

LOCAL AND OTHER MATTERS.

**THEATRICAL.**—Last night the farce of "Too Much for Good Nature" was played splendidly, keeping the house almost convulsed with laughter from beginning to end. Messrs. Margolis, Lindsay and Graham never played better. The playing of Mrs. A. Clawson was such that it must have gratified her friends. On several occasions lately, when playing soubrette parts, this lady has given unmistakable indications that comedy is her forte; and if anything further was necessary to confirm such an idea, it was given last night. If she were to confine herself exclusively to such parts, and had more practice, she might soon become a very useful member of the company. Miss Adams, Mrs. M. G. Clawson, and Miss Platt, played with spirit, and it is rarely that a farce has been more successful than "Too much for Good Nature" last evening.

The drama of the "White Slave" went off with more spirit than the evening previous. To-night "Lost in London" will be presented, in which Miss Lockhart, Miss Adams, and Messrs. Lindsay, Margolis and Hardy will take the leading characters. The performance will conclude with the farce "To Oblige Benson."

**CAUTION.**—We heard last evening of a rather serious case throughout the beautiful colored sweetmeats imported from the East. Mr. John Croxall, of the 7th Ward in this city, purchased, at one of the stores on East Temple Street, twenty-five cents worth of candy strawberries, colored like the natural fruit. Three or four of his children partook of them, and shortly afterwards they were all taken seriously ill, the symptoms becoming so violent that he had to procure medical aid. The sickness was caused by the poisonous matter used to color the candy. This should be a caution to parents not to allow their children to use such stuff, plenty of the genuine home-made article can be procured, and if it does not look quite so nice its perfect harmlessness can be relied on.

**CALLER.**—We were pleased to receive a call this morning, from Dr. Adonis, representative of the San Francisco Herald, at the recent celebration at Promontory Summit; and formerly one of the editorial staff of the Salt Lake Telegraph in this city. The Doctor and his ringlets look as natural as ever, the latter look as though they received rather more care than usual, making their owner more of an "Adonis" than formerly.

Since leaving this city, about two years ago, the Doctor, as correspondent of the New York Herald, has travelled extensively, having been through the principal portions of California, and from there to Alaska, having been at the latter place at the time of its cession to the United States. On the 20th ult. he landed at San Francisco from Mexico, where he had resided nearly a year and a half, with his headquarters at Mazatlan. He is charmed with Mexico and its people. The climate is delightful, all the year round, its natural resources are boundless and invaluable to the people are hospitable and kind, and were it not for the untimely demagogues with which the country is cursed, it would be one of the finest in the world.

Everywhere, among the intelligent portion of the people, he found the greatest interest manifested in relation to Utah and the Mormons. This was especially the case in Mexico.

The Doctor is highly pleased to visit this city once more, declaring that in all his travels he has never seen any city so charming and homelike as Salt Lake City, the New Jerusalem of the Rocky Mountains.

**DISTRICT COURT.**—Grand Jury in session. Messrs. Baskin and Marshall, counsel assigned by the Court to defend Wm. Murphy, charged with converting a team, wagon and harness belonging to his employer, G. W. Cooper, to his own use, filed a motion to quash the second count of the indictment; motion argued, and the Court sustained the indictment. The Court adjourned till 4 p.m. to await the action of the Grand Jury.

**POLICE.**—Harry F. Evans, who was engaged in the affray with Mosley on Monday, was examined yesterday afternoon, and it being proved that he acted only in self-defence, he was discharged.

**BRIDGES OUT OF REPAIR.**—Brother Caleb Laker, of Black Rock, called in yesterday afternoon. He says there are two bridges, one a short distance west of Jordan Bridge, the other over the canal a little east of the same bridge, which need repairing badly; he had great difficulty to get over them with his team without an accident. This should be seen to immediately.

**WHITE RABBITS.**—Yesterday, a male and female of the tame English white rabbit safely landed in this city from the East, for Mr. Henry W. Naisbitt. This we believe is the first importation of the kind that has been made into this Territory.
