TELEGRAPHIC DISPATCHES at Denver Telegraph office for Major G. W. Dodge, Sam. Vessels, H. S. Brown, J. R. Murphy.

THE LAKE DISCOVERY.—The Lake excursionists are having a most beautiful day for their trip. The Lake in all probability is as calm as a mill-pond.

THEATRE.—This evening the local company will appear in "Walt Phillip's" five act drama of "Not Guilty." The cast includes Miss Adams, Carrie Carter, and Messrs. Margetta, Graham, Thorne, and Marden. The entertainment will conclude with a song and dance by Mr. Harry Lorraine.

On Monday evening Mr. and Mrs. F. M. Bates will reappear, commencing a re-engagement in which they will represent a number of favorite characters.

ST. MARK'S HOSPITAL.—The Board of trustees of "St. Mark's Hospital" consists of the following gentlemen: Daniel S. Tuttle, R. M. Kirby, Warren Hussey, John P. Taggart, and L. Edmund Wilkes, John T. Lynch, and Len Wines.

At a meeting of the Board held May 13th, 1872, Messrs. R. M. Kirby, Warren Hussey, and Edmund Wilkes were appointed an Executive Committee, and Messrs. R. M. Kirby, Superintendent and Chaplain.

Dr. J. E. Hamilton was appointed Physician, and Mr. J. E. Hamilton, in charge, and Mrs. H. H. Belmont, Matron.

The Hospital, situated on the corner of 4th South and 5th East Streets, is now open for the reception of patients.

MORE REPUTATION.—A number of parties have expressed to their annoyance and disgust at finding their names appended to that infamous Petition which we published on Wednesday. Here are several other disclaimers.

SALT LAKE CITY, May 18, 1872.

Editor Deseret News:

Sir:—I notice in your evening paper of May 15th, a petition, said to be written and signed by more than 400 loyal women of this Territory, and to my surprise I saw my name on the list of petitioners. Now I wish it to be understood that I never wrote nor gave permission to anyone to place my name on that petition, and I deny any person to step forward and accuse me of such a thing, or of having anything to do with such a thing.

ELIZABETH HUBBARD.

SALT LAKE CITY, May 18th, 1872.

Editor Deseret News:

Dear Sir:—In March last I signed a paper without reading its contents, on the re-formation of Mrs. Padlock and Mrs. J. H. Kimball that it was purely in reference to a principle from the effects of which I had been severely suffering; learning afterwards that I had been deceived in the matter, I obtained the promise that my name should be erased, and fully believed it had been done. I still saw the petition and signatures to it in the Territorial News of Wednesday last. I therefore feel it a duty to state that I fully believe that all the persons against whom charges are made, are wholly untrue, and therefore deny any complicity in the matter.

Respectfully,
 Mrs. LUCIA WOODFORD.

SALT LAKE CITY, May 18, 1872.

Editor Deseret News:

While looking over the Deseret News of the 15th, I saw my name with the rest of my family attached to a petition, which I never saw, nor ever signed. If I and my family had seen such a petition, we should not have signed our names to it. I did, with the rest of my family, sign a blank paper for Utah not to be admitted as a State, which we had a right to do if we thought proper. I have lived in the Territory for 15 years, but never saw the time when woman's virtue was not held sacred. Myself and the rest of my family have always lived on friendly terms with all around us, have had no quarrels with anybody, and have always lived in peace.

Please give these few lines a place in the Deseret News, and send them to the Editor, Mrs. Frederick Heath and her friends, Mrs. Sophia Butcher, Mrs. Charlotte S. Felt, Mrs. F. D. Cliff, Mrs. Emma Edgerton.

FUNERAL.—We regret to have to state that owing to some unaccountable inadvertence the notice in last evening's News of the deceased and funeral services of Miss Cecilia, daughter of Bishop John Sharp of this city, was couched in very unintelligible terms. The young lady died at 5:30 p.m. on Thursday, May 15, and her age was 11 years, 3 months, and 20 days. The funeral services were conducted this morning, appropriate remarks being made by Elder K. G. Mauser, President of the Young Men's Association, and Elder J. D. Young, and Elder C. H. Savage. A large number of relatives and friends assembled and followed the remains of the deceased to their final resting place.

VALUABLE ADDRESS.—We have received the Valued Address to the Twentieth Graduating Class of the Woman's Medical College of Pennsylvania, by Henry Harrison, M. D.

GOING ON.—The work on the street railroad is steadily progressing. The workmen are excavating West Temple street for the sleepers.

SECRETARY DELANO.—We were favored with a very pleasant interview this morning with Hon. C. H. Delano, Secretary of the Interior, whom we found to be a sensible and agreeable gentleman. He expressed himself as highly interested and gratified with his visit to the Pacific coast and this Territory. He and Mrs. Delano, Gen. McDonald and lady, and party will be in town on Monday next. We wish them a pleasant sojourn and prosperous journey.

HORSE THIEF.—The Phoenix Record of the 10th says Sheriff Kane arrested a Jew on the 5th for stealing horses from Gilmer and Salisbury, at the station ten miles south of Fillmore, and selling the stock at Mineralville. The prisoner was sent back by stage in charge of a deputy sheriff.

HIS IMPRESSIONS.—"Van Jacquin" writes to the Reno River Revue his impressions of things at Salt Lake. He thinks he never saw so great a change in so short a time as has taken place here of late, for new streets have been built, and on old streets where a year before stood a few tumble down shacks, splendid brick and frame buildings have been erected, and are now occupied by stores which are fitted up as nicely, and which contain as fine and extensive stocks of goods as any in Salt Lake. He wonders whether it is not almost impossible now to distinguish between "Mormon" and "Gentile" by appearance, and he thinks that the "Mormons" are plentiful, pretty and stylish, but have simple understandings; that Salt Lake has a considerable number of horses, buggies and carriages, many driven by ladies; that the "Mormons" don't want to keep out the Gentiles, but want them to pile in as fast as horses, and they only bring money; that there is not much excitement about the political situation here, as everybody appears to be sliding along peacefully, trying to make money; that polygamy may die out of itself, but that the "Mormons" are of their religion, "though there be to those that don't live up to it;" that of course there are some apostates from the religion, but they are neither bad nor fine, and the richest of them "postulated" because they didn't want to give the lifting money.

that some of the "Mormon" actors are first class actors, and the plays "on a city;" that the Temple is the most beautiful piece of mechanism; that the organ and pipe building, and the organ and pipe building of mechanism; that Salt Lake City has put on her spring holiday dress and looks beautiful and blooming; but that after all, "Nevada" is a mining country, discounts the world.

Per Deseret State Telegraph.

PICKER, Nev., May 18.—This morning, about 5 a.m., on the stairway of Packer's saloon, occurred one of the most dastardly and vicious attempts at incendiarism that has ever been known in this State. On the wall of a private room, belonging to the saloon, projecting over the stairway to which a lamp was fastened, a cut with a knife was made three feet long, perpendicular, for two feet above and one foot below the lamp, severing the paper and cloth from the bottom. The lower end was set fire to, which burned the paper, cloth and board to the top of the cut, and spread to the right of the lamp, in a narrow strip, and from some miraculous cause, became ignited before any person in the room above discovered the fire. A fire was evidently laid to start a fire in the lamp, which, when reached by the flames, would instantly have caused an accidental explosion. After setting fire to the paper and cloth, the incendiary came down the stairway, making a cut in the paper and cloth on the ceiling side of the stairway, from two to three feet long, rounding and cross cuts, resembling the centre of the town, from which had fire progressed it would inevitably have spread, and would have doubtless resulted in a September 11. There is no clue whatever to the party.

SWITZERLAND.—Mr. Robert L. Campbell, Superintendent of Common Schools hands us the following extract from a letter to him from Professor John R. Park, dated Bern, Switzerland, April 25—

"Brother Schoenfeld informed me last evening that he would leave here for Geneva to-morrow morning, and as he can be of some assistance to me there I desire to go with him. I shall proceed from thence to Italy, remaining in about three weeks. The short notice I have received and the little time I have for preparation, will oblige me to write you but a short letter. I have been diligent in visiting the schools of various grades here, and have gathered, I think, much valuable information. I have seen the pupils of the schools taking laws, statistics, regulations, &c. I shall have more than I can conveniently travel with by the time I visit Germany, France, England and Scotland. We have heard nothing yet from Prof. Balleriva. He could be of very great service to me now for all the schools French is nearly as common as German and my limited knowledge of the latter is not sufficient to enable me to get along without much difficulty."

ON THE IMPROVE.—We take pleasure in stating that a marked improvement has been noticeable of late in the tone of the dispatches from Salt Lake to the press east and west. The quondam "blood and thunder" sensational style has given place to one more sober, and if the press here had made a resolve to pay more attention to facts than fiction, to furnish news rather than create excitement, we must extend to this improvement our hearty commendation.

A RAILROAD WATCH.

Travelers by Railroad frequently find their watches completely demoralized by the constant use of the train. To overcome this difficulty has long been a problem with watch-makers, and it is now successfully accomplished in the new grade made by the

AMERICAN WATCH CO. OF WALTHAM.

To which is made in the most substantial manner, on the most approved plan, and combines all the recent improvements. It has a new microscopical regulator, by which the slightest variation can be easily corrected. We confidently recommend this watch to the trade and the public as the BEST WATCH FOR THE PRICE IN THIS MARKET.
