

WHAT MAKES A LADY.—When Beau Brummel was asked what made the gentleman, his quick reply was, "Starch, my lord!" This may be true; but it takes a great deal more to make a lady; and though it may to some seem singular, I am ready to maintain that no conceivable quantity of muslin, silk or satin, edging, frilling, hooping, flouncing or furbelowing, nor purse, nor dress-maker, constitute a real lady. Was not Mrs. Abbott Lawrence just as much a lady when attired in twelve-cent calico, in Boston, as when arrayed in full court dress at St. James, London.

"Mrs. Washington was said to be a grand lady," says a celebrated English visitor. (Mrs. Thorp) "We dressed ourselves in our best bibs and bands; so we dressed ourselves in our most elegant ruffles and silks, and were introduced to her ladyship; and don't you think we found her knitting and with her check apron on? She received us very graciously and easily, but after the compliments were over, she resumed her knitting. There we were without a stitch of work and sitting in state; but Gen. Washington's lady, with her own hands was knitting stockings for her husband." Does not that sweet republican simplicity command your admiration.

The report of the Central Pacific railroad for October shows—gross earnings, \$212,178; net earnings, \$172,813.
