IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the last two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is central to located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making East ern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburg, Fort Wayne & Chicago, Kankakee Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets on the Old Pioneer Route—

The Chicago and North-Western.

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Sons, Ticket Agent, Salt Lake City, A. H. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb. or to W. H. Stennett, General Passenger Agent, Chicago. d54

Suicide. — This morning Isaac Newton, a young man, slightly colored, resident of the 8th Ward, quarrelled with his wife, a white woman, and called her some hard names, in presence of another party. He subsequently relented and asked his wife's forgiveness, which she refused. He packed his trunk, saying he would learn to which she did not object. He left, but soon returned and renewed his importunities for forgiveness, but his wife persistently refused to be friendly, saying she would leave if he didn't.

Newton finally, about 10 o'clock, in a fit of desperation, fired a pistol to the right side of his head and shot himself, the ball entering above the right ear, killing himself almost instantly.

Subsequently Coroner Taylor and a jury held an inquest over the body, the verdict being in accordance with the facts above narrated.

LEGISLATIVE MINUTES.

COUNCIL.

Yesterday, at at 1 p. m., the Council met pursuant to adjournment, and at 1:30 p.m., Council went into Joint Session.

JOINT SESSION.

Yesterday, at 1:30 p.m., the Assembly met in Joint Session, the President of the Council presiding.

The President appointed Councilors Woodruff and Smoot and Hons. J. C. Wright and Thos. Taylor a committee to wait upon the Governor.

His Excellency Governor Emery having arrived, accompanied by the committee, then presented and read his message, which was published in yesterday's NEWS.

The following communication was submitted by Secretary Black:

Treasury Department
First Comptroller's Office,
Washington, D.C., Dec. 10, 1875.

George A. Black, Esq., Secretary Utah Territory, Salt Lake City:

Sir:—I have received your letter of November 27th, 1875, asking for such suggestions and definite instructions as would relieve you of the embarrassments to which you are subjected at the approaching session of the Legislative Assembly, on account of the action of Congress making the amount of $23,400.00 appropriated for legislative expenses, 1876, available for the intended purpose, only under certain conditions.

By Act of Congress of March 3rd, 1875, it was provided that the amount of $23,400.00, appropriated for compensation and mileage of members of the Legislative Assembly, officers, clerks, and others, "May be used under the direction of the Department of Justice, to defray the judiciary expenses of the Supreme and District Courts of said Territory; and the amount so used shall be reimbursed to said appropriation out of the Treasury of said Territory, and until such reimbursement shall be fully made, no member or officer of said Legislative Assembly shall be entitled to any compensation or allowance, out of any moneys of the United States."

It follows from this that, to make any part of the $23,400.00 available for legislative expenses, the Territorial Legislature will have to comply with the conditions under which Congress made the appropriation by reimbursing the appropriation for legislative expenses from the Territorial Treasury to the extent of the amount expended under direction of the Department of Justice.

The appropriation of $23,400.00 is "for compensation and mileage of members of the Legislative Assembly, officers, clerks and others," but no mention is made of printing, binding or other expenses of the Assembly. The attention of the Secretary of the Treasury has been called to the omission, with a view to its being presented to Congress.

Very Respectfully,
R. W. TAYLER,
Comptroller.

On motion of Councilor Caine the communication was referred to each House for their respective action thereon.

David O. Calder was elected Public Printer.

Mr. Farr moved that 2,000 copies of the Governor's Message, with accompanying documents, be printed in pamphlet form. Seconded and carried.

Mr. Rockwood presented the following motion:

I move that there be printed in pamphlet form, 100 copies of the names of the members of the Council and House of Representatives, designating the district which they severally present, also the names of the officers and the members of the Standing Committees in each branch of the Assembly. And that 75 copies of the daily minutes be also printed for the use of the Assembly. Seconded and carried.

The Joint Session dissolved.

On dissolution of the Joint Session, the Council resumed its sitting.

A communication was received from Joseph Young, Sen., announcing that he declined the office of chaplain, owing to other pressing duties.

Zebedee Coltrin was elected Chaplain.

The Hon. Secretary of the Territory then administered the oath of office to Councilor Thatcher and Mr. Z. Coltrin.

The sergeant-at-arms of each house was authorized (the House concurring) to supply each of the members and officers, during the continuance of the session, with such newspapers published in the Territory, as they may select, not to exceed three dailies, or an equivalent amount in semi-weeklies or weeklies.

Two o'clock p.m., was fixed as the regular hour for meeting.

A committee of one from the Council, and two from the House, were appointed to arrange for furnishing such supplies as may be necessary to enable each branch to carry on the business of this session of the Legislative Assembly, Councilor Burton being appointed said committee on the part of the Council.

The sergeant-at-arms was instructed to furnish seats and tables for newspaper reporters.

City Council.—The Council met last evening, at 7 o'clock, Mayor Wells presiding.

A communication from Jonathan Chatterton was received and read. It set forth that he was willing to compromise with the city for injuries accidentally done his son, James Chatterton, while he was watching the men at work in the waterworks drains, on a basis of $5,000; laid on the table. The foregoing matter had been previously referred to an appropriate committee, who, at their own desire, were permitted to return their report, with a request that it lie on the table; report received and tabled accordingly, together with Mr. Chatterton's petition relating to the subject.

Petition of W. N. Cook, asking for repairs to prevent the waters of Red Butte running through and washing away his lot; tabled.

Petition of John G. Hawkins, asking, for certain reasons set forth, for the remission of City taxes, amounting to $63; granted.

Petition of Mrs. Waldron, setting forth that, having been left, by the sudden demise of her husband, to provide for herself and children, she has opened the Eureka restaurant on 2nd South Street, and asking for the remission of her license therefor for the ensuing quarter; granted.

Petition of J. B. Maiben and seventy five others, residents of the 1st, 2nd, and 10th Wards, asking for certain repairs at a dam on Emigration Creek, near the mouth of Emigration Canon, to facilitate the more equal and just distribution of water to the Wards named, referred to the committee on improvements. That committee reported, there and then, to the effect that compliance with the request, in their judgment, would be inadvisable, for certain stated reasons; report received and adopted.

Communication from Dr. Seymour B. Young; setting forth that the maintenance of the asylum and hospital cost the city, in the year 1875, $7,636.47, and offering to take charge of those two institutions, by contract, furnishing food, lights, clothing, medicine, medical attendance, &c., for one year, for $6,306; referred to committee on asylum and hospital.

A communication was received from J. W. Nixon, stating that he had consented to allow B. W. E. Jennens to place a powder magazine on his premises, in Martin's Alley.

The committee to whom was referred the petition of F. Kesler and others, asking that a bad spring hole, on 5th West Street, be repaired and rendered safe, reported favorably, report adopted and supervisor instructed to make the necessary improvements.

The committee to whom was referred the petition of F. J. P. Pascoe, asking that he be released from paying license on his smelter, reported adversely, and recommended that the committee on municipal laws be instructed to draft an ordinance with a view to prevent any more smelters being erected within the corporate limits of the city.

The committee on municipal laws reported an ordinance, repealing parts of a former ordinance relating to licensing physicians and surgeons, and also another repealing parts of an ordinance relating to the sale of drugs and medicines. Those new ordinance were referred back to committee, with instructions to draft entirely new ordinances on the subjects in point, and entirely repealing the old ones, the partial repealing of laws having a tendency to confuse and befog.

The Chief Engineer of Fire Department submitted his annual report for 1875, which was read and referred to the committee on fire department.

Captain Burt's annual report of the police department for 1875, was received and placed on file.

It was announced that the loan of $50,000 by the City to the Gas Company had expired, and the subject as to whether the loan should be renewed, or the City take the amount specified in stock of the company, was discussed. The latter plan was adopted, and Councillors Young, Dinwoodey and Calder were appointed a committee to ascertain the value of the stock and make the necessary negotiations.

Adjourned till next Tuesday evening at 7 o'clock.
