GENERAL.

Chicago, 16.—Dispatches from Nebraska increase the majority of Tafe, Republican, for Congress.

In Dacotah Spink, the Republican delegate to Congress, is elected by several hundred majority, over Burlight, Todd and Toohey. A most significant political item is a double lead editorial in yesterday's *World*, which was telegraphed west, headed the "Youthful and Indomitable Democracy." It recites that in the late election the Democracy were only beaten in three States by a few thousand votes, and in answer to the inquiry, Why, having come so near success in these elections, we just missed it, says two reasons appear, in the absence of either of which, our success would have been certain. If the military fame of Gen. Grant had been out of the scale we should have succeeded, or that remaining if the perversions of Gen. Blair's position had been out of the scale, we should have succeeded. It would be paying a poor compliment to Gen. Grant to say his popularity has not been worth to the Republicans half the meager majority by which they have carried Pennsylvania. Put the half of that small majority on the other side, and the two parties would be equal. If that small number of votes be due to the popularity of Gen. Grant, and it would be ridiculous to suppose the contrary, the election, had it been decided on the issues, would have been in favor of the Democratic party. The same remarks will apply to other States. On Democratic principles, pure and simple, we should have succeeded; and the narrow escape of the Republicans is due not to their principles, but to the military prestige of Grant and the aspersions cast on Blair. In the right of principle we should have succeeded; and we may succeed yet if we can remove or neutralize these adverse influences which have really nothing to do with the questions.

The *World* proceeds to ask can this be done, and recommends this to the attention and most earnest reflection of the recognized leaders of the party. We still have three weeks for action, and prompt and judicious action may accomplish wonders. It says the political party which does not advance with the nation and enter into the full essence of its expanding life, is a declivity which descends to decadence and decrepitude. The Democratic party is full of vigorous, youthful, aspiring elements. Similar elements in the other party are yearning to join it, if we have but the boldness to build a bridge on which they can cross.

The article is the talk in all the political circles, and is considered advice to the Democracy to withdraw Seymour and Blair.

The evening New York papers comment on it, but think the advice comes too late.

Washington specials to all the New York and Chicago papers talk of little else, and measures are being taken to put another ticket in the field. The weight of opinion seems to favor Chase and Adams, though the chances are Hendricks, Hancock, Franklin and others will be freely balanced.

The *Herald* says it has been decided to give the nomination to Chase and John Quincy Adams.

Belmont and others, members of the National Committee met Seymour at Utica to-day.

Chicago, 17.—The Republican's Washington special says the cable dispatch, indicating the early adjustment of the Alabama question is not thought to be altogether reliable. It is believed that Minister Johnson had no instructions

on the subject of the Alabama claims, but that it is quite probable he has succeeded in settling the naturalization questions. It is believed that the news telegraphed from London is the result of a manoeuvre on the part of Lord Stanley to secure the success of the Tory party at the coming election.

The latest election returns show that the Republican majority in Pennsylvania is about 10,000.

Preparations are being made to contest the election by all the Democratic candidates of the city of Philadelphia. Fox's majority for Mayor is 1838. In Indiana, Baker's majority is about 1,000; the official returns may increase it to 15,000. Voorhees is elected, but his seat will be contested by Reid. The competitor of Julian, who is declared elected by 123 majority, will contest his election, because the vote at one poll in the city of Richmond was thrown out by the Judges.

In Ohio the majority will reach over 18,000.

General Blair, in a speech at St. Louis, last night, said he expected to be a candidate so long as the Democratic party desired it, but he would surrender the position whenever so doing would add one vote to the strength of the Democrats.

Democratic papers all over the country comment on the proposition to change the ticket; the most prominent journals generally reject the plan. The question of how the withdrawal of Seymour would affect the bills pending on his election, seems to form an important element in the discussion.

Washington 16.—But two or three members of either branch of Congress were present to-day, and the respective Speakers declared both Houses adjourned to Nov. 10.

The following is the answer to a dispatch from this city, asking whether the proposition for a change in the Democratic presidential candidate was prompted by the Democracy in New York.

"J. D. Hoover, Esq.

There is no authority or possibility to change the front. All friends consider it totally impracticable and equivalent to disbanding our forces. We in New York are not panic stricken.—Signed,

AUGUST BELMONT,
AUGUSTAS SCHELL."

General Hooker has been placed on the retired list, with the full pay of Major General.

Dan Voorhees telegraphs that he is elected to Congress by 100 majority. Hendricks is defeated for Governor of Indiana by 1,000.

New Orleans.—The *Times* has an article deprecatory to the withdrawal of either Seymour or Blair, but if it is considered necessary, it suggests the propriety of leaving to these gentlemen the selection of their successors.

Baltimore, 17.—The motion to vacate the writs in the suits against General Butler was argued to-day.

Convention Delegates from the emigrant societies of the United States met here to-day, and appointed a committee on business and adjourned till Monday.

Greensburg, Pa., 17.—In the 21st district Foster's majority over Covode is officially 41. Covode has announced his determination to contest the seat.

New York, 17.—A sailor was robbed at John Allen's dance house last night, and the police have arrested Mrs. Allen and seven of the inmates, but John Allen fled.

San Francisco, 17.—Justice Field, in the circuit court, has granted injunctions in the suits of Goodyear against several dentists in this city.

A fire in Spear Street, between Mission and Howard, destroyed several buildings. Loss, thirty thousand dollars.

San Francisco, 18.—Generals Angel Martinez and Placido Vego, of revolutionary notoriety, it is reported sailed for Mexico yesterday, on board the Mazatlan steamer.

The Oregon legislature has adopted a resolution withdrawing the consent of the state to the passage of the fourteenth amendment to the constitution of the United States.

Arrived the steamer *Idaho*, from Honolulu, with advices to October 5th. Leprosy prevails to a considerable ex-

tent among the different islands. The English war steamer, *Scout*, en route for England, from Victoria, arrived at Honolulu, September 23d. The flag of the North German confederation was raised over the residence of Theodore C. Henck, recently appointed consul by that power, on September 26th with unusually interesting ceremonies. All foreign resident ministers, the officers of the United States steamer *Mohong*, and H.B.M. steamer *Scout* were present. The French ship, *Henry Sixth*, with four hundred and fifty Chinese coolies, for Callao, arrived at Honolulu, Oct. 1st; seventeen died during their passage from China.

Rev. Lorin Anders died September 29th; the deceased was a native of Connecticut, and has been a resident of the island since 1828.

FOREIGN.

The *Telegraph*, while approving the result, sees in it the ruin of the Republican party, in which there are so many wide differences of opinion on financial questions.

Paris, 15.—*L'Epoque* thinks it likely that some of the great powers in Europe will soon ask the United States government the cause of Admiral Farragut's movements in Europe.

Antwerp.—The petroleum works of Vend, Bois & Co., were burned to-day; two thousand barrels of petroleum and many million gallons of naphtha were consumed. The loss is heavy.

London.—Dispatches received to-day from Rathkeale, Ireland, state that Inspector Murphy, while attempting to capture O'Brien, the escaped Fenian prisoner, was fired on by concealed parties and slightly wounded.

Paris.—*Gaulois*, a newspaper, has a report of an unsuccessful attempt to shoot Gen. Prim at Madrid. The assassin was arrested and afterwards set at liberty by Gen. Prim himself.

Madrid.—The coinage system of Spain will be radically changed to conform to that of France.

Ros Deoluna, Count of Alumna, has been appointed Captain General of Cuba.

Seuana Eston and Topite have arrived at Saragossa where they had a triumphal entry, in which the wildest enthusiasm was manifested.

Dulce, who was appointed Captain General of Cuba, has declined on account of ill health.

Aquire has been made President of the supreme court.

Dresden.—There were further tumults here yesterday among the commissionaries, but they were promptly suppressed.

London.—The Government of Spain has appointed Rios Rasas, minister to England.

Madrid, 16.—Admiral Mendez Nunez has been appointed by the provisional government, captain general of the fleet; his former flag officer, Captain Lade, has been appointed to the command of the Spanish Squadron in the Pacific.

Paris.—Elendar asserts that General Prim is intriguing to gain the prime power, but that Espartero, who is daily expected at Madrid, disapproves of the influence of General Prim in the government, and will do his utmost to thwart his designs. Gantais predicts that the European powers will soon recognize the Provisional Junta as the de facto government of Spain.

London.—The *Times* to-day, in an article on the Chinese Mission, thinks the fact that Burlingame is not a native Chinaman will be no obstacle to his success at the courts to which is accredited; and that they will forget it if he does, if he will abstain from interference with political intrigues, in which China can have no healthy interest, and acts as though there could be no separate national interests in Europe and America, as indeed there are not, so far as their relations with China are concerned; and says if he accepts it as the primary function of mission to discover and explain what are the best lines of trade, both for China and the western countries he will have accomplished much for China and something for the rest of the world. The *Times* further says that no State can have so great personal interest in success on his part as Great

Brittain, and none could be more willing to contribute to it.

It is understood that the basis agreed upon by Johnson and Lord Stanley, for the settlement of the Alabama question is, that a mixed commission shall be formed, which shall hold its sessions in London, to pass on all claims preferred by English and American citizens.

New York, 16.—A Havana letter says the Captain General will not trust the Spanish men of war, any more than to let them have one day's rations at a time, to prevent them putting to sea, as they might otherwise do, if they should conclude to recognize the new government at Rome.

Commercial Training.

AS Business men generally object to employ graduates of Business Colleges as book-keepers until they have had an actual experience, and being anxious that our Institution should excel all others in the completeness of its instruction, I have added to the usual college business, a Commercial Bazaar, which is as complete in its organization, and in the detail of its business, as the house of A. T. Stewart & Co., or of H. B. Claflin & Co., New York; said to be the two largest and best conducted houses in America.

The Student, after graduating, will enter the retail department of the Bazaar where he will be thoroughly trained as salesman, bookkeeper, and merchant. After giving satisfaction in the retail business he will pass into the wholesale department, and, in turn, become invoice clerk, salesman, delivery clerk, auditing clerk, intermediate book-keeper, principal book-keeper, cashier, and manager.

Sometime during the winter a Joint Stock Company will be organized to do a Mercantile business so as to give our book-keepers a more extended knowledge of the science of accounts, with the latest and most approved form of subscription book, instalment lists, instalment scrip, certificate of stock, transfer book, stock ledger, &c., &c.

Young men, and young ladies, now is an excellent opportunity offered you to procure a First Class Commercial Education. Take advantage of it.

The College will open on Monday, Oct. 19th, at 9 1/2 a.m.

Early application is advisable.
