BASEBALL AND ATHLETIC SPORTS

STILL TALKING OF MAJOR LEAGUES

Report That They Are to Unite Continues to Spread and is Believed by Many-What Herrmann Said.

Some weeks ago a story came from the cast to the effect that a big baseball war was nending, that the Minor leagues were to invade Chicago and other big cities, and that the Major leagues were to unite and put a "crimp" in the Minors by enlarging the circuits to from eight to twelve clubs.

When August ("Garry") Hen mann, When August ("Garry") Hewmann, president of the Cincinnati club in the National league, and chairman of the national baseball commission, was in Salt Lake City on his way to the Elks' convention at Los Abgeles, he was asked if there were any truth in the report. He said:

"There was a report that the American association intended to invade Chicago. I heard it in the cast but there is nothing at all to it so far as I know. The report was evidently started by some disgruntled person but for what object, or what he expected to gain by it. I am at a loss to know.

As to enlarging the leagues to twelve clubs there is nothing in that either, and I don't know anything about a plan to consolidate the two major leagues."

RUMOR CONTINUES. RUMOR CONTINUES.

RUMOR CONTINUES.

In spite of this statement another story comes from the east to the effect that the idea of consolidation really originated with Herrman. Here is the story:
The two major leagues combined, with Byron Brancroft Johnson as the president, is within the possibilities of the near future. The idea originated with President August Herrmann of the Cincinnati club, and already looks good to a majority of the 16 clubs that go to make up the party of the first part of the national agreement.

In short, the idea is to have the two present leagues run by vice president swith Mr. Johnson as the president of the combination at a salary of \$25,000 a year. Then with the major leagues a party of the first part and the National association (Minors) a party of the second part, represented by their respective presidents on a national commission with August Herrmann as chairman, developed a working force in organized baseball that will fully protect the property rights of all interested.

With H. M. Sexton representing the tect the property rights of all interested.

With H. M. Sexton representing the
minors and Ban Johnson the majors.
baseball would be in the hands of the
two ablest men in baseball today and
both the majors and minors would welcome Mr. Herrmann as the third party
on the commission.

WOULD PROTECT ALL.

A combination of this kind would fully protect the best interests of baseball, and make secure the great investments in those cities, building, or already built, such as Pittsburg, New York and St. Louis. Cleveland and Detroit will start in soon to build plants only second to Pittsburg and Philadelphia. Washington and Boston will soon follow in the same line. Cincinnati has already a first class plant, while Chicago will be strong on ball parks when Comiskey has finished his new home for the White Sox, which will be ready by next spring. With a man of Mr. Johnson's marked ability and absolute strength in baseball as strong combination to oppose him successfully.

It would be possible and feasible, in some cities, to play the games at one park, where two clubs are located in a city, such as Boston, New York, Philadelphia and St. Louis, With nonconfifcting schedules and games every day for six months the public would be much less for the clubs interested. The chances for new leagues to break into Chicago or Pittsburg would be lessened, and the annual talk of "outlaw" leagues would soon be a thing of the past all over the country, for the new combination would strengthen the hands of the great minor organization that has grown very powerful during the last three or four years.

BENEFIT TO THE NATIONAL. WOULD PROTECT ALL.

BENEFIT TO THE NATIONAL.

While on the face of the proposition it might seem that the American league was getting a shade the better of the move, and might be the one anxious to see Mr. Johnson at the head of the combination with Mr. Herrmann all powerful, this is not so, however. The American league has for eight years enjoyed the remarkable executive brain of a born leader, and the magnates of the National league are shrewd business men and are looking to their own protection and can realize how their interests would be protected and their property become more valuable with the new combination.

It is safe to say that inside of two years from now at least \$10,000,000 will be invested in the two major leagues alone, taking buschall plants and players, while twice that sum will be invested in the minor leagues, covering the territory from Maine to California. It will, therefore, take strong characters to handle the business for a break means trouble for all, and the leaders must be good politicians as well as good business men.

FISHING IN IDAHO

SAID TO BE GOOD

Several parties of Salt Lake fishermen

Several parties of Salt Lake fishermen have gone to Idaho and the reports that have come from the various fishing points along the Snake indicate that fishing is better there than for some time. Many big catches have been made and anglers have little trouble in getting all they want of the speckled beauties.

This evening Mr. and Mrs. Don R. Lewis, Mrs. Eugene Wille and two of three friends, leave for the Snake and

Lewis, MIS. Leave for the Shake three friends, leave for the Shake will spend some time there tempting the willy trout. For the past month there has been a steady stream of Isaac Walton's going to Idaho and the Shake river branch of the O. S. L. is doing a rush-

Eureka, July 22.—The Eureka association football team, champions of 1907, and funners-up for the same honors last year, will play Park Ctly at Provo Saturday evening for the Daynes challenge cup. This is the final tie of a series of games for this trophy already played this spring. The selection committee of the Eureka football club today selected the following players: Goalkeeper, J. Birket; backs, Campbell and Asagen; half-backs, Bell, W. Birket and Robinson; forwards, Brewster, Haywod, Bramley, Hobbs and Cox. This is an exceedingly strong line-up, and if Park City wins the match it will be nothing less than a miracle. It is understood that "Uncle" Jesse Knight will present the cup to the winners after the game. The Occidentals, the colored baseball team of Salt Lake, will play the Eureka team at the baseball park next Sunday afternoon, the game being scheduled for 3 o'clock.

South Bend, Ind., July 33.—James "Lil" Sager, third baseman of the Evansville Central league team, holds a record that no other ball player has probably everearned since the introduction of the national game. Since joining the Evansville squad he has played in 166 consecutive games.

Sager was traded by South Bend to Evansville in 1996 and has never missed a game since becoming a member of the club. During the last four seasons he has never spolyen harshly to an unpire, has never suffered a bruise or an injury and has never known a sick day.

Pittsburg, July 23.—Louis Brown, 9 years old, while playing ball vesterday, tried to catch a fly batted into left field. The lad stepped off a steep embankment into the Allegheny river and was drowned. The body was recovered late last night with grappling hooks.

FOND MEMORIES WINS.

Liverpool, July 23.—The Jolific two-year-old stakes of 150 sovereigns, dis-tance five furlongs, was won today by August Belmont's Fond Memories. Flem-ington was second, and H. B. Duryea's Lespedesa third, Nine horses ran. The Sefton plate of 150 sovereigns, was won by Well Done, Black Gal was sec-ond and Bellatrix third. H. P. Whit-ney's Sixty II was a starter.

This club has been organized for 15 years and during that time has played games with Kalispell, Whitefish, Troy, Jennings, Rexford, Columbia Falls, Cabinet, Snowshoe, Howard camp, Syivanite and Gateway, Mont, and Bonners Ferry and Sandpoint, Idaho, as well as bloomer girls and other traveling organization, from time to time and has yet to record its first deteat. "It is probable that there is not another club in the history of baseball which can show such a remarkable record. If there is such another record, it is unknown in Montana at least. While this does not mean that the ball players of Libby can not be beaten by any means, and while it may not mean that the team here was a better one than their opponents at times, yet the remarkable feature is that regardless of these things, the fortunes of the game were such that during a decade and a half, the Libby boys have not, lost a game of baseball. "And this year seems fair to be a continuance of other years. The Libby nine has already defeated the Troy, Bonners Ferry, Rexford and Whitefish nines since the present season opened. Other games are booked for the near few Sundays and the record of this remarkable aggregation will be watched with much interest." |

MONTANA BALL TEAM HAS A GREAT RECORD

A dispatch from Helena says:
Montana is believed to have a baseball club possessing an undisputed world's record—15 years without the los of a single game. Naturally, the club at the present time does not possess a single player of the original nine, but the organization has been maintained constantly, with changes from time to time. This club is not a professional organization, but just a club such as are formed in all small towns each year. The club holding this remarkable record is at Libby, and one of the papers of that place has the following concerning it:

TOP WEIGHT GOES

New York, July 23 .- Top weight in the

\$5,000 Saratoga special, to be run on Aug. 2, the opening day at the spa, has been allotted to King James, the Brooklyn handicap winner. The Plaudit colt will carry 129 pounds, The Plaudit colt will earry 129 pounds, and make allowances ranging from four to 43 pounds.

James R. Keene's Celt follows King James with 125 pounds, while Fitzherbert, the Suburban winner, comes third with 122 pounds. Horsemen here do not think that Fitzherbert will start, as they figure, the weight is too much. The distance of the race is a mile and a quarter.

ter. Maltble, winner of the Empire City handleap at Yonkers, is asked to carry 117 pounds, an increase of 11 pounds over what he carried when he won that event.
Thirty-one horses are entered in the chief special, and while it is known that all will not start, an interesting contest is expected.

JEFFRIES STILL TALKING OF FIGHT

St. Paul, Minn., July 22.-James J. Jeffeies and his sparring partner. Sam Berger, called on Governor Johnson today and were given a cordial reception. The big righter told the governor that he was ready at any time to defend his title as champion. "You look fit to go in right now and till almost anybody," remarked Governor

Johnson.

"You look like a man who could take care of himself all right," said Berger.
"I should think I could," the governor rejoined. "I would be willing to put up \$1,000,000 on the table here and go into the next room with Mr. Jeffries and let the one who comes out have the \$1,000,000." Jeffries laughted.

"You might argue me out of it," he said. "I'm not so sure about that, either." said. "I'm not so sare about that, either."

Jeffries told the governor he weighed 255 and he had fought before at about 215, but weight did not bother him at all and he was in fine shape.

"You are going to defend your title, then?"

then?"
"Oh, yes," Jeffries replied, "I am go-ing to fight again. I was glad to get out of the ring and did not want to get back, but lam back now and will fight John-son." son."

One of the party suggested that the Jeffries-Johnson fight ought to come off in Minneapolis.

Governor Johnson said:
"No, I'll have to draw the line there. You can't fight in Minnesou."

SHARMAN RETURNS.

Sam Sharman, a local automobile dealer, returned this morning from Idaho where he went on business and pleasure. He has disposed of a number of cars in the Gem state and one was left at Ogden, sold to William Harris. The machine is a Stoddard-Dayton, 45-horse-power, and costs \$3,075. While in Shoshone, Ida., Mr. Sharman caught a big string of fine trout and reports that fishing there is better than ever.

MRS. RAMSEY AND PARTY GO TOMORROW

Mrs. Ramsey and her three women companions, traveling from New York to San Francisco in an automobile, are still in the city, and will not leave until tomorrow morning. They are taking their time as the trip is not intended as a record-breaker, but is one of pleasure, and to demonstrate that women are not entirely dependent upon the sterner sex. The Maxwell car, in which the tourists are making the ruin across the continent, is still in the garage, but has been thoroughly overhauled, and is in splendid condition for the balance of the run to San Francisco.

At Portland last night John Berg defeated Big Youssin by taking the second and third falls of a wrestling match in 12 minutes, 5 seconds and 12 minutes 59 seconds on a head hold and oradle lock, respectively. Youssin took the first fall in 20 minutes, 5 seconds on a leg hold and half-Nelson.

When Battling Nelson, the lightweight champion of the world, arrives in New York to take part in the newsboys' benefit show, he will find several aspiring boxers ready to challenge him for a 10-round bout before any of the local clubs. Leach Cross, Tommy Murphy, Bert Keyes and some of the other stars are hopeful for a match with Nelson, and as "Bart" never likes to sit around idle, he may necent. Several of the clubs are mentioning fancy purses that they will offer the champion.

Whether or not Jeffries intends to fight Jack Johnson, he is certainly getting a big bunch of free advertising. First, he will fight, then he wont. Next day out goes the report that he will nost a forfeit of some thousands of dollars. Following some of these announcements, Jack Johnson breaks into the limelight with a statement that he will not fight Jeff. The pair should stop talking and get busy.

Some clever individual is traveling about the country having a splendid time at the expense of Billy Papke, the "Illinois Thunderbolt," who is the nearest candidate for middleweight championship honors. Papke was in Salt Lake a few days ago and on the same day a clever imposter was fooling the Denver sporting writers, having a good time and giving them in return a glowing account of what he could do to Ketchel. He is probably the same fellow who masqueraded as Papke in this city several months ago.

Kearney, Neb., July 23.—The Glidden tourists made the start for today's run to Julesburg, Colo., at 7 o'clock. The roads are generally good throughout the 20% miles of the run.

There is now but one perfect score car in the contest for the Detroit trophy—the American Simplex. The Chalmers-Detroit was assessed six points last night in repairing the commutator shaft connection. The Jewel car, a Hower contestant, now carries a total penalty of 33.1 points, having been assessed 14.1 points for replacing a spark plug. "Big Jim" Morris, one of Salt Lake's inest, who is ever and anon afflicted with puglistic fever, is doing daily training stunts at the fire department sym. The big policeman will be one of the men to meet Jack Johnson when he gives exhibitions here about the lat of August. Morris says he is to go four rounds with the big black and believes he can make a showing. If he could manage to sneak one over on the negro he would get almost as much fame, as Jack Munroe got when he met Jeffries at Butte.

Frank Mantell, the husky middleweight who has been coming to the front very rapidly, has placed himself under the management of Sam Fitzpatrick, who handled Jack Johnson up to the time he won from Tommy Burns. Mantell recently defeated Jack "Twin" Sullivan at Sacramento in a 20-round battle, and gives promise of developing into some fighter. He has been mowing them down quite regularly fo late, and wants to try his hand at the topnotchers in his class. At present Mantell is sojourning in Monterey, taking a well deserved rest. Upon nis return Fitzpatri will issue a challenge to any of the boxers around Mantell's weight, bar nobody. Mantell is especially anxious to get on with Billy Papke, who put him away in Boston some time ago. He is confident that he can reverse matters, as he claims he was but a novice at that time.
