FUNERAL SERVICES
OF MRS. DAVID M'KAY

Impressive Obsèques in Huntsville Ward Meetinghouse
Sunday.

SAD RITES LARGELY ATTENDED.

Dr. Brown Here to Continue Anti-Cigarette Crusade—District Court Business—News Briefs.

Ogden, Utah, Jan. 9.—The mortal remains of Mrs. Jennette McKay, wife of Hon. David McKay, were consigned to earth yesterday afternoon in the

MRS. DAVID M'KAY,
Whose Obsèques Were Held in Ogden Yesterday.

Huntsville cemetery. There was a very large assemblage of friends in attendance for the last rites, as over 100 were from Ogden and those from Huntsville and other towns in Ogden valley were as many as could comfortably be seated in the spacious meetinghouse. During Saturday afternoon the home of the McKays in Ogden was visited by many Ogden friends who called to look for the last time on the earthly remains of their beloved dead.

At 9 o'clock Sunday morning a funeral cortege went from Ogden and at the Huntsville home of Mr. and Mrs. McKay the body was allowed to remain from 11 until 1 in order that Ogden valley friends might see again the beloved face.

From the home to the meetinghouse and from the meetinghouse to the grave the Young Ladies' Mutual Improvement association of Huntsville of which organization the deceased had been a member for many years preceded the hearse. Other organizations attending as a body were the faculty of the Weber Stake academy and the Huntsville bishopric, and Chas. R. Hollingsworth, the state senate. The speakers bore loving tributes to the strong, lovable and noble character of the deceased, while urging her bereaved relatives to take comfort from the fact that she had certainly come to her everlasting reward of glory.

A quartet, composed of Joseph Ballantyne, Earl West, Mark Brown and Her Ballantyne, gave two selections, "Her Noble Face is Done," and "I Need Thee Every Hour." Walter Wallace of Salt Lake sang with much feeling, "O Love Divine."

Besides her husband and children there were present as immediate mourners, Mrs. Thomas Gibbons and Mrs. Evan Evans, surviving sisters of the dead.

At the cemetery Counselor Renshaw dedicated the grave.

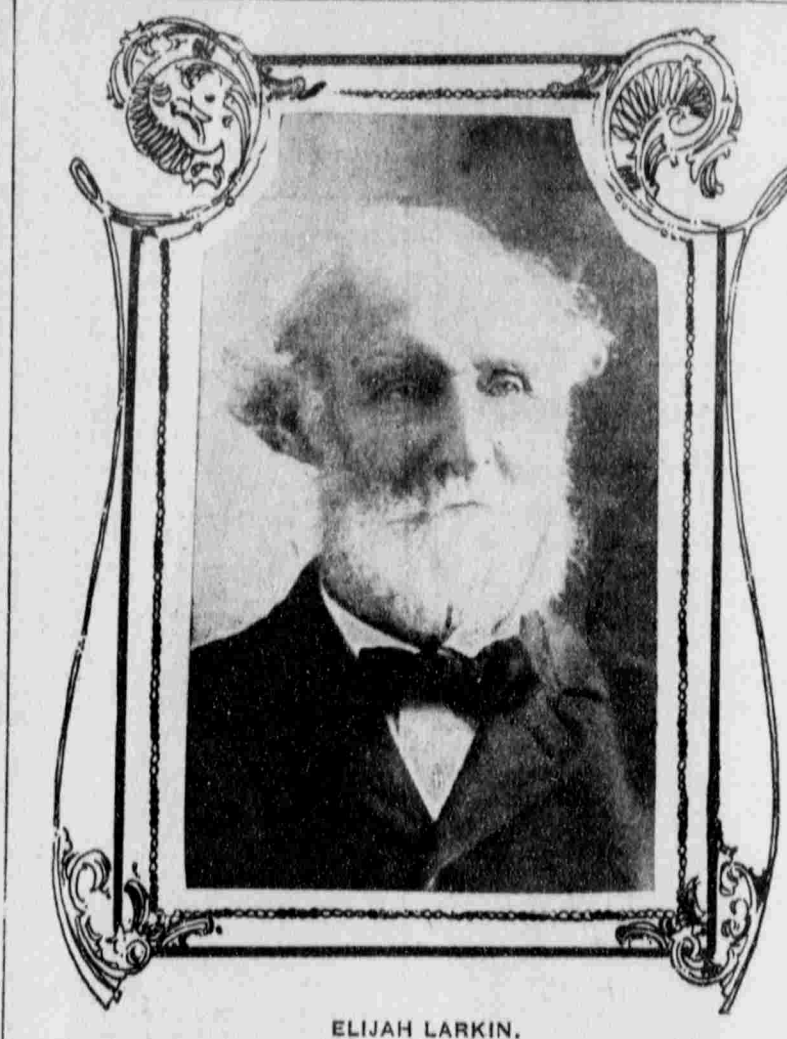

BIG ICE CROP.
The gathering of Ogden's great ice crop has been on for three days, and it is now full swing. The ice blocks are nearly a foot in thickness, and of a fine quality. The big house of the Ice Depot company, holding about 1,400 tons, has been about filled by Cordell and Farr, who have also put up about 600 tons in their own house. The most of the supply for Ogden excepting that put up by the railroads which is shipped in will be up by the end of this week.

The Ogden Poultry and Pet Stock Association held its annual meeting Saturday evening and for the first time elected all the old officers and so successfully in bringing the organization up to its present standard of efficiency and influence. The report showed that the exhibition just

closed, which was the fourth since the formation of the association, was successful from every point of view. The management has never sought to make money out of the affair, deeming it sufficient if they paid expenses. Often times there has been a deficit which has been made up by voluntary contribution. This time, however, the receipts were slightly in excess of the disbursements and the members of the association are gratified at the high class of exhibits which this show brought forth, and also at the widespread interest over the show and the industry which it seeks to encourage.

Besides the election of officers Saturday night the association appointed a legislative committee composed of W. W. Browning, M. J. Hewitt and J. M. Bishop. This committee will endeavor to secure an appropriation from the state and will cooperate with other committees to be appointed by other associations. The idea is to give cash prizes for the best poultry exhibits. None of the state money would be used to conduct the show but by having prizes of more value competition would be stimulated and great good to a very important industry would result. A large number of exhibitors will go down from Weber county with the best of the chickens exhibited at the recent county show and will compete Wednesday, Jan. 15.

and will be examined today for the purpose of testing his claims. Newton was arrested at Riverdale yesterday morning by Deputy Sheriff Sobies. He had kicked in the door of the home of William Stimpson while the family was away at church. When discovered he claimed that the Lord had instructed him to do as he did. He was taken to the county jail, and after being locked in the iron cell failed to kick in some more doors, but this time without success. The man appears to be a religious fanatic.

ANOTHER PIONEER GONE.

Mrs. Ann Bickington, a Pioneer lady of Utah, died Saturday at her home in Marriott, Weber county, at the ripe age of 88 years. She was one of the best known ladies in the northern part of this county, where she has taken an active part in church work. Mrs. Bickington was born at Maxtoko, England, Nov. 1, 1846, and joined the Church of Jesus Christ of Latter-day Saints in her native land, and with her late husband, William Bickington, emigrated to Utah in 1853, locating in Kayville where she remained two years then removed to Weber county, taking up her residence at Marriott, where she lived until the time of her death. From the year 1855 up until June 2, 1904, she was president of the Relief society in the Marriott ward and took an active part in other church capacities.

The funeral services will be held at the Marriott ward meetinghouse Tuesday at 1 o'clock. Remains will be viewed at her home on date of funeral from 10 a. m. to 12:30 p. m.

ANTI-CIGARETTE CRUSADE.

Dr. Willis Brown, the leader and founder of the anti-cigarette movement, reached Ogden yesterday, returning from the west, and will spend today and tomorrow in this city, going then to Salt Lake, where he will lecture Wednesday evening at Barratt hall, and where he will also arrange to organize an anti-cigarette league. Mr. Brown spoke last night at the Methodist church on the subject, "What a Boy Wants," taking the stand that all boys liked to belong to a gang, but his idea was to organize a gang for something useful, and to organize it to organize itself into something harmful. Today he will visit a number of the public schools, continuing the work of organization begun on the occasion of his last visit.

Tonight he speaks at the tabernacle for boys only and Tuesday evening he will speak to adults. Petitions are in circulation for signatures to present to the legislature looking toward the passage of a law to absolutely prohibit the manufacture and sale of cigarettes within the state. Pledges are also in circulation for signatures by the younger people Wednesday afternoon the organization of the league will be completed by the appointment of an advisory board of men and women who are to co-operate with the boys and girls' league to be organized tomorrow.

Roy Nielson was also retained as treasurer. There was some discussion over the action of the members in electing Lorenzo Benson from the janitorship of the Woodruff, for the reason that he had been elected a member of the new board and ought not to hold both positions, some of the members were outspoken in their disapproval of the act and there is likelihood that Benson will be reinstated even if he should resign immediately thereafter.

The rural free delivery system that has been in operation for two years has proved to be such a convenience to the people generally that the revenues accrued from the postoffice have not proved very profitable to the local office.

Jarvis L. Barker, who underwent an operation on the 23rd ult., is reported progressing nicely.

TEA

Good tea goes far to make common food luxurious. Costs perhaps nothing at all.

Your grocer returns your money if you don't like Schilling's Best.

A SIMPLE LIFE.

One of the first things of importance in living a simple life is in using a simple diet. This does not mean that you must eat the coarsest food and that which is unpalatable to you; but, for you to eat the very best you can get of the ordinary necessities. First among these is good bread and butter. Poor indeed is the family which cannot afford the best of this! It is not extravagant to pay an extra price for butter extra in quality, as it makes you eat more bread. People do not eat butter alone, and when they are eating good bread and butter, they will not eat so much of other foods less healthful and more expensive. There is only one best sold in this market and that is Hazel-nut Brand Butter. Your grocer can get it for you.

PRESTON, IDAHO.

IMPROVE ACADEMY BUILDING

Much Sickness Among Children and Some Contagion.

Special Correspondence.
Preston, Oneida Co., Idaho, Jan. 3.—Preston has had a very quiet but joyous time during the holidays. There has been enough snow on the ground to make the sleighing good.

There is much sickness among the children at present, principally a gripple. There is one case of measles and one of scarlet fever.

John W. Erickson buried a little boy two years old recently. The child died of measles.

The Oneida Stake academy has been considered unsafe for public meetings on account of the inadequate means of exit which in case of fire would probably cause a panic. This defect in the building is being remedied by a wide flight of stairs being placed on the north side of the building.

The Academy and our district schools will open next Monday.

Carl Smith is putting up a two-story brick building on Main street.

The Preston flour mill is doing good work at present. It is taking in the new crop of wheat daily. The miller thinks he has enough wheat on hand to insure a full season's run.
