HE REALY FOR THE WORK

HE MEANT FOR THE WOLK.

In the surre of autouncement and preparation for the approaching Justice (from which we would not knowingly withdraw a single prop of element of fares are utility), an occasional moment may write be spared for meaning the manderstain of the important event which presents it, the meeting of the Transmissional of interpretative, and many men of influence and high standing will take part in the deliberations. A great amount of worth has been dance in mahing the preliminary arrangements and much more trends to the preliminary arrangements and more before the president's gaves shall rap the opening assessment of the preliminary arrangements and more trends in the second of the preliminary arrangements and order, but this will all the performed in due season to dustic, and there is avery reason to autouples a profitable, pleasant and encountries for of meaning.

In the time that will intervens before the Congress mest, those win at to take part in its deliterations should since their in its deliterations should since their minds with this users handlesses which will exactle them to bring forth sameling of profit to the part of the number of thirdy itserted. They sixual conciler, and equies comprehension of, the surjects to be cost! with, that they may be ready for the work, to votine, speaking, or neything eitse where day calls. There is more satisfaction one that of leading importance to the Transmissisting tastes, and much so promise the concept of the control of the co

JAPAN AND HAWAIL.

The rumor that Japan centemplater

that the United States shores. fler in fletics for military speciments or an investing army similar to the as of the Chinese shorter, Japan may first strong diplomatic resistance to the United States Hawalian policy, but she will hardly dark to sumpleate the will hardly dark to sumpleate the remonstraces by the bombardment or un coals clitts.

The optitions as to the wisdom of the during the Hawalian lengths in the domain or the United States are divided. On one head it is pointed out that the republish is officially the through the Hawalian lengths in the domain or the United States are divided. On one head it is pointed out that the republish is officially that a "rather borough," whose ignormal and immorphish the softing of the desire that the republish is nothing but a "rather borough and the softing of the desired of the country in frasign consignitientions, excluding the passes and necessitals is large flest with attending enormous expenses to protect the new territory. On the other hand it is sirged, that the United States has a fine record in the matter of treating successfully new and acquisitions; that the population of Hawaii is but as a drug in the resear and case mere even any destinant to our institutions. A country that he thew is to soliny to semiliate mixtors from Europe cannot find a uninded thesesoid Hawaiians a great seasole on her way in progress. The Dole government has placed to the law sires, no for.

But while the opinious on this point.

aver to Japan or Engiano, or whitever wants it. It there to any danger at all in our Hawaiian policy, it is to in bound in that dog to the manger posi-tion our government so long has be-

LARY NIGHTS COUNCIL.

LART Music's COUNCIL.

Two important duties were preferenced by the City Council. Inwedge evening, via: the confirmation of Mr. Decembe as disafrman of the board of public works, and fixing the twa levy for this year. The former action will be generally approved, we soliver, for the new appointer has already been tried and found not wanting in the firminess and other qualifications accessery to the initializest of the offices. As to the lax levy, the puople who implies to duties of the offices. As to the lax levy, the puople who implies to duties of the offices. As to the lax levy, the puople who implies to duties of the offices. As to the lax levy, the puople who include the since of the offices. As to the lax levy, the puople who include the same of the countries of the lower raise, and would have full even better it in his discription of the offices of the offices of the lower raise, and would have full even better it in his discription mixed in 1894. In deat, the borden of the office and the vinguing make, it was shown intailly a seven mill rate has next Otte Council will have more to conniect the numbrical givernment with thes the last one had.

The suggestion of Cauncilman Donk, to prevent the frittlering even.

isst one had.

The suggestion of Caunchinva Disal, to prevent the frittering away of time, sogiet to be present more obsery than it has been. Mr. failiny's denial of the charges sgainst him, and his explanation of the conduct, presents exeposelbility of proof upon those who complained, and the exportantly to de this will us doubt be primptly given.

SHOULD MEAD HIS OWN PAPER.

We have received a copy of the Norwick, England, Daylight, unlon-publishes from the Norw a latter written by Judge Calborn of this city to the Grainen (N. D.). New and Times, Daylight has made some very littler and unjoinfillable datelement about the Moment, but an receiving better information stem disposed to treat the Saint more justly. He says, "Having alonely published paragraphs reflecting on the Mormons, I hell bound in fairness in give the other vertical," and then proceed to give Judge Colbert's letter.

Commenting on the communication, however, the Daylight editor evidently it considerably projected against the Mormons, and new is more of this whell the house of his paper ouggest when he considers the suiter Judge Chiborn made the remarks. "Those are truth, but they don't reveal and have and so we ought to be;" whereupon the Norwick acid of the swing and so we are not known abrond as we ought to be;" whereupon the Norwick acid on the state of the saint of the saint of the swing which is not understand about this expression of opinion as the saint of a suite of the saint of the saint way the saint ways the s

The only thing which I do not under-stand about hits expression of opinion as that Judge Cuthorn speaks of himself as a tentile, and yethe winds as "we are not known shread as we cught to be."

not known attract as we complied the."

From this, it is clear the editor
ensures that the "wes" must mean
only Marmons, whereas it our friend
of the quilt would only read
what appears in his own
pages as the chief pository remark
of the judge's modiming, that "wes"
would not be difficult to understand.
The expression to which attention to
quilted by

using by the mills, Jew and Mormon are united in Cash in a common purpose to make to what it mentally will be the present of the mills of the mills

renders or welldors. The "unit of the sentence is the "unit of the which follows—the white people of Units regardless of distinctions of trace, nationality or religion. Designs to the please make a noise of it, and clear away all its doubt on the eccretary of the Sail Taxes. Character of Chamerce being a Genuite or non-Marmon, which is the series correct term.

CLEAN OUT THE WEEDS.

INDIAN PROGRESS.

Date government has perved itself capable of criping with the difficulties that have arisen, so far.

But while the opinions on this point dig. It is a letter from Ashbano, Oregon, to the flar Francisco Caraclein of Hamilton, the control of the flar francisco Caraclein of Hamilton, the last the spring general series to have the question actually deep team interests. It is not the delay. If the interests diameted the united states demand will emitted at the little republic, and rather than the little republic, and rather than the last result should be becomplished in self-state than the last states demand the last should be infinitely and the last states demand the last should be self-slower at the last should sho

pects to begin with the Fat Cles hat would. He has finished the survey of an irrigating illicit six miles long, which will draig water upon all the Indiana lands in the agency; and in heriping the Indiana is antablish homes, raise sattle and grow orang, he feels greatly accordaged by the pringress shown.

In their operations this year, the Indiana there have evened 1,200 access of grain. They have the transits of carline, and attend to their ranches like white meas, branching their shock and keeping up freques and currate. They are also registly foreshring their device the will be said its seatours, as they appear quick in see the advantage of civilization, especially for their children. Nearly slit the Indiana who have received slitnments of land have medically especially for their children. Nearly slit the Indiana who have received slitnments of land have medically especially for their children, who was not forces, houses and stable line two sawmills on the reservation tax most of the control o
