SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.
BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.
CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S
KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.
Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.
It actually performs these seeming miracles, of which the following is
A FAIR SPECIMEN
I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.
COL. JOHN L. DORRANCE, U. S. A.
In every important respect the Kathairon is absolutely incomparable. It is unequaled.
1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.
BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.
SOLD EVERYWHERE.

FORTY-SIXTH CONGRESS.

EXTRA SESSION.

SENATE

WASHINGTON, 7.—The army appropriation bill was received from the House and referred to the committee on appropriations.

Booth introduced a bill to repeal the Atlantic and Pacific railroad grant. The preamble asserts that the company has failed to construct the main line of its road prior to July 4th, 1879, as required by the charter of July 27th, 1866; that it has in fact at this time only completed its road to Venetia, Indian Territory, a distance of 125 miles from its eastern terminus, and that no portion or section of the road has been completed since 1871. The bill provides for the immediate repeal of the grant, except so far as the road shall be completed by the 4th of July next, and for the restoration to the market of all lands along the line of uncompleted road, to be disposed of in the same manner as other public lands.

Ingalls introduced a bill for the relief of the central branch of the Union Pacific Railroad Company. It proposes to release the company from all obligations to the government of the United States under the acts of '62 and '64, upon condition that it shall within six months from the enactment of this bill, execute and file with the Secretary of the Interior a full release and discharge to government from all further claims under said acts. The bill was laid upon the table for the present.

The Senat resumed consideration of the New Hampshire senatorial case, the question being on the amendment of Hoar declaring Charles H. Bell entitled to his seat. After debate Bell's admission went over until to-morrow.

A resolution was adopted authorizing the President of the Senate to appoint a select committee of five to take into consideration matters relating to the Freedmen's Savings Bank and Trust Company.

After executive session the Senate adjourned.

EASTERN.

The Bill in the Senate.

WASHINGTON, 7. — Prominent democratic members of the Senate express the opinion that the debate on the army appropriation bill, which is about to commence in that body, will not last more than a week or ten days at the most. It seems to be the intention of the majority to allow the republicans to do most of the talking on this bill and pass it as quickly as possible, the calculation being that the President will sign it, and that the republican arguments against the alleged coercive programme in general will thus be notably weakened before the important struggle over the proposed repeal of the federal election law shall have practically commenced.

Utah's New Secretary.

Arthur L. Thomas was nominated, to-day, as secretary for Utah Territory, *vice* Luckey, resigned. He is a young man who came here from Pittsburg several years ago under the auspices of Representative Negley. He was appointed a member of the capitol police, and is still thus employed at the capitol.

Another Indian Transfer Bill.

Senator Slater, to-day, introduced a bill for the transfer of the control of Indian Affairs to the War Department, which, in some respects, seems to be an improvement upon all measures hitherto introduced for that purpose. This bill provides that from and after July 1st, 1880, the Secretary of War shall have the same general power and jurisdiction over Indian affairs as are now possessed by the Secretary of the Interior; that he shall detail some army officer of rank, not less than Colonel, to act as Commissioner of Indian Affairs, and make such details of officers, not below first Lieutenant, either from the active list or retired list of the army, as may be necessary from time to time to administer the affairs of the Indian service. Commanding officers of military departments are to be ex-officio in charge of Indian matters therein, and the Inspector-General of the army is to be inspector of the Indian service and make an annual report to Congress of the number and condition of the Indian tribes. The bill requires all contracts for supplies or transportation, connected with the Indian service, to be made in the same manner, and as far as practicable, at the same time as the army contracts. Officers of special commissioners, superintendents, boards of Indian commissioners, and inspectors of Indian affairs are to be abolished from and after July 1st, 1880, and among other things it is provided by this bill that all religious denominations shall enjoy a free and equal right to erect and maintain church and school buildings on any and all Indian reservations, and shall not be molested in their religious or philanthrophic efforts to advance the Indians in their moral, religious and literary culture.

Double Tragedy.

CHICAGO, 7.—The *Inter Ocean's* Marshalltown, Iowa, special says: A terrible double tragedy occurred at Gifford, a small station on the Iowa Central Railroad. John Bell, station agent, 19 years old, deliberately shot Miss Robbins, his lady friend, through the heart twice, and then telegraphed for the railroad officials to send another operator up as he was going to kill himself. Shortly after, he fired two shots into his abdomen and is now in a dying condition. The girl was a most estimable daughter of a prominent merchant. No cause is assigned.

Brossen's Comet.

Rev. Arthur Swazey, to-night, sighted, with a powerful telescope, Brossen's comet. Its declination was 29°, 58' and right ascension about 3 hours and 40 minutes.

The Negro Exodus—The Reason.

BOSTON, 7.—The *Advertiser* says: The work of the northern associations among the southern negroes, in inducing them to emigrate from the south has resulted in the present exodus. The movement began soon after the presidential struggle. The popularity of the Liberian movement among the South Carolina blacks led the exodus magnate to open correspondence with western land and railway agencies, and just as they were about ready to talk up the advantages of the chosen western paradise, the railway land negotiators themselves rushed in with glowing prospectuses, and precipitated the stampede. This land comes to the railway company as a subsidy from Texas sections between the railway lands belonging to the State and those to be pre-empted at $1.50 an acre. It is understood that about 2,800 families are ready to start. It is supposed that these people will start about April 19th, emancipation day. Letters have been received in Boston within a week, from leading southern colored men, stating that the tide will swell until there will be sufficient decrease in the population in southern States to reduce the representation in Congress in the next apportionment by at least 15. The locality in which these new settlers were to have been collected was Texas, between New Mexico and the Indian Territory. Here, starting with about 200,000 men, one-third of them with families, it was anticipated that in time a territory might be set off by itself as a State, to be called Lincoln. In furtherance of this scheme there was formed, some months ago, in this city, a national farmer's association. This association engaged from the Dallas and Wichita Railroad, a Texas corporation, 65 alternate sections of land to be paid for at the rate of $1,50 an acre. The association issued lots of 200 shares of stock; each share at $1. These are sold to the colored people, and are accepted by the railroad corporation as cash in their purchase of lands. The organization referred to is one of several in the north, their formation being preceded by the circulation of political documents among the negroes during the past two years. Probably the most influential of these documents have emanated from Boston, known as the first principle papers. The latest was issued in August last, entitled "A plan to transfer the freedmen of the south to government lands of the west."

Horrible Murder.

NEW ORLEANS, 7.—A Galveston *News'* special from Belton, says: A negro man and woman living near here, witnesses against Canterbury and Dobbins in the rape case, were murdered last night. The man was killed instantly. The woman lived till morning.

$100,00 Fire.

MILWAUKEE, 7.—The *Sentinel's* Oconomowic, Wisconsin, special says: A destructive fire occurred, to-night, sweeping off everything from Demley's block to the lake. Among the losses are Lerleberg's hardware store, McArthur's drug store, Hitchcock's hardware store, and Lack & Hathaway's flour mill. The loss is probably $100,000.

Crop Prospects.

ST. LOUIS, Mo., 7.—Dispatches from different places in Kansas report copious rains throughout the State. The reports, which gained currency some days ago, that much of the wheat in the State had either been killed or damaged by drouth, are contradicted, and the statement made that the wheat never looked better. A much larger acreage than last year has been planted both in wheat and corn, and the prospects are favorable for an abundant yield.

The Great Swim.

CAIRO, Ill., 7.—Paul Boynton continued his trip to the Gulf, leaving here at 10 this morning.

Escape of Prisoners.

LITTLE ROCK, Ark., 7.—Six prisoners in the county jail made their escape, yesterday afternoon. They sawed the bars of the cage and seized the Turnkey, and then disarmed and locked him in.

FOREIGN.

GREAT BRITAIN.

The Colliers' Strike.

LONDON, 7.—The decision of two-thirds of the pitmen at Durham to strike against a reduction of wages, will have the effect of stopping nearly ninety pits, throwing idle 25,000 hewers. Several large concerns will be brought to a stand still in the course of the week, unless the owners or pitmen give way.

Adjourned.

The House of Commons adjourned until the 17th inst.

Cattle Plague.

A dispatch from Rawul Pindee reports the outbreak of the cattle plague, which threatens seriously to embarrass British commissariats. The cattle are dying by scores.

A cabinet council will be held this morning to discuss the conclusions which may have to be taken in consequence of the momentous crisis in Egypt.

TURKEY.

A Hitch.

CONSTANTINOPLE, 7. — There seems to be a hitch in the negotiations of Eastern Roumelia. The principal Russian member of the commission has been summoned to St. Petersburg, to give an explanation.

ITALY.

Pathetic Scene At Garibaldi's Arrival.

ROME, 7.—A more pathetic scene than that of Garibaldi's arrival at the railway station has seldom been beheld. The shouts raised as the train entered the station were speedily silenced on account of the circulation of the report that the General was ill. He was carried from the train on a mattrass placed on a large litter. He lay extended and motionless with his eyes closed, and a red handkerchief bound round his head. It looked as if a corpse was being carried in state. It was found impossible to move him from the litter, which was placed in an open carriage and driven, accompanied by a mournfully silent crowd to the house of his son Menotti Garibaldi. It was impossible to move the General at Civita Vecchia. The side of the Railway saloon was cut to admit the litter. The General slept well, however, on Saturday night, and the doctor thinks he will leave his bed within a week. His friends assert that politics are wholly unconnected with his coming here. He found that his health was not improving at Caprera, and he thought the mineral springs near Civita Vecchia might benefit his gout. Garibaldi, replying to Syndic, who visited him on his arrival, said he did not himself know the reason of his visit. Some say Garibaldi has come to Rome to die.

Protestant Schools.

A letter from the Cardinal Vicar is published, complaining bitterly of the existence in Rome of Protestant schools supported chiefly by foreign money. It announces that the Pope has appointed a vigilance committee to increase and improve the Catholic schools, and appeals to the nobility and clergy to subscribe for their support.
