Tunnell says: "I am in search of the heirs of one Sarah Burbridge, or Burbridge, who formerly lived in Boston, Mass., between 1850 and 1852, and was at one time connected with the family of James M. Whiton of East Boston. This woman went to Nauvoo, Hancock county, Ill., and joined the Mormon Church, and married Asa Sweetser, and moved from there to Salt Lake City, Utah, in the early days. ## A YOUTHFUL PREVARICATOR

Tells a Lurid Tale of Having Been Kidnaped in Park City.

The police were badly fooled last night by a lad named Andrew Johnson, aged 11 years. The boy related a lurid tale to Captain Burbridge in which he said that his home was in Park City, but that he had been kidnapped by a man and brought to this city where he was held captive in the eastern part of town for three days. The boy told a straight story, apparently, and officers were detailed to hunt for the man and place him under arrest. Just when they were hot on the trail, it developed that the boy had run away from the St. Ann's orphanage, where he was placed Sunday, and told the story to throw the officers off the track. He will be returned to the orphanage.

No doctor could give a better remedy than this in a case of cholera morbus, it never fails. Sold by all druggists.

## TRIED TO KILL AN EX-SOLDIER

That is the Charge Lodged Against W. J. Bryan.

## SHOT HIM IN THE BREAST.

Fort mately, However, the Ball Struck A Rib and Glanced Off—Occurred On Franklin Avenue.

W. J. Bryan was arrested by the police about 10 o'clock last night on the charge of attempting to murder one James McDonald, an ex-soldier who returned from the Philippines recently. The shooting occurred at 243 Franklin avenue, where McDonald has been rooming since he came to this city three weeks ago, and it is believed that the trouble between the two men arose over a dog.

Several days ago McDonald complained to Bryan that the latter's dog made too much noise. They engaged in a quarrel. Last night McDonald was going to his room and passed Bryan in the hall. It appears that Bryan accused McDonald of hearing the dog. The latter denied it and hot words followed. McDonald went to his room, and hearing a noise behind him, turned and saw Bryan with a revolver in his hand. Without saying a word, the latter raised the weapon and fired, the bullet taking effect in McDonald's right breast and lodging in the arm pit.

The wound is not believed to be dangerous, but the reason that the latter struck a rib, which prevented it from entering the lungs. Dr. Beer was called and attended to the injured man. Bryan went to his room and waited until the police arrived. He was taken to the police station. He was booked and then removed to the county jail.

McDonald declares that the shooting was entirely unprovoked, and that Bryan tried his best to murder him. The latter declares that he shot in self-defense. He says that McDonald came towards him with a water pitcher and was going to strike him when he raised the gun and fired. A complaint charging Bryan with assault with intent to kill will be filed in Judge Diehl's court either today or tomorrow.

## PEOPLE WHO ARE PASSING

T. J. Woodside of El Paso, Texas, a visitor in this city, in speaking of the growth of the date city, says that the recent mayor, Col. Hammett, was the means of substituting the railway road for the old style mule cars, and was roundly abused for his venturesome spirit by the local moss backs, who predicted all sorts of dire consequences. But when the new system was fairly started, it seemed as if everybody wanted to ride, and the new company is making money.

Col. C. S. Arney of Boise, recently in this city, says that active interest is being taken in the project of navigation between Lewiston and other points on the upper Snake river and the ocean. He states that while it may be slow work, nevertheless work will be progressed on the ship canal around the Adair's fresh and potable ocean going craft to ascend the river to Lewiston and other places in upper Idaho. Col. Arney says Senator Dubois is feeling very good these days over the Yale victory on the Thamusen Harvard, and the senator is a Yale 1972 graduate.

W. E. Gilbert, a well known traveling man of Los Angeles, is at the Kenyon. His reports of the marvelous growth in the southern part of the state of California lend color to reports that a division of the state is likely to be agitated in a few years.

The preliminaries to Herrera-Dowdney contact at Base Bull Park Thursday night will be good as main event.
