85c

HUNDREDS OF OUR CUSTOMERS ARE DAILY REAPING THE BENEFITS OF OUR FREE TRADING STAMPS by securing useful, ornamental and attractive articles of value absolutely without cost and to those who have not heretofore availed themselves of the opportunities offered and to the multitudes entirely ignorant of the trading stamp idea we now make the following offer with a view to giving them a good start towards securing some desirable gift, and thus convert them to the habit of collecting trading stamps.

Ordinarily if you buy 10c worth of goods you receive one stamp, if your bill amounts to \$1.00 you receive ten stamps, and so on, but all this week purchasers will receive double the usual quantity of stamps with each purchase of \$1.00 and over. That is to say, with a dollar purchase you will receive \$2.00 worth of trading stamps, and on all larger amounts in the same proportion.

The trading stamp plan is no experiment, we have been using these stamps for years with great success and the plan possesses many advantages over all other premiums or free gift schemes.

With the premium plan one only, among thousands can be the fortunate holder of the lucky number, the others, one and all, being doomed to disappointment; not so however with the holder of green trading stamps. Each stamp is of some value, and the accumulation of them leads to the possession of many beautiful and valuable gifts absolutely free of cost to you, with no greater expenditure for your merchandise, in fact even less, as we make absolutely no advance in the price of our goods, on the contrary the increased trade enables us to sell goods even lower than heretofore.

These stamps are given away in every department and can be redeemed at the office of the Salt Lake Trading Stamp Co., 18 East First South St., (where premiums are always on exhibition), for the following desirable articles with which to beautify your homes: tables, rugs, rocking chairs, piano stools, parlor lamps, pottery, silver ware, framed pictures, china ware, music cabinets, jardiniere, clocks, 5 o'clock teas, statuary, cameras and hundreds of other desirable articles for beautifying the home. Any further inquiries regarding the green trading stamp system will be fully and cheerfully explained at our store and its merits and attractions exploit in detail.
