We do not advertise some articles, lower than some have been selling, for the sake of running our brother merchants in the trade; or for a speculation to draw customers, and charge double prices on other articles, but for the purpose of doing as we would be done unto, LIVING AND LET LIVE, and as we progress in business, should we increase in capital, we design to invest the whole in such machinery as shall be most useful to the citizens of Deseret. We ask our friends to try us once, and see for themselves.
