ILLINOIS.
The Mace and Coburn Fight.
CHICAGO, 10.—A number of persons left here last night, for Erie, Pa., for the purpose of witnessing the fight between Coburn and Mace which, private and reliable sources say, will take place tomorrow. The place of the fight is still kept secret by the parties who leave the rendezvous at Erie, to-day.

OHIO.
Mace and Coburn.
CLEVELAND, 10.—Mace and Coburn have arrived at Erie. There is no reason to anticipate a failure in the plans for the fight. Mace is apparently in better condition than Coburn. The eastern states are well represented already. A large number of persons will leave Cleveland to-night by the steamer lightly, from the Erie, to-day, for the scene of the battle to-morrow.

PENNSYLVANIA.
Three men murdered at the riots.
SCRANTON, 10.—The bodies of three murdered laborers were found this morning in a swamp near Brigs's shaft. During the riot yesterday, when the laborers were routed they fled into this swamp and were followed by the infuriated miners, and there these three men were beaten and killed.

CALIFORNIA.
SAN FRANCISCO, 10.—The case of Li Po Ti against Ivan Covich, in the Justice Court, in which the plaintiff sued for \$200 for professional services, and proposed to offer his own testimony and appeal to the Federal courts, thereby testing the rights of Chinamen under the civil rights and Ku Klux bills, has been settled by the defendant, much to the dissatisfaction of parties who desired to see the question settled authoritatively.

John T. Sullivan, convicted of burglary in the municipal court, was sentenced to-day to four years in the State prison.

Gov. Safford will not leave for Tucson till Friday.

The stock market is buoyant this afternoon, a strong reaction being evident with considerable excitement in the board, which has already resulted in a fight between two brokers, one of whom gave the other what was equivalent to the lie, and the latter going over to his seat to slap his face. Both parties were friends.

The trying face of the last three days continues unabated.

WASHINGTON, D. C.
Nominations.

WASHINGTON, D. C., 10.—Half an hour before noon the floor of the Senate Chamber was filled with Senators and others, and the meeting of personal friends and old associates was marked with great cordiality. There was also a full attendance in the galleries. The general topic of conversation was the probable duration of the session; ten days or two weeks seems to be the period most universally fixed for its continuance. The Senate opened with prayer, at noon, by Hon. Wm. McKim, Chaplain. The proclamation convening the extraordinary session was read, when a committee was appointed to wait on the President, and inform him that the Senate had assembled.

Messrs. Anthony and Dasher were appointed the committee.

It was resolved that the standing committee of the Senate be re-appointed for and during the present session, and that the Vice-President will fill any vacancy which may exist.

The Senate then took a recess till 1 o'clock.

On the re-assembling of the Senate, Anthony, from the committee appointed to wait on the President, reported that they had performed that duty, and the President had informed them that he would immediately send the Senate a communication in writing.

A resolution was adopted, that when the Senate adjourned to-day, it would be until Friday.

On motion of Morrill, of Vermont, it was resolved that the President be requested to furnish the Senate with a copy of all reports made by Hon. Wm. Whiting, as solicitor of the War Department, upon any claims made by the subjects of any foreign nation, for damage in consequence of the war against the rebellious States, from 1861 to 1865 inclusive, and which are supposed to be on file in the State Department.

General Porter then appeared, announcing that he had been directed by the President to deliver to the Senate a message in writing. The treaty was handed in to the Vice-President, and Cameron immediately moved that the Senate go into executive session, which was agreed to.

The President sent the following nominations to the Senate to-day: Joseph Belknap, to be supervising inspector general of steamboats; Max Woodhull to be assistant secretary of legation at London; John M. Francis, New York, to be minister resident in Mexico; To be consuls, A. M. Leane, at St. John, Canada; A. G. Fuertes, at Caraca, Spain; C. B. Dahlgren, at San Diego, Mexico; and Joseph S. Lowry, to be Associate Justice of the Supreme Court of New Mexico.

FOREIGN NEWS.

GREAT BRITAIN.
Engagement at Neutilly—Rascal complains.

LONDON, 10.—The Times says England and Canada never raised exclusive privileges over the navigation of the St. Lawrence river. The settlement of the St. John question is satisfactory. The Atlantic claims make the only difficulty, and there are doubts that the treaty will be immediately ratified by the Senate. It trusts the treaty will be a final solution of all difficulties between the two countries.

The Daily News correspondent says the Vandome column will fall on Thursday. There was a sharp engagement at the bridge Neutilly, where the Communists were beaten. The breach is expected to be practicable by next week.

Another dispatch says Russia's communication to the Commune says: "I cannot entail responsibility where everybody deliberates and nobody obeys. Nothing is organized, and the guns depend for service on a few volunteers." It completes the picture of the Commune as incapable, and should therefore retire.

GERMANY.
Definitive treaty signed.

FRANKFORT, 10.—The definitive treaty of peace between France and Germany was signed at two o'clock this afternoon.

FRANCE.
Cannon captured at Ixey—Assault on Versailles.

VERSAILLLES, 9.—All the Republicans are uniting with Thiers, whose proclamation had great effect. Eight hundred thousand projectiles, chiefly shells, have been taken to Fort Valerien, ready for the bombardment of Paris. The assault on the city will be made by the 4th corps, under General Donay, with 10,000 men. Vallon is expected to surrender immediately. Three hundred prisoners were taken at Ixey.

PARIS, 9.—There has been no cannonade since seven. The national and partisan of the Commune are discouraged. It is rumored there is a serious division between Thiers and the committee of safety, and the Commune, Antoin and Point Four are bombarded from Montreuil. At Beaumont the population are fleeing panic-stricken.

VERSAILLLES, 10.—A hundred and twenty-five cannon were captured at Ixey, fifty will arrive here; also ammunition, provisions, and brandy infused with tobacco. The latter made the wounds of the Communists.

The capture of Ixey terrifies the Parisians. The battery of Montreuil continues furiously, the Federals reply feebly. The story that the Communists of Ixey occupied the fort is false. The government approaches the encircled surely.
