OUR COUNTRY'S POLITICS.

Reports from Kentucky, Rhode Island, New Jersey, Indiana, Ohio, Washington Territory and New York.

LOUISVILLE, Ky., May 3.—After a number of ballots by the republican convention last night Congressman George M. Thomas was chosen third delegate to Chicago, and the convention adjourned until morning.

The republican State convention was called to order for its second day at 10 a. m. After balloting from that time until 12:30 John W. Lewis, of Springfield, was chosen the fourth delegate to Chicago.

The republican convention tonight adopted resolutions endorsing the national republican platform for 1884, denouncing the suppression of republican votes, pledging protection to American labor and industries, condemning resort to violence but calling for laws for the protection of the laborer as well as the capitalist, endorsing federal aid to schools, denouncing the veto of the dependent pension bill and instructing for W. O. Bradley for Vice President by a vote of 822 to 295. The convention refused to instruct for Sherman. The delegation goes uninstructed, but prefers Blaine if named.

PRECURSORY FIGURES.

CINCINNATI, May 3.—At the annual banquet of the Loyal Legion held here last night, most of the leading republicans in attendance were interviewed on their preferences for president. A summary of their preferences is as follows: Sherman 36, Blaine 13, Gresham 9, Harrison 4, Hiscock 1, Rusk 1.

LITTLE RHODY.

PROVIDENCE, R. I., May 3.—The republican State and the two district conventions for the choice of delegates to the national convention were held here today. The following delegates-at-large were elected: Fred N. Marcy, Providence; W. R. Walker, Pawtucket; Richard Thornley, East Greenwich and George Cranston, North Kingston.

A recess was taken and the second district convention re elected the following delegates: Albert L. Sayles and H. L. Ballou. The first district chose as delegates Melville Bull and Benjamin M. Bosworth.

The platform favors a liberal pension legislation, demands a free ballot and fair count, favors protection to labor and capital alike, and this in a manner that shall relieve the tax payer without injury to the laborer and the consumers of the great productive industries of the whole country. The platform closes: Finally, we offer our salutations and best wishes to the sound republican statesman and brilliant leader, in our last national campaign, Hon. Jas. G. Blaine, and we regret that he has decided to withdraw his name from the list of candidates before the national convention. We pledge our earnest and undivided efforts to those whom we represent to secure the election of any republican who may be nominated by the convention of the party for the offices of president and vice president.

NEW JERSEY DEMOCRATS.

TRENTON, N. J., May 3.—The Democratic State Convention for the selection of delegates to St. Louis assembled here at noon today. The only question which excited much interest was as to whether Senator Blodgett should be one of the delegates at-large. The platform adopted reaffirmed the principles laid down by the last democratic national convention, stands by the tariff plank of that platform, and recognizes the wisdom of the recommendations of President Cleveland. The platform makes no mention of the President's tariff message.

Delegates-at-large were chosen as follows: Governor Green, ex-Governor Abbott, Moses Biglow, Senator Baker.

INDIANA REPUBLICANS.

INDIANAPOLIS, Ind., May 3.—The republican state convention for the selection of delegates-at-large to the Chicago convention was called to order at 11:20. Richard W. Thompson was chosen permanent chairman, and made a speech of unusual eloquence and power.

A resolution presenting the name of General Benjamin E. Harrison as a candidate for the Presidency to the favorable consideration of the republicans of the United States and the national convention, and instructing the delegates-at-large to vote for and work in the convention with the district delegates for securing his nomination, were unanimously passed amid enthusiasm.

Another resolution send a greeting to Senator Ingalls for his scathing exposé of the treasonable record of Senator Voorhees, "a man who while acting the part in war of an enemy of the union soldier now in place of relying upon the oblivion of forgetfulness, poses as his friend and through fulsome flattery seeks his suffrage," was enthusiastically adopted and an invitation was tendered to Senator Ingalls to address the republicans of Indiana on the night of the State Convention.

Albert G. Porter, Colonel Richard W. Thompson, James N. Huston and Clem Studebaker were then chosen as delegates-at-large.

RENOMINATED.

CINCINNATI, May 3 — William S Holman was renominated for Congress by the democratic convention of the Fourth Indiana District today at Lawrenceburg by acclamation.

WASHINGTON TERRITORY.

NORTH YAKIMA, May 3.—The republican convention to elect delegates to the Chicago convention, selected the following: W. J. Thompson, Tacoma; E. G. Hyde, Spokane; O. C. White, Dayton; Edward Whitson, Yakima; T. H. Cavanaugh, Olympia; T. J. Minor, Seattle. But one of the delegation is for Blaine.

A resolution highly eulogistic of Blaine was laid on the table by a vote 52 to 30.

ANTI-SALOON REPUBLICANS.

NEW YORK, May 3.—The anti-saloon republican national conference opened its second day's session this afternoon. It was decided that the different delegations should select one from each state to be delegates at the national convention. In the platform adopted the saloon was regarded as the common and malignant foe of civilization in America, and as a public enemy which should be abolished. The rapid growth of the anti-saloon sentiment in many states was highly commended, claims the people should have the right and opportunity of deciding how and when saloons shall be suppressed, speaks in the highest terms of the republican party, past, present and future, expresses confidence that it will prove to be the agent of divine providence for the destruction of the saloon as it was for the overthrow of slavery, and asks of the republican national convention that its platform contain a declaration of hostility to the saloon.

A resolution offered by Alfred Griffin of Kansas urging all women to give their support to the republican party whenever or wherever it stand for the protection of home against the saloon, was unanimously adopted. Adjourned *sine die*.

His Condition.

BERLIN, May 3.—The condition of the Emperor is satisfactory and the doctors are more hopeful. He has but little fever and the expectoration is slight. His temperature today was 37.3 C. He shows no increase of strength, however, and he is not allowed to walk about his room. He passed a portion of the day out of bed, part of the time on a sofa and the rest of the time in a chair.

Democrats Defeated.

ST. PAUL, Minn., May 3.—Returns from yesterday's city election are not all in but they are sufficiently complete to show the defeat of the democratic combination that long controlled St. Paul municipal affairs. Mayor Smith is re-elected.

Conservative Yale.

NEW HAVEN, Ct., May 3.—President Dwight says the Yale faculty recognize college athletics as beneficial, and that there is no danger of such action at Yale as the Harvard overseers took.

A Mexican Enterprise.

CITY OF MEXICO, May 3.—The government has granted a concession to Louis Houller & Co. to build a railroad from a point on the line of the Mexican Central Railway through the States of Chihuahua and Sonora crossing the Sierra Madre mountains. The road will pass through the richest mineral belt in Mexico.

Jay Gould will Pay.

NEW YORK, May 3.—At the office of Jay Gould today it was learned that it had been decided to pay the interest on the debt of the International & Great Northern Railroad, due May 1st. The decision was arrived at yesterday, after being held in abeyance for two days, and payments will be ready today.

Dwight Resigns.

WASHINGTON, May 3.—Theodore F Dwight, librarian of the State Department, has tendered his resignation, to take effect June 1st, and it has been accepted.

The Methodist's Deliberate on the Woman Question.

NEW YORK, May 3.—Bishop Andrews presided at the morning session of the Methodist Conference. The order of the day was the discussion of the report of the committee upon the eligibility of women as lay members. The motion that the women whose seats are contested be given seats on the floor during the debate was defeated after considerable discussion. While the vote was being taken Mary C. Nind, president of the Woman's Missionary Society, stood up to vote. The objection was made and her vote was not counted. Dr. Potts, editor of the *Michigan Advocate*, opened the debate.

Dr. Potts advocated the admission of women as delegates. He asserted the report did not interpret aright the law of the church. He wanted to plead for right over might. There is nothing in the spirit of the law properly interpreted, he continued, that would restrict women from exercising the same right as men. More than two-thirds of the members of the church are women. Have they no rights? Are they not to have something to say in the government of the church which they aid most in supporting? Without women half the churches would cease to exist. The Methodist Church is too progressive and democratic to entertain the ancient brutality displayed towards women and advocate their subjection. Women cannot be left out without harm to the church.

Rev. William Brush, of Dakota, made a long and earnest plea in favor of the admission of women.

Rev Theodore F. Flood, editor of the *Chataquan*, was the third to speak in favor of admitting women. He argued that as women are admitted to the learned professions the conference had a right to admit them.

Rev. Dr. J. H Buckley, editor of the *Christian Advocate*, who is one of the strongest opponents of the admission of women, was the next speaker. He said: "The question does not turn upon the rights of women but upon a principle. I lay claim to some knowledge of Methodist history, and I don't know of anything that tells us that women should be admitted."

Dr. Buckley referred to the Episcopalians, Baptists and Presbyterians who did not admit women into their conferences, and claimed there was not a denomination in the world that would admit women. He did not consider it was her place in such an assemblage. There was nothing in the constitution of the church that gives them the right to a seat. It is claimed that every time a woman was put in a legislative body a man was put out to no advantage of that body. He closed with an impassioned plea for the support of the committee's report.

Rev. J. A. B. Wilson, of Wilmington, Delaware, an advocate of the admission of women, read a long essay in support of their rights.

Rev. Dr. A. Wheeler, of Erie, took a decided stand against admission.

Rev. Dr. Luke C. Queal, of Central New York, said if women are to come in they must do so by consent of the annual conference.

Rev. Dr. J. R. Hamilton, of Boston, who was one of the committee who refused to sign the committee report against the admission of women, said the world was prejudiced against new things. Those who opposed the admission of women did so from prejudice. Women had a right to vote in church and therefore were entitled to seats in the conference.

A recess was then taken, and further discussion of the subject went over till tomorrow.

The afternoon was spent in the appointment of standing committees and their organization.

The Counter Current.

WASHINGTON, May 3.—At a meeting of the District Woman's Suffrage Association this evening the following resolution was passed:

Resolved, That it is the duty of every woman in the Methodist denomination to withdraw from any church where the pastor upholds the action of the General Conference now assembled in New York City, in refusing to receive the noble women sent there as "lay" delegates.

A Train Wrecked.

CHICAGO, May 3.—A Burlington freight train was badly wrecked at a late hour last night near the stockyards. The circumstances point to the belief that it was the work of the strikers or their sympathizers. The engine and two cars had passed when some unknown miscreant threw the switch, and the next fifteen cars were immediately derailed and piled up in a hopeless wreck in the ditch. As the switch was thrown, a man near the rear of the train threw a tie on the track, wrecking the last three cars. At the same time a car of "dope," material of a highly inflammable nature, used for oiling wheels, which was in the center of the train, was set on fire. The fire engines responded to the alarm, and the flames were confined to the original car. The wrecked train is strewn along the tracks for nearly half a mile. Soon after the wreck occurred a policeman found the conductor of the train, James A. Edwards, lying near the track, bruised and insensible. When revived, he said three men boarded his caboose near the last crossing and attacked him. He was beaten over the head with some instrument and his valuables taken. The physicians think he cannot recover, owing to internal injuries. Daniel Haning, a Chicago and Atlantic engineer, was found lurking in the vicinity of the police and was arrested for carrying concealed weapons. The crew of the wrecked train was made up entirely of new men, who had been working since the strike began.

Mississippi River Inundations.

QUINCY, Ill., May 3.—The Mississippi here now shows sixteen feet above low water mark. A vast area of bottom land is inundated. No serious damage or loss has occurred but fears are entertained that the levees which reclaimed so much land to cultivation will be broken if not swept away.

WASHINGTON NEWS.

Investigation into the Alleged Discrimination in Favor of the Standard Oil Monopoly.

WASHINGTON, May 3.—Before the House committee on manufactures today, Attorney Flagg, of the Standard Oil Trust, declined to furnish a list of persons to whom the $70,000,000 worth of trust certificates had been issued, on the ground that it was strictly a private matter. The testimony of several railroad officials and others was listened to regarding the alleged discrimination in rates, etc., in favor of the Standard, complained of by George Rice and other individuals, who claim their business was nearly ruined thereby.

A PENSION BILL VETOED.

The President has vetoed the bill granting a pension to Emily Mills.

IN SECRET SESSION.

The Senate in secret session discussed the Chinese treaty an hour and a half. Senators Sherman and Stewart favored it, and Senator Mitchell opposed it. No action was taken.

QUARANTINE BILL.

The Senate passed the bill to perfect the United States quarantine service. It provides for additional quarantine stations at San Diego, San Francisco and Puget Sound.

Floods.

ST. PAUL, May 3. — Advices from Winona, Minnesota, report the river has risen nearly 15 feet, and the town is partly under water. The levees are flooded, and the elevator and flour mills have shut down. The Tremont House is surrounded by water and can only be approached in boats. Residents of Pond Lily addition are well out to sea. They reach their houses by boats, and sleep on tables and in hammocks.

The Pope and "Boycotting."

LONDON, May 3.—The *Daily News* correspondent at Rome says he is informed on the highest authority that the Pope wished to oblige the Duke of Norfolk but that he means only to forbid boycotting in Ireland, when such a measure is inconsistent with charity. Hence the boycott may be continued, the confessor of every boycott deciding if the motive be patriotic and free from personal rancor and therefore legitimate.

The Storm's Victims.

DES MOINES, Iowa, May 3 — A storm of wind this afternoon struck the little valley of Lacona, Warren County, demolishing a two-story building used as a store, and burying in the ruins a farmer named Leonard Wilson. He was dead when taken from the debris. Two boys who were in the store just before it fell, are missing. Two other men were slightly injured. Several buildings were unroofed.

Later—Only one death. The boys who were missing have been found unharmed in the building.
