

## THE NATIONAL IRRIGATION CONGRESS

Sacramento Extends Welcome To Vice Pres. Fairbanks, Gov. Cutler and Others.

UTAH WELL REPRESENTED.

Two Hundred Delegates Present—The Ogden Choir Will Be a Big Feature.

Sacramento, Cal., Sept. 1.—The city today extends a hearty welcome to Vice-President of the United States Charles W. Fairbanks, Gov. Albert E. Mead of Washington, Gov. J. C. Cutler of Utah and hundreds of delegates to the fifteenth National Irrigation congress. Elaborate preparations were made to receive the distinguished visitors and provide for their comfort during their stay here. Interest centered principally in the arrival of Vice President Fairbanks, who came from Stockton, reaching here at 7 o'clock this evening. He was accompanied by Gov. J. N. Gillett and a committee that went to Stockton to meet him. A salute of 19 guns was fired when his train arrived.

Utah is represented by about 200 delegates. The Ogden tabernacle choir, which will be a big feature of the congress, arrived at 5 o'clock in the afternoon and this evening rehearsed the "Irrigation Ode," which will mark the opening of the convention tomorrow. Many of the singers are delegates. Gov. Mead arrived early this morning, accompanied by the Washington delegation from Olympia, and other cities. Early tomorrow morning Gov. Chamberlain of Oregon, president of the irrigation congress, will arrive, and later Gov. Kibbey of Arizona will be here. Gov. Sparks of Nevada, sent word that he will arrive from Reno within a day or so. Including Gov. Gillett there will be six state executives on hand.

Tomorrow will be a gala occasion in this city, as it will be marked by the Labor day celebration and the opening of the irrigation congress, the interstate exposition and the state fair. Gifford Pinchot, chief forester, was among the arrivals today. He will deliver the message of President Roosevelt to the congress.

### CZAR NICHOLAS ATTENDS CONSECRATION OF CHURCH

St. Petersburg, Sept. 1.—For the second time since Red Sunday Emperor Nicholas today entered the capital to attend the consecration of a church to the memory of his grandfather, Alexander II, who was assassinated in March, 1881, on the spot where the edifice was raised. The date of the trip, coincident with the conspiracy trial just closed here, plainly was designed to raise the loyalty of the army and the people. It was a complete surprise, among the arrivals today, that no untoward incident occurred. The police neglected no precaution to

Insure the safety of the emperor, and even went so far as to thoroughly search the city and inspect the passports of suspicious individuals. Gen. Garrison was stationed at every window facing the routes over which the imperial families passed, and owners of houses were forbidden to open windows under pain of fine. Bridge and river traffic was entirely suspended, the banks of the Neva were lined with marine guards and torpedo boats patrolled the river. The imperial party arrived from Peterhof unannounced, not a single salute being fired during their whole stay. The emperor was in excellent spirits, but the empress had the same careworn, sad look that has been remarked so often. The emperor wore a simple uniform with a dark-blue tunic. The empress was gowned in white silk and wore a white ostrich feather in her hat and a string of diamonds. Both their majesties remained standing throughout the entire ceremony, which lasted three and a quarter hours. After the ceremony the imperial party left for a cruise on the Gulf of Finland.

### BENSON AND PERRIN ARE SENTENCED.

San Francisco, Sept. 1.—United States District Judge DeLaven has sentenced John Benson and E. B. Perrin, recently convicted of fraud, to one year's imprisonment in the Alameda county jail and to pay a fine of \$1,000 each.

### PRESIDENT PREPARING HALF A DOZEN ADDRESSES.

Oyster Bay, N. Y., Sept. 1.—To prepare a half dozen addresses, each to be read before a nation of 80,000,000 people, to be delivered from Sept. 3 to Oct. 3, is the task the president is now devoting several hours of his time at night from 8 until bedtime. Beside the half-dozen speeches he will be called on for as many more extemporaneous talks. The president is to terminate his vacation with a dash through the middle west and a south. He will appear first at Canton, O., Sept. 30. At Keokuk,

la. Mr. Roosevelt will speak again and while no intimation has been made as to the character of the address it is thought it will deal with problems of the day. At this place the president will begin his cruise of the Mississippi aboard a steamer bearing the river's name. Steamboat travel gives no opportunity for platform talks and handshakes with eager people, but it has been indicated that many persons will line river banks just for a glimpse of the president as he floats by. The river trip will be punctuated with functions at St. Louis, where another speech will be delivered, at Cairo and at Memphis, where the cruise will end. On the way by train back to Washington there are indications that the president will yield to importunities which are coming to him for more talks and that he will speak to the people of Nashville and Chattanooga or some other selected point.

### LUMBER CASE DECISION.

Macon, Ga., Sept. 1.—Judge Emory Speer has rendered a decision touching the famous lumber case of the Georgia sawmills against the Southern and the other lines of the Southeastern Tariff association. Judge Speer holds that lumbermen who have suffered from the extra 2 cents a hundred pounds on Ohio river points and the west are entitled to a return of the money. The decision lets in all the lumbermen who were instrumental in securing an adjustment of claims. More than \$1,000,000 is involved and time will be required for a full hearing of all claims.

### A FATAL SPANKING.

Boy Had Dynamite Cap in Hip Pocket And It Exploded. Sheboygan, Wis., Sept. 1.—Mrs. Fred Williams, living at Bear Point on Crooked Lake, near this city, was severely injured when her 10-year-old son was fatally hurt when a dynamite cap in the boy's hip pocket exploded while the mother was spanking him. The boy had been watching his father using dynamite in blasting stumps and had slipped one of the caps in his pocket. Mrs. Williams used a shingle. The first blow exploded the cap and tore a large hole in the boy's trousers. His mother lost two fingers and sustained other wounds.

### TROUBLE BREWING BETWEEN CHINA AND JAPAN.

Tokio, Sept. 1.—Reports from Seoul state that Chinese officers in Kantao, in northern Korea, have demanded that Maj. Saito, who was sent there recently at the request of the Korean government to extend the necessary protection to Koreans, withdraw. Maj. Saito has refused to comply with the request. Kantao is the name of an extensive strip of land lying on the upper Yalu river, bordering on Tuman. The territorial right to it has been a bone of contention between China and Korea for hundreds of years. There are no reliable figures of the population of the territory, but it is estimated at 500,000 Chinese and 400,000 Koreans. It is said that the Koreans have without an official protector and Maj. Saito was sent as above stated. The question of the territorial claim to Kantao is full of historical complications and is one difficult of speedy solution, especially at a time when China is so unconciliatory towards Japan. Rivalry is expected between the Chinese authorities and the Japanese representatives of the Korean government in that locality, and it may ultimately be necessary to undertake formal negotiations between the Chinese and Japanese governments on the subject.

### UNDER INFLUENCE OF GAS.

Man Rises From Chair, Attacks Dentist and Gets Fractured Skull.

Washington, D. C., Sept. 1.—While under the influence of gas today preparatory to having a tooth extracted, George W. Bowers, aged 38, rose from the chair and violently attacked Dr. B. Leonard, who was treating him, severely beating him and knocking him down. The doctor's call for help brought W. H. Wanger, who was treated in similar fashion. Fearing that his life was in danger, Wanger reached a small hammer and by using it freely on Bowers' head, causing a compound fracture of the skull. Bowers was taken to an emergency hospital and Dr. Wanger was arrested. He was released in \$1,000 bail. During the struggle between the three men Bowers' wife and a number of women patients were thrown into a panic and took flight. Bowers will recover.

### AERONAUT MARVELOUSLY ESCAPES ELECTROCUTION

San Francisco, Cal., Sept. 1.—John E. Drexler, an aeronaut less than 20 years old, made a balloon ascension from the ruins today. When in mid-air he cut loose his parachute and descended near the Stanyan street entrance to Golden Gate park. The parachute dropped into a network of electric wires and fell to the sidewalk, leaving Drexler suspended in a perilous position. In some manner he escaped electrocution. His weight short-circuited two of the wires, blowing out all of the fuses in the neighborhood. Drexler, after recovering his balance, leaped out from the wires turned two corners and landed 30 feet below without sustaining serious injury.

### RICHARD MANSFIELD'S BODY LIES IN STATE.

New London, Conn., Sept. 1.—All day Sunday the body of Richard Mansfield lay in a coffin in the room in which the actor died. Tomorrow the funeral services will be held at 12 o'clock. The Rev. Alfred Poole Groff of St. James' Episcopal church will conduct the service. By request there will be no address. The choir of St. James' church will sing the hymn, "A Kindly Light." Following a brief period during which the features of the dead actor will be viewed, a funeral procession will be formed for the burial place in Gardner cemetery, which is across the street from the Mansfield home. The honorary pallbearers will be Commander John Parker, United States navy; Webster Jewett, Robert Appleton, B. D. Stevent, Paul Whitcomb, Col. A. C. Tyler, Roland P. Measey and William P. Appleton.

### NEBRASKA PRIMARY LAW.

The law enacted by the last legislature does away with all nominating conventions for city, county and state, and the state-wide primary will have its initial test. Nebraska this fall elects an associate justice of the supreme court, a railroad commissioner and two regents of the state university.

## STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness. Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life. Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

### Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

I entered your school Oct. 20, 1906, nearly one year ago, and remained there for about three weeks. Since that time and up to the present I can speak and read fluently. I cheerfully recommend your school to all who are thus afflicted. Yours respectfully, WALTER HAMILTON.

## Are You Feeding Baby Wisely—or Blindly?

ARE you certain, mother, that the food you are using is best for your baby?

We want you to prove for yourself just as far as you can that what we say is true when we assert that next to mother's milk Sanipure Milk is the ideal baby food.

Take the best authorities—compare the analysis of mother's milk with that of Sanipure Milk, or any other infant's food—and you will find that Sanipure Milk is very near to healthy mother's milk in what it contains and, in proportions, more nearly like mother's milk than any other substitute.

## Sanipure Milk

Is Nature's own substitute for mother's milk. It is the balanced diet for baby—the purest of cow's milk with the indigestible casein modified in quality and quantity. Sanipure Milk acts in baby's stomach the way mother's milk acts. It breaks into tender digestible flakes—does not clot into a hard curd like plain cow's milk and other unbalanced foods, and fulfills every requirement, according to best authorities, as to what infant's food should be.
