The Northern Pacific.

NEW YORK, 21.—At the annual meeting of the stockholders of the Northern Pacific Railroad to-day the report of President Villard was read. It shows the gross earnings for the fiscal year ending June 30th, 1882, are $5,430,305, operating expenses, including rent and taxes, $3,572,840; net earnings, $1,857,465. ratio of expenses to earnings, 65.86; increase in net earnings over the previous year, $588,335; average number of miles operated, 797; increase in net earnings per mile, $884; number of passengers arriving and leaving the eastern termini, St. Paul, Minnesota, Duluth and Superior City, 106,886, an increase of 71,644 passengers. The earnings of the eastern division show a gain of 92 per cent. and the freight movement shows an equal percentage of increase. During the year the ends of the track have advanced from the east 183 and from the west 102 miles; total, 285 miles; leaving on June 30th, 1882, 572 miles to be built. This will be lessened by the close of 1882 probably 300 miles, leaving 272 miles of track to be laid in January, 1883. The final connection of tracks is expected to be made during 1883. In addition to the work done on the main line 222 miles of track have been laid on branches in Minnesota, Dakota and Washington Territory. The great bridge across the Missouri River at Bismarck will be completed early in October.

The financial statement shows cash on hand at the beginning of the year to be $11,567,944; receipts from the sale of bonds and preferred stock $4,682,086; expenditures for construction, $21,577,995. The expenditures for construction are largely in excess of the resources of the company from the net earnings and proceeds of bonds received from the Syndicate, but thanks to the assistance of the Syndicate and the Oregon & Trans-continental they were always prepared to meet all demands without even borrowing in open market. The management points to the fact that it has finished 275 miles of road grade, 150 miles additional were bought, and they have paid for sufficient rails for the entire gap between the two ends of the line, and made besides current disbursements for motive power, rolling stock, the Bismarck bridge, the great Bozeman and Helena tunnels and other heavy portions of the work without delivering a single bond to the Syndicate since last December, and an additional finished mileage of 275 miles has just been inspected and approved by the United States Commissioner which insures immediate reimbursement.

The Land Department sold 465,208 acres during the year for $1,709,338, the average price being $3 per acre.

The following named were re-elected directors: Frederick Billings, Ashbel H. Barney, J. W. Ellis, Roswell G. Rallston, Rob. Harris, Thos. F. Oakes, Henry Villard, J. P. Stackpool, Benjamin P. Cheney of Boston, J. C. Bullet and H. E. Johnson. J. Pierrepont Morgan and August Belmont, added to the list of officers last year, were re-elected.

Boston, 21. — There have been $50,000,000 of the Northern Pacific Railroad loan subscribed.

Freethliten Beef.

CHICAGO, 21.—A company, to be known as the Texas Continental Transportation Company, to engage in carrying dressed beef in refrigerator cars from the beef raising country of the southwest, was formed here to-day. Operations will be confined to the Huntington system of railways, with the Chesapeake & Ohio as the eastern outlet, and the Southern Pacific as the western. It is said the company has the backing of the cattle raisers and shippers of the Southwest.

Red Rebellion.

CALDWELL, Ks., 21. — A private letter from Cheyenne Agency, dated September 19th, states that Bob Paisal, a half-breed Arapahoe, was shot and killed by an Indian about forty-five miles south of the agency. Scouts are now out after the murderer. The letter also states that on the 18th four Creek Indians reported at Cheyenne Agency and informed Agent J. D. Mills they were being pursued by rebel Creeks and asked protection.

It appears that a party of Creeks opposed the result of the late election in that nation and they inaugurated a reign of terror, killing and driving out all who sustained Gov. Curtain.

President Arthur.

The President arrived at 1 a.m. When he arrived at Jersey City he had not heard of the nomination of Folger, but when acquainted with it manifested no surprise. He said that yesterday's cabinet meeting was merely routine, and that the members of the cabinet would follow him to this city to day to attend a meeting this afternoon. He will remain in New York for several days. He complained of the oppressive heat at Washington.

Coal Oil Corner.

PITTSBURG, 21.—The *Commercial Gazette* will say to-morrow: There is good authority for the statement that an attempt will be made to corner oil on a big scale. Operations have already been commenced here and elsewhere, and about twelve million barrels have already been bought and taken out of the market. Heavy buyers outside have a pool which have a hold on several million barrels, and it is said the present break is made for the purpose of shaking out the weak holders.

Death from Delirium.

RICHMOND, 21.—The body of Augustus Green, a well known and wealthy Englishman, was found in the woods near his late residence in Chesterfield county, with a starving dog guarding the body. Green, it is supposed, wandered off in a delirium.

Willing to Work.

PITTSBURG, 21.—The difficulties between manufacturers and iron workers having been settled a large number of mills started up with their full complement to-day, and the balance will be in operation by next Monday.

Yellow Fever.

PENSACOLA, 21.—There were 60 new cases of yellow fever to-day, and two deaths. The total cases to date 344; deaths 41.

The Team Turned Loose.

NEW YORK, 21.—The British team has disbanded. Col. Walraud has gone to Winnepeg to hunt deer, and Capt. Goodsell has sailed for home. The remaining members of the team spent yesterday in this city seeing the sights. They will start this morning for Niagara Falls with the exception of Sir Henry Halford who will remain in New York. The members of the team will sail by the *Arizona* for Liverpool, Sept. 20th.

Dorsey's Defense.

A *Herald* Washington special says: "Dorsey's friends say to-night that Ben Butler has been retained to defend Dorsey in the next star route trial. Senator Jones, of Nevada, expressed the opinion today that at the next trial the conspirators would be convicted. He said that the administration is thoroughly in earnest and will not relax its determination to convict.

Dying.

San Francisco, 21.— Assistant Chief Engineer H. E. Brady, of the fire department, while running to a fire this afternoon, was thrown from the carriage sustaining a fracture of the skull. He is now dying.

A Deadly Duel.

New York, 21.—A *Herald* St. Petersburg special says: Lieutenant Stalehine was killed yesterday in a duel with pistols at fifteen paces by Captain Prince Skakowskoi. Three officers and Count Solahub, a son of the historian of the Turko-Russian war lately deceased, were witnesses. The meeting took place at Pargolow a few miles from St. Petersburg. Shakowskoi fell at the first shot slightly wounded in the side but the ball which he fired in falling mortally wounded Stalehine. The cause of the duel was a long standing enmity which had lately broken out afresh.

An Old Soldier Dead.

Lieut.-Col. Harvey A. Allen died at Schalenberg, N. J., near this city yesterday. He was at the siege of Vera Cruz, and the battles of Cerro Gordo and Molino Del Rey, and for meritorious conduct in the late war he was brevetted captain, and at the close of the war he returned to the States. He was in service in Florida against the Seminoles. Re served through the war of the rebellion, and then was assigned command at California with the rank of major.

FOREIGN.

THE WAR IN EGYPT.

Demanding Damietta.

ALEXANDRIA, 21.—Gen. Wood and Admiral Dowell move simultaneously upon Damietta early to-morrow, and they will demand a surrender. Division of Abdellah Pasha's men at Shirbin, who are escaping, cannot proceed farther owing to breaks in the railway.

The Khedive has refused to receive the natives of Cairo, compromised by the rebellion.

The rebel entrenchments at Kafrel-Douar is abandoned by the British, and has become the refuge for 1,000 Bedouins, some of whom are armed.

Arrests.

Several fresh arrests were made to-day. Among the persons arrested is said to be Gandeel, prefect of police at Alexandria, on day of the first massacre. He has been placed in irons.

Cries in Cairo.

Two nights ago a procession paraded the streets of Carlo, and "Allah protect Arabi Pasha," "Allah destroy that Christian, Mohammed Sepik" were the cries.

Investigating Crimes.

The Khedive appointed a special commissioner to inquire into and prosecute the author of the outrages in June last. The commission is composed of four Europeans and three natives, and is under the presidency of a native. The foreign consulates will be represented, but will have no vote, and the Khedive also has appointed a similar commission at Tanta to investigate the crimes in other parts of Egypt during the war. A train of immense length arrived in Cairo with several thousand natives whom it is alleged Arabi Pasha forced from their homes. Ahmet Refaat Pasha was appointed governor of Alexandria, and was removed because of objections by Europeans, but he was again appointed.

Court Martial.

Cairo, 21.—Arabi Pasha and his accomplices, military and civic, will be tried by court martial. The officials and troops of Soudan and Upper Egypt will proffer loyalty to the Khedive.

Under the direction of Sultan Pasha, wholesale arrests of the supporters of the national party are being made by the Khedive's government. All who signed the proclamation authorizing Arabi Pasha to continue the war are being imprisoned. Arabi Pasha asserts that all his acts were at the instigation of the Khedive and Sultan, and he was unable to restrain the Egyptian army from fighting. His war office has been searched and important documents found. Thirty fanatical Sheiks were placed in the citadel. Abdullah Pasha is reported as not killed, and he has sent word that he is willing to surrender.

Thirty-six prisoners of war escaped from the citadel by a rope.

Abdallah Pasha.

Abdallah Pasha's regulations relative to the surrender of Damietta are regarded as intended to gain time. It is reported that he is strengthening the fortifications. It is said again that Abdallah is willing to surrender, but the black troops refuse. It is believed the Egyptians are entrenched beyond the fort on the east side of the river.

The Sinews of War.

About £200,000 were taken from the treasury by Arabi Pasha. 18,000 pounds were discovered in the War Office and deficits are probable also in the Interior Department.

Died after Promotion.

Malta, 21.—Commander Rowson, specially promoted for bravery at Tel-el-Kebir, died of his wounds.

Rome, 21.—A court-martial condemned Lieut. Paolucci, who deserted to serve with Arabi Pasha, to two years' imprisonment and dismissal from the service.

Punishment for Arabi.

London, 21.—An Alexandria dispatch to the *News* says: Isolated punishment among the lower classes will produce no effect until Arabi Pasha and other leading rebels are publicly disposed of. A member of General Wolseley's staff states that the subject of an early return to England of portions of the troops has not yet even been discussed.

Rumors.

Port Said, 21.—Nearly all of the garrison of Fort Ghemileh fled before the surrender. Gunboats have gone to Damietta and that garrison has resolved to lay down its arms. Abdallah and Aboulata Pashas with a small escort have gone in the direction of Cairo.

The Canal.

London, 21.—The *Times* on the Suez Canal declares that in an age when the control of nations over arms of the sea coming through or commanded by their territory is being everywhere abolished, it is impossible to allow the directors of the canal company to arrogate powers as extensive as ever claimed by Denmark over the sound. Neutralization of the Suez Canal in its reasonable sense is understood to mean that it shall be regarded as an arm of the sea. Not the question of enlargement of the canal or the construction of one is the practical question just now but how to secure ourselves in case of complications which may possibly arise, against being thwarted by DeLesseps. The subject of the canal will, we believe, seriously engage the attention of the government.

Funeral.

OXFORD, 21.—Gladstone was a pall-bearer at the funeral of Dr. Puzy and Cardinal Newman walked beside the coffin. Bishop Mackarkness, of Liddell, and Canon Liddon officiated at the service. The flags of the city were at half mast. All dignitaries of the University were present.

Bombs.

Triest, 21.—Overdank and 20 young men, for the most part deserted from the army, drew lots to see who would throw bombs at the Emperor Francis Joseph during the reception here. Overdank attempted suicide. A Russian at Kief prepared the bombs. The police of Vienna are making domiciliary visits.

Some men were arrested after the throwing of the bombs into the ranks of the Society of Veterans August 20th. Hearing of the arrest, Overdank confessed that they threw the bombs from his house door.

Floods.

Vienna, 21.— Twenty-six bodies were recovered in the flooded districts of the Tyrol. The towns of Fannicher, Silleln, Tabloch and Welsberg are entirely destroyed, and houses are falling hourly. The Emperor has ordered four detachments of pontooners and one engineer to the distressed province, to repair the damages. The railways in several parts of the province have month. The rainfall continues.

Declined.

Constantinople, 21.—It is stated that Certain Powers, including Germany, have declined to consider Russia's proposal to refer the Turko-Greek frontier question to a conference of Ambassadors.

Audience.

United States Minister Wallace had an audience with the Sultan today.

Town on Fire.

Moscow, 21.—The town of Kashin, in the government of Euer, has been in flames for two days.

BRIEF TELEGRAMS.

The Anglo-American cable laid in 1869, is restored.

Stanley, the African explorer, has arrived at Lisbon.

Yesterday there were 200 appointments to the pension office, in Washington.

Stanley penetrated 300 miles beyond Vivi and established 15 trading stations between Vivi and Rokt in Africa.

The Treasury Department yesterday purchased 522,000 ounces of fine silver for delivery at New Orleans, San Francisco and Philadelphia.

The Iron Manufacturers of the Wheeling District met at Wheeling yesterday and unanimously resolved to work their mills until the labor prices were equalized with Pittsburg.

The counsel for Sergeant Mason have filed a petition for a habeas corpus, and the argument will be heard on the motion for the writ at Utica, New York, early in October.
