Gould roads were not

satisfied, and demand concessions according to the Chicago agreement. At the local office of the Rio Grande no official information had been received of the reported break. Gen. Pass. Agent I. A. Benton, who just returned from Denver last night, said no conferences between the trainmen and officials had been held while he was in Denver, and that he supposed everything was satisfactory with the trainmen, but he did not know for certain. He stated that he had been in the city before the Chicago trouble began.

YARDS STILL FULL.

Freight Still Piled up on S. P. Tracks At Sparks, Nevada.

Despite all the efforts of the railroad officials to relieve the situation, the freight yards at Sparks are still congested with freight cars. The Southern Pacific has not yet been able to resume traffic over the short route between Port Costa and Benicia, which, owing to the floods, they were compelled to abandon for the longer route around by Stockton, Cal. This made a delay for each train of five hours. By the end of this week it is expected that the company will be running its trains over the shorter route, thus being able to move freight much more rapidly than by the detour via Stockton.

The road between Suisun and Benicia for a distance of about 20 miles, which runs through a swampy land, sank completely, and repairs could not be made until the water had lowered. Enough work has been done, however, to warrant the statement that trains will be running on the road by the end of the week. The railroad companies are doing their best to move all freight, but it is said normal conditions will not be resumed until well into June.

WILL BE OPEN WEDNESDAY.

Men Working Night and Day to Clear Track at Aspen Tunnel.

Unless another cave-in occurs, the Union Pacific line tunnel near Aspen will be opened for traffic tomorrow. The last slide will be that time being cleared away, and the weather remains dry for a long enough period for the soil to harden, another avalanche will be avoided, making it possible to tunnel again. General Supt. Buckingham has been on the ground all during the clearing away of the second slide. Crews have been working night and day, and the direction of the road, this was a consummation devoutly to be wished.

SPIKE AND RAIL.

Col. Benton, of the passenger department of the Rio Grande, returned last evening from Denver. Mrs. Benton accompanied her husband on a tour of the road.

General Freight Agent J. A. Reeves of the Short Line, is expected home from an extended visit to San Francisco and coast points today.

H. D. Harvey, traveling passenger agent of the Colorado Midland, is in the city on his way west in the interest of the summer resorts of Colorado.

E. D. Brigham, general freight agent of the Chicago & Northwestern lines, with headquarters in Chicago, will arrive in Salt Lake City today. Mr. Brigham is on his way home from a trip to the coast.

Traffic on the Bingham canyon line was delayed some hours by a freight car jumping the track last evening. The car fell into the Jordan river at a point on a sharp curve where the track crossed the stream. No one was hurt by the accident.

May 1 has been set as "Railroad day" at Beatty, Nevada. By that date the Bullfrog-Goldfield railroad will have completed its line into Beatty, and great arrangements for a big time have been made by the citizens of that enterprising town.

WHY.

have a torpid liver when Herbine, the only liver regulator, is used. There is no reason why you should suffer from Dyspepsia, Constipation, Chills and Fever, or any liver complaints, when Herbine will cure you. P. C. Waite, Westville, Fla., writes: "I was sick for a month with fever, chills and general debility. Two bottles of Herbine am well and healthy." Sold by Z. C. M. I. Drug Dept., 113 and 115 South Main Street, St. Louis.

Constantino and Nielsen Make a Tremendous Hit in "La Boheme"

Grand opera in Italian, such as only the opera houses of the greatest cities of the world are vouchsafed, and such as Salt Lake is only privileged to hear once or twice in a generation, was again brought to us last night in the visit of the San Carlo Co. It might have been thought that Salt Lake would respond to the occasion in the most tumultuous manner, but Salt Lake did nothing of the sort; our theater-going public, the most baffling and unceremonious quantity that ever anxious manager had to contend with, was present in the most respectable force. The turn-out that greeted "La Boheme" was beautiful, fashionable and brilliant, so far as it went; the picked seats in every part of the house were all occupied, but there were many yawning rows of vacant chairs that formed a silent protest to the schedule of prices. The receipts may have been from \$1,500 to \$2,000. Those of the biggest Savage night were close to \$3,000, and Manager Russell of the San Carlo claims he loses money if the receipts run below \$2,500 on the Constantino and Nielsen nights, and below \$4,000 on the Nordica nights. It is a matter of genuine regret that the box office story should not have been different, but Salt Lake, as "Paxton" is to be rendered with Nordica as "Marguerite."

"La Boheme" was on its third rendition in Salt Lake, another which may have contributed to the absence of a crush. Finely as it has

been rendered before by the Savage company, it has never been heard with such a tenor in the part of Rodolfo, as it was last night, when Senor Constantino made his bow to a Salt Lake audience. This singer, undoubtedly one of the great tenors of the world, dominated the stage throughout the evening, and aroused a perfect fury of enthusiasm for the electric way in which he dwelt on his high "C's," as well as the tenderness with which he sang the beautiful love songs which he renders to and with "Mimi." Constantino, besides being a rare vocalist, is a handsome man and an easy actor. His make up for the role of the careworn, easy-going student was picturesque and true to life. He kept his audience spell bound when

CHILDREN LIKE Grape-Nuts FOOD with Cream. Let them tell. "There's a Reason."

ever he sang, and after the royal reception his grand aria was given, he was accommodating enough to go through it again, his "C's" and all, and it did not seem to be the slightest effort for him to give the encore, tremendous as it was.

Alice Nielsen too had a royal reception. When her third knock came on Rodolfo's door, and the audience knew she stood outside, a hush of expectancy spread over the house, that turned into the most thunderous applause when the slight figure of the charming singer was revealed in the doorway. The eight or ten years which have passed since Miss Nielsen first visited her friends in Salt Lake (not 15, as one writer puts it) in those charming operas, "The Serenade," "The Singing Girl" and "The Fortune Teller," have dealt kindly with her. She has grown more mature, it is true, but her voice shows how diligently she has been studying to attain to her life's ideal, the grand opera stage. It is a voice higher, purer, and more charming and bell-like than it used to be. We shall always think that nature intended her for the coquettish color which she now wears so well identified, and it will always be with regret that we shall see her in the west will consent to see her leave light opera for the serious work of the grand opera. Her voice lends itself to the delineation of a woe begone, consumptive role like that of "Mimi," but this is not saying that she did not sing that act. It is only to be said that she was in the west will consent to see her leave light opera for the serious work of the grand opera.
