

SPECIAL TAXES
UNCONSTITUTIONALWhen Abutting Property is Not
Assessable for Improvements.

RULING OF FEDERAL COURT

Barrett Derived, Not Frontage, the
Basis of Tax—A Decision Affecting
Salt Lake Methods.

[Early Dispatches.]
Indianapolis, Ind., March 23.—The
supreme court of this state provides for the
assessment of the cost of street im-
provements directly against the abut-
ting property, without regard to whether
or not the property has been benefitted,
has been passed on by Judge
Baker of the federal court. He de-
cides that the method of making as-
sessment for such improvements, now
in vogue under the Barrett law, is un-
constitutional. This decision was rendered
in the case of James Charles
against the city of Marion and the War-
ren-Schaff Asphalt Paving company.
Some time ago the court granted a
temporary injunction against the same
method, restraining them from proceed-
ing with the improvement. Judge
Baker's ruling was on the desirability of
the complaint for want of facts suffi-
cient to constitute a cause of action.
This ruling is virtually to the effect
that the Barrett law is unconstitutional
in that it provides for the taking of private
property for public uses without adequate
compensation, and without any
process of law. It is in line with the
decision rendered by the Supreme
Court of the United States over a year
ago, in an Ohio case, wherein the
same points were raised. It was held
then that the assessment of property
for public improvements could not
legally be made according to its frontage,
but that the benefit to be derived
by the property should be the basis of
assessment.

Under this ruling the Barrett law pro-
vides for the assessment of costs of
street improvements is unconstitutional
and it may seriously affect the mak-
ing of improvements in this state this
year.

Why Mortgage Tax Bill Failed.
Albany, N. Y., March 22.—The senate
killed the mortgage tax bill today,
thirty-three members voting against it
and sixteen for it. The bill was
intended to raise revenue for the
legislative body over its provisions.
United States Senator Platt had de-
clared that the bill could not be passed
unless it contained an exemption clause
of mortgages under 4 per cent, thus
saving the New York Central rail-
road. Gov. Roosevelt had told those in
charge of the bill that he would veto
it if it came to him in that shape.

BURNED A WHOLE FAMILY.

Terrible Crime Perpetrated by a North Carolina Negro.

**Brutal Mother and Daughter, Then
Burns Their Bodies and Four
Sleeping Children.**

Baleigh, N. C., March 22.—A negro,
John Jones, commonly known in the
country as "Preacher Jones," this
morning murdered Ella Jones and her
eldest daughter, Ida, with an ax, and
then set fire to the beds in which lay
the bodies of his victims and four sleep-
ing children, ranging in years from a
child of 1 month old to the largest boy,
who was not more than 5. The four
children were burned to death. The
crime was committed at Garner's, a
little town five miles east of here.

The murderer, according to the story
told by John Jones, who escaped with
his younger sister, deliberately
struck the mother four times, and
then made two cuts into the body of
the eldest child. He then fired the
house.

When the people heard the story of
the murder, they went to Jones' house
to arrest him. They found that his
clothes still bore stains of fresh blood,
and that his hands were covered with
blood.

TESTING CHARGE OF FRAUD.

Said by the Transvaal Against Rail-
way Managers.

New York, March 23.—A dispatch to
the Herald from Brussels says:
A criminal case which will attract the
greatest interest in England, and in all
countries where the struggle between
Great Britain and the Boers is being
attended, will be heard on June 11 be-
fore the Brussels tribunal correctionnel.
It is a trial which will put to the
test the accusation of corruption
brought by the British government
against the Boer officials in general and
President Kruger in particular.

The parties concerned are the well
known financiers the Baron Oppen-
heim of Oppenheim-Freres; Louis &
Henry Warran, Belgian baron-
etiers; M. Braconier, a wealthy Bel-
gian capitalist of Liege, and another
Belgian, M. Terwagne, all of whom were
associated some years ago as lessees of
the Transvaal railway, which was to
connect Komatipoort with Selat.

They had for this purpose formed a
company, styled the Compagnie Fran-
coise de Chemin de Fer du Nord de la
Republique Sud Africaine, having its
seat at Brussels.

They are to be tried on the charge
brought against them by Dr. Leyds, on
behalf of the Transvaal government, of
having conspired false accounts or been
untrue thereto.

The Transvaal government, when
making the concession to the railway,
looked to guarantee the interest in
the shares or debentures issued by
the company, provided the amount
did not exceed £2,500,000. The Transvaal
government complained that by produc-
ing false accounts the company claimed
from them an amount of interest large-
ly in excess of the capital subscribed or
required, as the cost of laying the rail-
way was much under the limit of £2,500,000.

According to my information, the com-
pany's directors, who are being prosec-
uted on this charge, admit that they
were compelled to make the charge
which in order to conceal the bribes
they had to pay President Kruger
and his family and most of the
members of the Pretoria volksraad,
including some of the generals now en-
gaged in the war.

They state that some of these bribes
took the shape of costly and fashionable
carriages or other presents.

Cuticura
SOAP

For the Complexion

To purify and beautify the skin and
prevent pimples,
blackheads, black-
heads, redness,
roughness, yellow-
ish, mothy skin,
chapping, tan, sun-
burn, and many
other forms of skin
blemishes, no other
skin or complexion
soap is for a mo-
ment to be compared
with Cuticura Soap,
because no other soap
reaches the cause,
viz., the clogged, irri-
tated condition of the
pores.

For Hair and Scalp

SHAMPOO with CUTICURA SOAP, rinses
with warm water,
dry and apply a
light dressing of
Cuticura, purest
of emollients,
gently rubbed into
the scalp. This
simple, refresh-
ing, and inexpen-
sive treatment
will soothe irri-
tated and itching
surfaces, stimulate
the hair follicles,
clear the scalp and
hair of crusts, scales,
and dandruff, supply
the roots with energy
and nourishment,
and make the hair
grow when all else
fails.

Complete External and Internal Treatment of Every Humor.

For Red Rough Hands

Soak the hands, on retiring, in strong,
hot water of CUTICURA SOAP.
Thoroughly
dry, and anoint
freely with CUTICURA Ointment,
the great skin cure and purest of emollients.
Wear during the night old, loose
kid gloves. For red, rough, chapped
hands, dry, fissured, itching, and feverish
palms, shapless nails with painful finger
ends, this cure night treatment is simply
wonderful.

For Sanative Uses

Its remarkable emollient, cleansing,
purifying properties, de-
rived from CUTICURA, the
great skin cure, warrant
the use of CUTICURA SOAP,
in the form of baths for
annoying irritations, in-
flamations, and chafes,
for too free or offensive
perspiration, and also in the form of in-
ternal washes and solutions for ulcerative
weaknesses, and for many sensitive anti-
septic purposes which readily suggest
themselves to women, and especially to
mothers. The use of CUTICURA Ointment
with CUTICURA SOAP will also be of
advantage in the severest cases.

ty to Get a Strip of Alaska.

COMMISSION WILL MEET.

Request for Recovering Comes from
Great Britain—Laurier's State-
ment Was Correct.

[Early Dispatches.]
Chicago, March 23.—A special to the
Tribune from Washington says:
It was learned here today from reliable
sources that the joint high commis-
sion will assemble in the immediate fu-
ture to consider questions of great im-
portance, including the fortification of
the Nicaraguan canal and the possible
relinquishment of a small strip of
Alaskan territory to the British govern-
ment. It has not been determined
whether the meeting will be in Wash-
ington or in Ottawa, nor just when the
commission will be convened.
The proposal for reconvening the com-
mission comes from Great Britain, and
developments today seem to confirm
the statement of Sir Wilfrid Laurier,
made in the Canadian parliament, that
the commission will soon be called to-
gether. As is well known, there is much
opposition to the Hay-Pauncefote treaty,
which provided in its original
shape for a neutral canal, and one
which could not be fortified by this
country even in time of war.
Senator Davis has proposed an
amendment to the treaty which gives
this government the right to control the
canal absolutely whenever the United
States becomes involved in a war with
a foreign nation. Great Britain naturally
opposes this amendment, but it is
said that government has proposed to
reconcile the joint high commission
with the intention of effecting negotia-
tions which will permit the United
States to fortify the Nicaraguan canal
and in exchange for this Great Britain
will ask for an outlet through Alaska
to the sea, which means the cession of
Pyramid harbor to the British govern-
ment.

W. C. T. U. Headquarters.

Chicago, March 23.—The National W.
C. T. U. officers announce that their
headquarters in the Temple, in this
city, will be moved on April 18 to Rest
Cottage, Miss Frances E. Willard's old
home in Evanston. Rest Cottage will
be used for the headquarters, while
the annex will be preserved just as
Miss Willard arranged it.
The offices of the Union Signal prob-
ably will be transferred from Chicago
to Evanston. Many of the officers have
moved to Evanston.

THE COMING OF
WM. J. BRYAN.It Will be the Occasion of Rejoicing
by the Utah Democracy.

THE BIG OGDEN SPECIAL.

It Will Leave Salt Lake on the H. G.
W. Promptly at 11:45 a. m.—The
Ogden Greeting and Rally.

The State Democracy is all agog over
the coming to Utah at this time of
Honorable William J. Bryan whose ar-
rival is scheduled at Ogden at 1 o'clock
tomorrow afternoon. Extensive ar-
rangements have been made for his re-
ception both at that place and in Salt
Lake City.

A big excursion of Salt Lake Demo-
crats will leave here on a Rio Grande
special at 11:45, accompanied by two
bands, and will make the run to Ogden
in one hour. At that time it is antici-
pated that a large crowd of Ogden
Democrats will be at the depot to join
forces with Salt Lake Democrats in giving
welcome to Mr. Bryan. Immediately
after luncheon a meeting will be held
in the Ogden Opera house at which
Mr. Bryan and ex-United States Sena-
tor Dubois will be the speakers. After
the Ogden rally, Mr. Bryan and party
will probably take dinner in the Junction
city before coming down to Salt
Lake though that has not yet been
definitely determined upon as Mr.
Bryan may dine after his arrival here.
Should he conclude to do so he will
dine at the Kenyon hotel with mem-
bers of the State committee and other
leaders of the Utah Democracy. While
here Mr. Bryan will be the guest of his
old college friend City Attorney Frank
B. Stephens. On Sunday morning Mr.
Bryan will consult with the party lead-
ers and at noon will take his departure
for the Pacific coast.

Many Salt Lake business houses will
close at 8 o'clock tomorrow night in-
stead of an hour later as is customary,
to permit their employees to hear Mr.
Bryan at the Exposition building. An
agreement to this effect has been
signed by a large number of merchants
as follows:

"We, the undersigned merchants of
Salt Lake City, agree to close our re-
spective places of business Saturday,
March 24, 1900, at 8 o'clock p. m., in-
stead of the usual closing hour of 9 p.
m., in order that any of our clerks de-
siring to hear the great silver states-
man, William Jennings Bryan, at the
Exposition building on Fifth South, be-
tween Sixth and Seventh East, at 8
o'clock, Saturday, March 24, 1900, may
be enabled to attend."

The Bryan reception committee met
last night and decided on all minor
matters connected with the big meet-
ing to be held in the Exposition building
which will be brilliantly illumined
on Saturday. It is claimed that more
than 8,500 people. The Salt Lake City
Railroad company has a force of men
at work stringing electric lights from
the street to the entrance of the build-
ing. The interior of the auditorium is
undergoing an elaborate decoration
with flags, bunting and pictures of dis-
tinguished Democrats. Judge Powers
will be chairman of the meeting and
Held's band will furnish the music.

THOMAS FITCH COMING.

Old Time Utah Lawyer Will Talk for
Republicans.

The State Republican committee has
just arranged for the coming to Utah
of Hon. Thomas Fitch, a
leading Republican politician of
New York. Mr. Fitch is a
staunch supporter of the McKinley ad-
ministration and a believer in the right-
eousness of the war that is being waged
in the Philippines. He will arrive in
this city on Friday, March 30th, and
will remain here for a week from today,
and speak at the Ex-
position building that evening.
Arrangements are being made to give
Mr. Fitch an enthusiastic reception and
to the end Chairman Walton has ap-
pointed a committee in the persons of
Judge C. C. Goodwin, chairman; H. B.
Clawson, W. S. McCormick, George M.
Cannon, T. R. Jones and C. P. Mason,
who will work up the details of the af-
fair.

Mr. Fitch came to Utah from Nevada
in 1871, having previously served that
State as congressman. On his arrival
here, he immediately took up the prac-
tice of his profession as a lawyer, and
soon had a large clientele. Among
those who employed him in important
cases was the late President Brigham
Young, whom he represented on various
occasions. In 1875 when this State
adopted the Constitution and memorial
asking Congress for admission to the
Union, Mr. Fitch was, with Hon. George
Q. Cannon, named United States sena-
tors for the proposed new State. He
will doubtless be given a warm welcome
by his old time friends on his arrival
in Utah.

POLITICAL POINTERS.

Parey, P. Christensen, the stalwart
young Republican secretary, has gone to
Beaver county to make political
speeches.

E. W. McDaniel, formerly of Rich-
field, Sevier county, will make his fu-
ture home in La Junta, Colorado, where
he goes to engage in the practice of
law.

R. W. Sloan delivered a Democratic
speech before the Washakie club of Og-
den last evening and will make a simi-
lar talk to the citizens of Spanish
Fork tonight.

Nathaniel V. Jones, I. C. Thorsen
and E. A. Wilson were the speakers at
a Democratic rally at Mill Creek last
night.

mittee, held a meeting at county head-

CANCER IS NOT
INCURABLE

Time was when Cancer was considered as incurable as leprosy.
Physicians and friends could give little relief or encouragement to
one afflicted with this terrible disease. Even now doctors know of no remedy for this fearful malady; while admitting it to be
a blood disease, they still insist that there is no hope outside of a surgical operation, and advise you to have the Cancer cut out,
but at the same time cannot assure you that it will not return. You may cut or draw out the sore, but another will come in
its place, for the disease is in the blood—is deep-seated and destructive, and beyond the reach of the surgeon's knife or
caustic, flesh-destroying plasters. The blood must be purified and strengthened, the system relieved of all poisons, effete
matter before the Cancer sore will heal.

S. S. S. is the only medicine that can overcome this powerful and contaminating poison and force it out of the blood. It
builds up and invigorates the old, and supplies new, rich, life-giving blood. S. S. S. is a purely vegetable remedy; no mineral
can be found in it; the roots and herbs from which it is made contain powerful purifying properties that act directly upon
the blood system and make a safe and permanent cure of Cancer. It has cured thousands, why not you?

Cancer is not always inherited; your family may be free from any taint, yet your blood may become so polluted that a severe
and stubborn form of the disease may develop from a sore or ulcer on your tongue
or other part of your body; a slight bruise
or hurt, a little pimple on the eyelid, lip
or another causes so insignificant as to attract
little or no attention. If you have an obstinate sore, don't rely upon salvers or ointments to cure it—begin with S. S. S.
at once; it will cleanse your blood and prevent the formation of cancerous cells.

Mrs. R. Shriver, La Plata, Mo., writes: "A small pimple came on my jaw about one inch below the
ear on the left side of my face. At first it gave me no trouble, and I did not think it was anything serious
until the jaw began to swell and became much inflamed. At the same time the sore began to spread and
eat into the flesh, and gave me intense pain. I tried everything I could hear of, but nothing did me any
good. Then began the use of S. S. S., and after taking several bottles the Cancer healed, and there
is now no sign of the disease. It is now two years ago, and I am still enjoying perfect health."

or nose, a small lump on the jaw or breast, a harmless looking wart or mole, and another causes so insignificant as to attract
little or no attention. If you have an obstinate sore, don't rely upon salvers or ointments to cure it—begin with S. S. S.
at once; it will cleanse your blood and prevent the formation of cancerous cells.

Mrs. R. Shriver, La Plata, Mo., writes: "A small pimple came on my jaw about one inch below the
ear on the left side of my face. At first it gave me no trouble, and I did not think it was anything serious
until the jaw began to swell and became much inflamed. At the same time the sore began to spread and
eat into the flesh, and gave me intense pain. I tried everything I could hear of, but nothing did me any
good. Then began the use of S. S. S., and after taking several bottles the Cancer healed, and there
is now no sign of the disease. It is now two years ago, and I am still enjoying perfect health."
