NEW DIRECTORY OUT.

Big Growth in Population of Salt Lake Shown in Latest Issue.

Longer through in the width and bigger and brighter throughout is the Salt Lake City directory for 1907 compiled and published by R. L. Polk & and published by R. L. Polk & Company. In the introductory comments upon the increase of population and general growth of the city W. P. Cooper, secretary and manager of the publishing company, says: "The estimate of population made from a directory canvass by this company is of much interest and is generally regarded as being correct. There are in the volume 52,561 individual names, (names of sorporations, firms, death and removal notices not included). We have been using the lowest multiple in vogue in western cities, 2%, in makhave been using the lowest multiple in vogue in western cities, 2½, in making our estimates of population since 1905 but owing to the very close canvass made this year and on account of the large number of names of single men working at the Murray and Garfield smeters and included in this volume we have decided to use the multiple of 2 this year, to represent married women and children who are not included in the directory canvass. This indicates a population of 195,122 not included in the directory canvass. This indicates a population of 105,122 residing within the limits covered by our canvassers. Deducting 22,000 from this the total for Murray, Garfield, Fort Douglas. Holliday, Brinton and all the suburbs the population of Salt Lake City proper is at the present time, according to our estimate, 83,122.

THE DOCTOR AWAY FROM HOME

WHEN MOST NEEDED.

WHEN MOST NEEDED.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp, colic and cholers morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pala and suffering and all rick. Buy it now; it may save life. For some your diarruggists.
