

OUR RELATIONS WITH MEXICO.

Generally Believed They Will Continue Very Friendly.

NEW PRESIDENT'S POLICY.

Much Speculation Regarding It—Remarkable Article Declaring He Is Very Inimical.

Mexico City, Sept. 12.—The Associated Press account of the program of President Roosevelt excited interest here, where there is much speculation in governmental and business circles regarding the policies of the new American President. The President's declaration in favor of better steamship communication with Mexican Pacific ports and the building of an isthmian canal was well received, for it is believed that the construction of a canal will tend to promote the growth and prosperity of the west coast of this republic. It is also generally believed that the relations between the Mexican and American governments will continue to be as friendly under President Roosevelt as under President McKinley whose death is sincerely lamented by the Mexican people. A remarkable tribute of respect to his memory by the Mexican government marks a new epoch in the relations of the two countries. The celebration of Mexican independence day was shown of some of its leading features out of respect to the American President lying dead.

El Universal publishes a leading article by Senor Dublan Montesinos in which he alleges that during the Spanish war he had an interview with President Roosevelt, then assistant secretary of the navy, and that Roosevelt said that Mexico must either absorb Central America, or be in turn absorbed by the United States.

This article has caused some gossip but no one here in authority believes that the new American President will do anything to alter the present excellent harmonious relations between the two governments.

There is intense interest to know leading traits and habits of the new President, toward whom there is general good will.

American residents will hold a memorial service in honor of President McKinley on Thursday, which will be attended by the official world here.

One remarkable feature of the comment on Mr. McKinley's assassination is the sympathy shown by the Spanish residents, who had come to respect McKinley as a sincere friend of Spain and magnanimous in the hour of victory.

During the celebration of independence day, three Spaniards wearing tall hats with Spanish colors went about distributing hand bills with the legend, "Down with the Trusts."

To Control British Tobacco Trade.

New York, Sept. 18.—Regarding cable reports from Liverpool that an offer has been made by the American Tobacco company to purchase a controlling interest in the Ogden Cigarette company of Liverpool, it was said in Wall street that negotiations between representatives of the Consolidated Tobacco company (not the American) and the Ogden company had been going on for some time. These negotiations, it was declared, were but a step in a movement which aims at the control of the tobacco business in Great Britain.

German Minimal Duties Doomed.

Berlin, Sept. 18.—The Society for the Protection of the Rhine and Moselle has adopted a resolution against the system of minimal and maximal duties on grain. Action of this kind is now growing so frequent that minimal duties may be regarded as doomed.

Chicago Bar Resolutions.

Chicago, Sept. 18.—The Chicago bar association has adopted resolutions on the death of President McKinley which will be sent to Mrs. McKinley and presented to the federal and state courts. The resolutions in brief are as follows: "In the assault upon our chief magistrate we recognize a blow dealt at the law and the administration of the law. We join in sorrow at the deed and we unite in a resolve to co-operate to our utmost in an effort to support and, where necessary, to amend existing laws in the future to make sacred and secure the person of our nation's chief representative."

BOISE ANARCHIST SAVED.

Rev. B. F. Clay, Formerly of Salt Lake, Affords Him Refuge.

Boise, Ida., Sept. 17.—Dr. S. W. Burson, the man accused of being an anarchist, and who was expelled from his boarding house for utterances reflecting approval of the assassination of the President, was arrested today on a complaint of W. H. Moss, one of the boarders at the house where the doctor lived. The charge is that of disturbing the peace. He was released on \$300 bonds for hearing tomorrow.

Burson tonight found lodgings with Rev. B. F. Clay, pastor of the Christian church, formerly of Salt Lake, who is one of those who signed the bond today. The crowd determined that the man shall get out of town, went out to look for him tonight and traced him to Mr. Clay's residence.

When they sought admittance, Mr. Clay met them at the door and stated they could not come in excepting over his dead body. The minister then telephoned the mayor asking for protection. The mayor at once went out with the chief of police and the crowd dispersed.

An officer was stationed in the house and it is not thought any further effort will be made to get at Burson.

Boom for Belle Isle Expected.

St. Johns, N. F., Sept. 18.—A boom is expected on the island of Belle Isle in about a fortnight. The workmen employed at the mine will be considerably increased by that time, and the Sydney smelting works will be in a position to handle more ore. It is believed that the supply of mineral beneath the surface is almost limitless.

T. W. Green Charged with Murder.

Fresno, Cal., Sept. 18.—Deputy Sheriff Terrell of Richmond, Missouri county, Ky., has taken charge of T. W. Green, of Clavis, who is wanted for a homicide committed in Madison county, Ky., twelve years ago. Terrell and his prisoner will leave for Kentucky today.

LAST EVENING'S BICYCLE RACES.

Chapman Got First in Twenty Kilometer Race.

NO PACE FOR "BABY" GIBSON

Lobsters Wrenched Another Game From White Wings at Ogden Yesterday Afternoon.

It was no discredit to Baby Gibson that he lost the twenty kilometer race with Johnnie Chapman last evening, neither was it any credit to Chapman that he got first money. Chapman won because he had better pace, and Gibson failed to win because his paces were not or could not go around the Atlanta. Where Chapman did beat Gibson was in renting Turville's fast motor first, and the little Cincinnati was forced to be content with the smaller machine. In the vernacular of the racing men, Gibson included, it was a "clinch" for Chapman from the start. He took the lead and maintained it to the end of the race. There are many who doubt not, and so expressed themselves, that the "Baby" could have defeated his rival had he been given what he clamored for all during the race, to wit: "More speed, go faster."

He was as fresh as a daisy throughout and made a pretty sprint on the last lap.

Chapman made a pretty ride at the beginning and his paces, Oscar Julius and Gus Lawson, hit off the five laps—one kilometer—in record breaking time. Gibson claims he begged the Turvilles to pull him up so he could take onto Chapman's rear wheel, but they either did not hear the request or ignored it altogether.

On the fifteenth kilometer Gibson's tire blew out, which caused a delay of several minutes, during which the motor cycles sprinted a few laps for the amusement of the crowd.

The most surprising event of the evening occurred in the final of the one mile handicap professional when John Lawson left the bunch and made a phenomenal sprint for first money. As soon as the others recovered from their surprise, Gus Lawson took after "Yon" and rode like a legion of devils on his trail. He beat the "terrible" by a few inches but "Yon" got second money, which is pretty good.

He received a greater ovation for his effort than did Gus for his well earned victory.

Eddie Smith took first money in the two-mile lap race, after a lively fight with Heagren. Hopper and Hume got in a mix-up on the track and after they landed in the oat field it required some time to disentangle them.

SUMMARY.

One-mile professional handicap, first heat, John Lawson, 59 yards, first; John F. Staver, 126, second; Charles Turville, 59, third; Ben Green, 125 fourth. Time, 2:10.15.

Second heat, W. E. Samuelson, 40 yards, first; Gus Lawson, scratch, second; Clem Turville, 70 yards, third; L. Neiderhofer, 115 yards, fourth. Time, 2:02.55.

Final, Gus Lawson first, John Lawson second, Clem Turville third, John F. Staver fourth. Time, 2:00.

Two-mile lap race, amateur, half-mile heats, Eddie Smith first, R. James second, E. B. Heagren third. Time, 1:09.45.

Second heat, J. B. Hume first, J. Hopper second, Jim Smith third, Charles Herman fourth. Time, 1:04.45.

Twenty-kilometer (12½ miles) match race, J. M. Chapman first, Harry Gibson second. Time, 22:01.5.

RACES TONIGHT.

Fifteen Mile Three Cornered Motor Paced Event the Feature.

The main event at the saucer this evening will be a three-cornered motor-paced race of fifteen miles. Arrangements for the contest were completed by Manager Rishel last evening, and "Baby" Gibson, Charles Turville and John Lawson have signed for the race. There will be a half mile open for professionals and a two mile amateur lap race.

OGDEN WINS AGAIN.

Salt Lake Will Have to Hasten Some to Win.

Ogden 6 2 4 333

Roy Evans was the entire thing at Ogden's end of the argument with the White Wings yesterday afternoon. He held the enemy down to seven hits and

contributed one of the eleven hits his team got from Meredith.

The game was very erratic from beginning to end and Ogden won in the ninth, winning two straight games from the immediate. It is believed Evans would have secured a shut out but for his miserable support. The fielding on both sides was bad. There was one pretty double by Webster-Williams-Hickey, a nice stop by Blake and a pretty foul catch by Bluth.

Here's the detailed score:
