LAST NIGHT'S NEWS

Mining Explosion in Kansas, in Which All the Miners are Killed.

Arranging President Harrison's Cabinet Without Asking his Assistance.

John Baker, who "Downed" Congressman Morrison, is Himself Defeated.

The Result in West Virginia is Still Unknown and very Doubtful.

Further Regarding the London Horror.—Other Intelligence of Interest.

By Telegraph to the NEWS.]

TERRIBLE DISASTER.

A Mining Explosion and a Large Number of Men Killed.

KANSAS CITY, MO., Nov. 9.—A *Journal* special from Pittsburg, Kansas, says: The most dreadful disaster in the history of Kansas occurred at 5 o'clock this evening. When the men were preparing to leave off their work in shaft No. 2, at Frontenac, a suburb of Pittsburg, an explosion was heard that shook the earth for a great distance and completely shattered the shaft. On investigation it was found that 160 were in the mine at the time of the explosion. Being 112 feet below the surface, it is almost certain that

ALL ARE DEAD.

At this writing the only two exceptions were two men who were in the car coming up and being near the top of the shaft managed to escape. Pittsburg is in the center of the coal mines of southeastern Kansas and about 100 miles south of Kansas City, on the Fort Scott & Gulf Railroad.

ST. LOUIS, Nov. 9.—A special from Pittsburg, Kansas, to the *Republican* gives the following account of the coal mine explosion there this evening: A terrific explosion that broke the windows in this little village and spread consternation among the inhabitants occurred about dusk tonight. The violence of the shock was so great as to hurl the dishes from shelves and demolish chimneys. Half an hour after the explosion the villagers who were preparing to go to the mines were startled by a ragged, bleeding man who almost staggered into the arms of the searchers. He said shaft No. 2 at Frontenac, a mining suburb of this valley, had

BEEN DESTROYED

by an explosion, and that all the men in the mine at the time except himself and a Dane, whom he left bleeding at the mouth of the pit, were undoubtedly dead. Horses were quickly harnessed to wagons, and in a few minutes the villagers were hurrying through the fierce snow and sleet storm which was raging. At the mouth of the mine the tremendous force of the explosion was apparent. There were huge seams in the earth, and the timbers of the hoisting apparatus were shivered and burned. Foul gasses were escaping. The Dane who had escaped with the man who alarmed the villagers lay in the mud with his face covered with blood. For a long time it was thought he was dead, but he regained consciousness in a few hours and is now at home. He cannot speak and does not know what caused the explosion. His clothes were in ribbons. The man who reached the village with the first tidings of the disaster and who accompanied the rescuers back to the mine, said the men were

ABOUT TO QUIT

work for the day when the explosion occurred. Together with the Dane, he had ridden in the car to the top of the shaft, when the earth seemed to snap beneath him, and the next thing he realized was the splashing of snow and water upon his face as he lay beside his comrade in the wreckage above the mine. There were 160 men in the mine at the time of the explosion, and as they were at work 112 feet below the surface it is believed that no one survived the shock, as the explosion must have destroyed everything in the pit, and beside these blazing piles the women of the entombed miners placed their children, while they themselves tried by all kinds of entreaties to induce the miners from other shafts to enter the pit and rescue their relatives. One rescuing party started down the shaft at 7 o'clock, but was forced to turn back, owing to the foul air.

ANOTHER ATTEMPT

was made at 9 o'clock, but the plucky rescuers again were forced to abandon their work. They could hear no sound from the chambers below and this leads old miners to believe that all the men in the shaft have perished. Other attempts will be made to reach the entombed men before morning. Those who started down the shaft early in the morning say that the shock has destroyed the whole drift, and that it is probable that the men in the lower levels are buried beneath tons of slate. Black damp is supposed to have caused the explosion. Most of the miners at these shafts came originally from the mines of Pennsylvania.

Washington News.

WASHINGTON, Nov. 9.—Senator Gorman of Baltimore called at the White House today and had an interview with the President.

The Inter-State Commerce Commission has rendered a decision that it has

NO AUTHORITY

to interfere with the regulations of the inauguration commissioners at Castle Garden, New York, in the matter of the arrangements for ticketing immigrants by rail to interior points, because those commissioners are appointed by the state and their control of immigration has been sanctioned by the government.

The inter-state commission further held that there is nothing illegal or wrongful in a railroad company making rates for immigrants as a class and declining to give the same rate to others.

In his annual report to the Secretary of War, Adjutant-General Drum says the regularly organized and uniformed active militia of the several states, which in 1883 aggregated 84,739, reached 92,734 in 1886 and increased to 100,837 in the following year, and July 6, 1888, represented an available force of 106,919 men.

GENERAL DRUM

speaks in terms of high praise of the personnel of the militia organizations inspected by the army officers this year. The equipment in general was very good, although the arms were not of a uniform pattern, a serious defect, which it is confidently expected will be remedied in the near future, consequent on the largely increased appropriations of Congress. The adjutant-general makes many valuable suggestions regarding the instruction of the militia and changing the term of service in the army from five to three years, which will operate to discourage desertion. The adjutant-general renews his recommendation that the pay of non-commissioned officers be increased so as to range between $25 and $55 according to rank.

Cabinet Speculations.

CHICAGO, Nov. 9.—The *News* Indianapolis, referring to the Cabinet guesses, says: Mr. Blaine will not be in the Cabinet. This, everybody here says. It is thought, in the first place, that he prefers to go back to the Senate, and in the second place, Mr. Blaine would like to disappoint his enemies by not doing what they expect him to do, and for which they have during the campaign, abused him. It will astonish some people to know that Senator John Sherman will probably be premier of the Cabinet. He has been in the Senate until he is old and tired of the honor. He would find no glory in the Secretaryship of the Treasury. As chairman of the Senate committee on foreign relations, and in the recent fisheries debate, he showed extraordinary ability as a diplomat.

After four years as Secretary of State, John Sherman, 73 years old, could retire with all the honors politics could give him.

HERE IS A CABINET

slate which seems to stand first in popularity with General Harrison's most intimate friends:

Secretary of State, John Sherman of Ohio.

Secretary of the Treasury, Warner Miller of New York.

Attorney General, John Spooner of Wisconsin.

Postmaster-General, ex-Governor Swift of California.

Secretary of the Interior, Matthew S. Quay of Pennsylvania.

Secretary of War, Russell A. Alger of Michigan.

Secretary of the Navy, ex-Governor Long of Massachusetts.

Here is another slate mentioned with favor:

Secretary of State, John Sherman of Ohio.

Secretary of the Treasury, Wm. B. Allison of Iowa.

Attorney-General, John Spooner of Wisconsin.

Postmaster-General, a Californian.

Secretary of the Interior, Joseph R. Hawley of Connecticut.

Secretary of War, Warner Miller of New York.

Secretary of the Navy, another New Yorker.

If Sherman is not in the cabinet, ex-Governor Foster will represent Ohio with a portfolio. Hon. Chauncey M. Depew has also been spoken of for a place in the cabinet.

Indiana, it is conceded, will not be given a place in the cabinet. If it should, there is little doubt who would get it. The

HON. JOHN C. NEW

is the man. His friends say he will not be an applicant for any place. To him more than any other one man, the Indianians say, is due the credit of General Harrison's nomination and also his success in the state on Tuesday.

ELECTION NOTES.

Speaker Carlisle's Case.—West Virginia Still Unsettled.

CINCINNATI, Nov. 9.—Today the ballots cast in Kenton County for congressman from the sixth district (Carlisle's), were counted at Independence, Kentucky, and about one-third of them found to be rough edged and perforated. The republican committee protested against the counting of them; 691 of these ballots were cast in Campbell County, and the republicans protested against their being counted. These ballots were distributed in considerable numbers throughout the remainder of the district.

BARNUM BETTER.

NEW HAVEN, Nov. 9.—W. H. Barnum's condition is improved and his physician expects him to be around in a week or so.

ELMIRA, N. Y., Nov. 9.—Secretary J. Sloat Fassett of the national republican committee was serenaded this evening. Two thousand enthusiastic republicans filled his lawn. Senator Fassett made a brief response, in which he said the republican committee had written its speech in the returns from nearly every state north of Mason and Dixon's line. The issue has not been doubtful since the day when the voice of Oregon in the west had echoed from the hills of Maine in the east. Free trade would not soon again be forced into a national campaign. It had been decided by the intelligent voters of the Union that the national policy should be

THAT OF PROTECTION

to our industries and the preservation of American markets to the products of American labor. There were two issues in this state that must yet be decided, a proper restriction of the liquor traffic and the proper protection of the ballot. Fassett deplored the defeat of Warner Miller, whom he regarded as one of the noblest and purest of men, but he was glorious even in defeat because he represented great principles which would ultimately triumph.

UTICA, N. Y., Nov. 9.—The following dispatch has been received by Warner Miller:

"I am greatly grieved at your defeat. If the intrepid leader fell outside the breastworks, the column inspired by his courage went on to victory.

"BENJAMIN HARRISON"

RHINE CLIFF, Nov. 9.—Hon. Levi P. Morton, Vice-President elect, has been busy today reading congratulatory cables and telegrams upon the successful result of the campaign.

ALABAMA.

BIRMINGHAM, Nov. 9.—Chairman Mosely of the republican state executive committee announces that he will contest the election of congressman in the first, sixth and seventh districts. He asserts he can prove fraud at the polls and will be able to seat the republican contestants.

ARIZONA.

TOMBSTONE, Nov. 9.—Mark Smith, dem., for delegate to Congress, has a majority in the Territory of 3000.

WEST VIRGINIA.

WHEELING, Nov. 9.—Forty counties show a net republican gain of 4,046. The remaining 14 counties will at the same rate give the republicans a gain of 799, which would give the state to the republicans by 624 majority.

WYOMING.

CHEYENNE, Nov. 9.—J. M. Carey, rep., is re-elected delegate to Congress by about 2,700 majority over Organ, the democratic candidate. This is nearly double any previous majority.

MORRISON'S CONQUEROR GONE.

ST. LOUIS, Nov. 9.—A special from Nashville says Forman (dem.) for Congress in the Eighteenth Illinois district, has a majority of 17 over Jehu Baker (rep.)

INDIANA.

INDIANAPOLIS, Nov. 9.—In the eighth district E. V. Brookshire (dem.) defeats James F. Johnson (rep.) for Congress by 65 majority. This is a democratic gain.

It is believed the republican plurality will be about 2500.

Arrangements are nearly completed for a grand ratification meeting tonight, and it is probable General Harrison will be induced to participate in the demonstration in some way. The General has expressed a decided opinion as to the coming of delegations for the purpose of congratulating him. Congratulations by letter, he says, will receive prompt attention. A delegation from Madison County called this afternoon, and tonight he was serenaded by the sawmakers of the city. In response to a call for a speech he said: "The time for speech-making is over. The debate is closed and also the polls are closed. I thank you for your call tonight."

General Harrison is receiving all sorts of curious communications, including a few from France.

The republican headquarters closed today. Chairman Huston and Secretary Dill were each presented with a gold-headed cane by the clerical corps of the committee.

OFFICIAL RETURNS

from all precincts show that General Harrison carried the city of Indianapolis by a plurality of 156. The official returns for Marion County, including the city of Indianapolis, give a total vote of 35,112, against 26,253 in 1884; Cleveland 17,517, Harrison 17,139, Fisk 390, Streetor 57. Cleveland's plurality 378, against 226 plurality for Blaine in 1884. It is pretty definitely settled that General Harrison's plurality in Indiana will be about 2500. The official figures will probably not be known for several days yet, as only three counties have been received by the secretary of state. The entire republican state ticket is elected from the governor down to the reporter of the supreme court.

NEVADA.

SAN FRANCISCO, Nov. 9.—Returns from all but 75 precincts in the State of Nevada give Harrison 6184, Cleveland 4463, Fisk 8. For Congress, Bartine, rep., 6869, Cassidy, dem., 4749.

The London Horror.

LONDON, Nov. 9.—The victim like all the others was a prostitute. She was married. Her husband is a porter. They lived together at spasmodic intervals. Her name is believed to have been Lizzie Fisher, but to most habitues of haunts she was known as Mary Jane. She had a room in the house where she was murdered. She carried a latch key, and no one knows at what hour she entered the house last night.

Probably no one saw the man who accompanied her, and therefore it is hardly likely he will ever be identified. He might easily have left the house at any time between 1 and 6 this morning without attracting attention.

The doctors who have examined the remains refuse to make any statement until an inquest is held.

THE BLOOD HOUNDS

belonging to private citizens were taken to the place where the body lay and placed on the scent of the murderer, but were unable to keep it for any great distance and all hope of running the assassin down with their assistance will have to be abandoned.

The murdered woman told a companion in the evening that she was out of money and would commit suicide if she did not obtain a supply. It has been learned that a man respectably dressed accosted his victim and offered her money. They went to her lodging. No noise was heard during the night and nothing was known of the murder until the landlady went to the room early this morning to ask for her rent. The first thing she saw on entering the room was the woman's breasts and viscera lying on the table.

IN THE COMMONS

today, Conybeare asked the question whether it was true that another woman had been murdered in London, and if so, whether General Warren, Chief of the Metropolitan Police, ought not to be superseded by an officer accustomed to investigating crime.

The speaker said notice must be given of the question in writing.

Cunningham Graham then asked if General Warren had already resigned, to which Smith, the government leader, replied: "No."

Disastrous Fire.

ROCHESTER, N. Y., Nov. 9.—The most disastrous fire ever experienced in this city occurred this evening at the works of the Steam Gague & Lantern Company. It was located in a building of seven stories with two basements. It was situated near Genesee Falls. The fire broke out at 7:35 o'clock. About forty people were at work, mostly on the third floor. The smoke was very dense and the men could not reach the fire escapes and were forced to jump from the third story. Fourteen jumped on the west side of the building and were frightfully injured, six of them dying within an hour. Four others will die before morning. Their names are Joseph Darner, John Gremaur, Joseph Webber, Harry Schneider and John Gall.

The fatally wounded are Richard Pasep, Frank Siddons, Dan Watkins, John Geerin. It is thought five or more bodies are in the ruins, including one or more girls. The losses on the building are $65,000; on lantern plant, $175,000.

Cabinet Ministers Banqueted.

LONDON, Nov. 9.—The usual banquet to the cabinet ministers was given at Guild Hall this evening. Lord Salisbury delivered a long speech. He denied that the government had yielded to their opponents on the question of the Irish policy. England had perhaps noticed that popular institutions existed to the westward [laughter,] even this in America would add more to the history of electioneering than to the history of politics. [Laughter and cheers.] If there was any complaint against the Washington statesmen, it did not involve the two nations. [Cheers.] Washington statesmen had not apparently commended themselves to the approval of Americans. In regard to the peace of Europe, it appeared that all of the rulers had an earnest and intense desire to maintain peace.

ONLY A TEAR.—Stop this scientific business where it is and don't let it go any further. Only a short time ago one of these scientific joskins analyzed a tear that had trickled down upon the cheek of a lady who wanted a new dress, and he found it to contain phosphate of lime, chloride of sodium and water. Ever since reading that analysis we have lost faith in tears, and no matter what a person is bellowing about we can only look at the tears as they flow over beauty's cheek, and think of the phosphate of lime, chloride of sodium and water. The analysis has knocked all the poetry out of tears for us, and we feel as though we wanted our money back. If the scientist will refund what he has taken from us, he can have his own analysis.

The boy who has a new knife and doesn't manage to cut his fingers with it before dark may some day learn how to sweep and wash dishes successfully, but he will never get to be president of the United States, even if he lives to be 103 years old.—*Journal of Education*

Their Business Booming.

Probably no one thing has caused such a general revival of trade at A. C. Smith & Co's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Every bottle warranted. 3

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health, to the use of the Great Alterative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and $1 per bottle at A. C. Smith & Co's Drug Store. 3

TRADE S. S. S. MARK

An Important Announcement

About six weeks ago, while at business, I was suddenly attacked with excruciating pains in my feet, knees and hands. So severe the attack that I took my bed immediately, and in two or three days my joints were swollen to almost double their natural size, and sleep was driven from me. After suffering the most excruciating pain for a week, using liniments and various other remedies, a friend who sympathized with my helpless condition, said to me:

"Why don't you get Swift's Specific and use it. I will guarantee a cure, and if it does not the investor shall cost you nothing."

I at once secured the S. S. S., and after using it the first day, had a quiet night and refreshing sleep. In a week I felt greatly benefitted. In three weeks I could sit up and walk about the room, and after using six bottles I was out and able to go to business. Since then I have been regularly at my post of duty, and stand on my feet from nine to ten hours a day, and am entirely free from pain. These are the plain and simple facts in my case, and I will cheerfully answer all inquiries relative thereto, either in person or by mail. THOMAS MARELLIE.

11 W. 18th street, New York City.

NASHVILLE, TENN.—I have warded off a severe attack of rheumatism by a timely resort to Swift's Specific. In all cases where a permanent relief is sought this medicine commends itself for a constitutional treatment that thoroughly eradicates the seeds of disease from the system.

Rev. W. P. HARRISON, D. D.

NEW YORK, 51 7TH AVE.—After spending $200 to be relieved of Blood Poison without any benefit, a few bottles of Swift's Specific worked a perfect cure. C. FOSTER.

VIENNA, GA.—My little girl, aged six, and boy, aged four years, had scrofula in the worst aggravated shape. They were puny and sickly. To-day they are healthy and robust, all the result of taking S. S. S.

JOE T. COLLIER.

LADY LAKE, SUMTER CO., FLA.—Your S. S. S. has proved a wonderful success in my case. The cancer on my face, no doubt would have soon hurried me to my grave. I do think it is wonderful, and has no equal.

B. H. BIRD, Postmaster.

WACO, TEXAS, May 9, 1888.

S. S. Co., Atlanta, Ga.:

Gentlemen—Knowing that you appreciate voluntary testimonials, we take pleasure in stating that one of our lady customers has regained her health by the use of four large bottles of your great remedy, after having been an invalid for several years. Her trouble was extreme debility, caused by a disease peculiar to her sex. WILLIS & CO., Druggists.

These books mailed free on application. All druggists sell S. S. S.

THE SWIFT SPECIFIC CO., Drawer 3, Atlanta Ga. New York, 756 Broadway.

U. S. GOVERNMENT APPROVAL.

So well known are Dr. Price's Cream Baking Powder and Flavoring Extracts for their strength, purity and excellence over all others, that they have the approval of the U. S. Government and are used at its various military posts.

The use of these articles is recommended in every family by the leading Chemists of the United States. They certify that they are the strongest and purest, free from Ammonia, Lime, Alum and other deleterious substances, and authorizing publications over their own names that bread prepared from Dr. Price's Cream Baking Powder is the most wholesome cereal food known to civilization. 8
