#### EXPOSITION GROUNDS SECURED. Football Games Will be Played

#### There This Season.

Owing to the difficulty some of the football teams have experienced of late in securing suitable grounds for their games, a meeting was held at the Y. M. games, a meeting was held at the 1. M. C. A. last evening to consider the mat-ter. The teams represented were the Y. M. C. A., All Hallows and the Uni-versity. Prior to the meeting arrange-ments were made with the D. A. & M. soclety directors to secure the exposi-tion grounds. Managers Tod Goodwin, Father Concerned and C. C. Place ac. Father Gueymard and G. C. Riser ac-companied Director Nelson Empey to the grounds and they were thoroughly inspected. Mr. Empey kindly informed the managers that he would render them all the assistance in his power to them all the assistance in his power to make the place desirable for the popu-lar sport. The grounds are very con-venient, being reached by two car lines and situated in almost the heart of the city. The spot where the gridiron is proposed to be laid off is high and dry and altogether a most satisfactory place. It is proposed to erect bleachers each side of the grand stand to the seating capacity of 5,000, and build a wire fence around the gridiron to keep over-enthusiastic spectators from surg-

HIGH SCHOOL PRACTICING.

Team Getting Ready for the Battle with Butte Saturday.

Yesterday afternoon and today the High school team under the able direction of Coach Callahan engaged in practice games which have proved most beneficial. The boys realize that to handle the Butte team they must put forth their very best efforts, therefore

every man is putting his shoulder to Another good practice will be held to mororw. The team is making great advancement individually and collectively. Howell is doing wonders in punting and Groesback is showing up in his usual good form. The boys will be ready for their opponents when they arrive, and lovers of the sport will see

It is just as easy to drift into danger as to drive into it. The progress is slower but the end is equally sure. It is the gradual progress of drifting which blinds o the danger. Men and women drift into ill-health in such a way. There is a little feeling of oppression after eating. After a time it passes away. Some day t returns and brings another symptomheadache, perhaps. Something is done to relieve the headache, but nothing to relieve the cause. So one more victim goes drifting on to the rocks of disease,

Young women who are teaching or studying are very apt to become victims of disease of the stomach. They eat inindiciously, in some cases, and in general the brain is too occupied to allow the stomach the blood necessary to carry on its functions. Hence in time the organs of digestion and nutrition are totally deranged, and the young gradu-ate goes home a chronic invalid.

The timely use of Dr. Pierce's Golden Medical Discovery will avert such a condition ; the athful use of it in chronic cases will effect a complete cure. 1 was troubled with very frequent headaches

"I was troubled with very frequent headaches, often accompanied by severe yomiling writes Miss Mary Belle Summerton, of San Diepo, Duval Co., Texas. "Bowels were irregular and my stomach and liver seemed continually out of order. Often I could eat almost nothing, sai sometimes absolutely nothing, for twenty-four bours at a time. I was entirely unfit for work, and my whole system seemed so run down that I feared a severe sick spell and was very much discouraged. I was advised to try Dr. Herce's Golden Medical Discovery, and before finishing the third bothe I was able to undertake the du-ties of public school life, and contracted to dow."
