

EVENING NEWS. PUBLISHED DAILY, SUNDAY EXCEPTED, AT FOUR O'CLOCK. Friday, May 21, 1880.

EDITORIAL NOTES.

The two towers of the Cologne cathedral, which is now nearly completed after centuries of work, are the highest in the world. They are 524 feet 11 inches and 515 feet 1 inch high, respectively, while St. Peter's at Rome is but 459 feet 2 inches. The ridge tiles of the Cologne cathedral are 330 feet 3 inches from the ground, while the top of the dome of St. Paul's in London is only 4 feet 10 inches higher.

The example set by some ladies in Lancashire, England, a few weeks ago, is an admirable one for their American sisters on whose hands time hangs heavily and who desire to do something out of the common way. They each set out with their own hands a tree on a newly-opened street. There were forty-eight silver beeches in all, and when the gentlemen heard of it, they turned out, too, and made a holiday of the tree-planting. It is a sort of thing which might become contagious with public advantage.

Brutes, called men in the East, who beat their wives with their fists and kick them with their heavy boots, get off with a few days' imprisonment, so we learn from the New York Herald, and the offense is quite common in that "Christian" city. One woman has tried her hand at making practical the adage, "What is sauce for the goose is sauce for the gander," and has given her husband daily doses of the strap. He endured it for a long time, but finally made complaint, and the magistrate let the woman off with a reprimand. Offenses against the person are counted less than offenses against property, it is evident, in Gotham.

Our Washington correspondent "Adams" says: "There are rumors here of a combination of Southern Republicans to have Governor Davis of Texas nominated for Vice President. This is another alarming sign to the Grant people, for it seems to be in the interest of Senator Blaine. Already it is said several Southern delegations to Chicago are committed to this programme, to have the extreme north-east and south-west represented on the National ticket. Texas, of course, will lead off with it, and Arkansas is about ready to abandon its Grant instructions in the interest of the Blaine and Davis movement."

PEAR BLIGHT.

We notice in several papers of an attack of a disease upon pear trees, which is fatal in a large number of instances. The best pear culturists of the country are at fault in relation to its cause and cure. We do not know whether any of our Utah orchards have been troubled by this disease, but it is quite likely to manifest itself in these parts as well as in the East. The first sign of the pear blight is a black streak on the limbs or the body of the tree. The tree withers and dies much to the perplexity of the horticulturist.

We have heard of a remedy for the pear blight which we think should be made known as it is said to have proven effective in trials extending over many years. As soon as the black streak is seen take a sharp knife and slit the blackened bark so as to allow the juicy substance under it to exude. It will trickle out in the course of a few hours looking like dark colored molasses. If allowed to remain it will affect and poison the whole tree but being allowed to escape before spreading too far, the tree may be saved from material injury. The pear is a delicious fruit well adapted for preserving and canning; its culture is becoming extensive in Utah. Care is required for the production of fine fruit of all kinds and pear growers will do well to examine their trees during the present season and stop the ravages of pear blight as soon as the disease shall appear.

THE WORK IN EUROPE.

We have been favored with the perusal of a letter from Elder N. Wilhelm, President of the Scandinavian Mission, to Elder A. M. Møller, of this city, dated Copenhagen, April 29, from which we learn that the work is prospering in Northern Europe. During the last winter a large number of well-attended meetings were held in the various branches and conferences, and a large number of converts were baptized.

In Aalborg and Aarhus conferences, in Julund, which Elder Wilhelm had just visited, much interest had been aroused. In Aalborg fifty-six had been added by baptism, and in Aarhus eighty during the past six months.

At Copenhagen, Denmark, new editions of some of our leading pamphlets have been published, also a neat little Bible guide, both in Danish and Swedish, consisting of upwards of sixty pages, has been printed. Of the one in Danish about 2,000 copies were sold in three months. Three regular periodicals are now issued from this office to wit: *Stand i evigens Stjerne* (Danish), semi-monthly, now going on its 25th volume, which has a circulation of about 1,250 copies; of *Nordstjerne* (Swedish), they print about 850 copies, semi-monthly, and *Ungdommens Rødgiver*, a small monthly periodical recently started in the interest of the Sunday Schools and young Latter-day Saints in Scandinavia, and has now about 1,000 subscribers. They expect soon to commence preparing for the press a new edition of the Book of Mormon, the English electrotype edition, and the two former editions in Danish, are nearly all sold. Elder Wilhelm is in good health and in hopes that through the good influence of the Jubilee Conference held in this city, help

would be extended to some of the poor Saints of long standing in the Church in Scandinavia. From the *Mitteldags Star* of May 2nd, we learn that Elder Elias Johansen and fifteen other emigrants, natives of Iceland, arrived in Liverpool, on their way to Utah, on Friday, April 30th, and sailed from that port, on their way to the gathering place of the Saints, the following day, May 1st, on the S.S. *Wisconsin*.

The *Star* has also the following list of releases and appointments:

The following elders are released to return home with the June 5th company: David Bowen, from being traveling elder in the Welsh Conference; John Alexander, from being traveling elder in the Birmingham Conference; Henry Rolapp, formerly of Copenhagen; who has been laboring faithfully by appointment, in the printing department, and performing other duties connected with this office for about two years, is released to go to Utah on June 5th. Until his departure he will labor in the printing department, in the Welsh Conference, under the direction of Elder D. C. Dunbar.

APPOINTMENTS.

Samuel Roskelley is appointed a traveling elder in the London Conference, to labor under the direction of Elder George H. Taylor. Thomas C. Briggs is appointed a traveling elder in the London Conference, to labor under the direction of Elder George H. Taylor. A resolution directing the secretary to notify the republican convention of Alabama that Illinois sends 42 votes for Grant was offered, but withdrawn on account of the great opposition. The gubernatorial candidates were then put in nomination, being Messrs. Cullum, Fort, Renaker, Hawley, Smith and Cullum. The committee here reported the State central committee on the presidential election and the list was adopted. The first ballot on Governor resulted—Cullum 504, Renaker 108, Hawley 98, Fort 87, Ridgeway 76, Carr 55, Smith 51. Necessary to a choice, 547. Balloting continued with much change before the fourth ballot was announced, when a break began—and a large number of changes were made. Cullum's nomination was made unanimous.

MORGAN STAKE CONFERENCE.

The Morgan Stake Conference was held at South Morgan, May 15 and 16. Present on the stand: The Presidency of the Stake, High Council, Bishops and Counselors and others.

Saturday, 10 a. m. After the opening exercises, Pres. W. G. Smith made a few remarks. Said that the Stake had been attended to by the presence of contagious diseases, diphtheria, etc. The priesthood needed temporal help as well as spiritual, for the purpose of making God's kingdom, and God would bless those who were trusted in Him.

Elder Thos. Colburn bore his testimony. Spoke of his labors in the Temple and House of the Lord in assisting in blessing the Saints. Believed that officers should magnify their callings or decline accepting them. The way to draw the people together was to show them that we desired to comfort, encourage and strengthen them, and if we were in possession of God's spirit we could feed His sheep with nourishing food.

Elder Frederick Kingston exhorted the Saints to obtain the Holy Spirit, understand our religion and live it.

2 p. m. A portion of the bishops reported their wards in good spiritual condition, but poor temporally, in consequence of drought, grasshoppers, hard winter and late spring.

Great South read a circular from Dr. R. B. Pratt in regard to teaching a class in obstetrics, and advised the Female Relief Society to send students if possible.

Elder Martin Johnson bore his testimony. Said that the Kingdom of God was not only a temporal increase, but all we possessed on earth.

Elder Wm. Brough bore a faithful testimony to the truth of the gospel and the divine mission of Joseph Smith, and knew that the Y. M. I. associations were destined to become a mighty aid in strengthening Israel.

Elder S. Francis, sen., in reviewing the present condition of the people, reminded us that we had been warned against such times as the present, but we had not on proper heed, nor made timely preparation. Recommended us to study the laws of life, and adopt local sanitary measures. Said all spirits might be sustained by the influence they carried and conveyed.

Pres. Smith spoke further on sanitary precautions being adopted; advised the thorough cleansing of each one's home surroundings; and the appointment by the F. R. S. of proper persons to wait upon the sick.

Sunday, 10 a. m. The remaining wards were reported by their bishops as being in an improved spiritual condition, though much sickness existed, particularly in the Milton Ward.

Elder R. Fry, said we should only use the brief authority delegated to us for the purpose of blessing the people, and God's Kingdom. Read from the vision and prophecies of Moroni, in the Book of Mormon, concerning the fire, tempest, etc., which should scourge certain localities, and the corrupted condition and threatening aspect of the nations, in the day when they denied God and the continuance of revelation. Dollars and cents could not buy forgiveness for transgression, nor purchase salvation, for humility, repentance and faithfulness were the only means known by which we could be saved.

Sister Lydia Rich, Stake president F. R. S., showed what had been the fate of those who fought God and his people. Desired to be devoted to his cause, and to accomplish all the good in her power.

2 p. m. Administration of sacrament. General and local authorities presented and sustained.

Missionaries called to labor in the Stake. Elder John Seaman said that we were a retrospect to be taken of all the life that had befallen the human family. It would be found that their primary cause was the lack of God's spirit. The world was trying to set bounds for the worship of God, and to limit even God himself. It was not enough to be wise in worldly knowledge alone, but he should excel in the knowledge of God. Gave earnest and excellent advice to the young.

Sister M. J. Toomer, counselor to L. Rich, heartily endorsed the counsel of Bro. Seaman to the young, exhorted them to value obedience and chastity more than the empty glitter and hollow show of the world.

President Smith said he and counselors were preparing to act upon the advice of the First Presidency in making this a year of Jubilee to the worthy needy poor. Felt sorry for any one who could not see his interest in the interest of the Kingdom of God, for God and the righteous would always form a great majority as regards power. Advised cooperation in a dairy capacity; completion of Stake House, etc., etc.

JAMES H. MASON, Clerk.

BEEF, BEEF!
 FRESH AND JUICY, THE BEST THE MARKET AFFORDS, JUST NORTH OF LAMBO STOCK CORNER.
 JAS. WILLIAMSON, Proprietor.
