| Salt Lake | 1 | 129 |

Will there be much change in the above, when Butte and Salt Lake have concluded their series of ball games here? At 3:30 this afternoon the teams are slated to cross bats in the first league contest between the respective teams. The schedule called for the first game yesterday, but the diamond and field generally was in bad condition for any game except water polo, and the doings were postponed until this afternoon.

The Butte players remember what the salt lake team did to them a couple of weeks ago, and they are now after revenge, and declare they are going to have it. Manager Wilmot says his men are in good shape and will show local fans a fast article of ball. He believes he has a winning team, and feels confident that the smoke consumers will again capture the pennant. He says he has strengthened his team since the game played here. The team will line-up as follows:

Butte: Swindell, catcher; Howells or Bandolin, pitcher; Shaffer, first base; Hoffmeister, second base; Spencer, third base; Runkle, shortstop; Wilmot, right field; McHale, center field; Clark, left field.

Salt Lake: Jensen, the pitcher released by McCloskey; or Jim Wiggs, will officiate on the rubber. In the outfield there will be Gilmie, Ward and Muller. This formation ought to help out wonderfully. Jensen is behind the bat, and McCloskey on first, Delmas second, Bruette short and Weed third.

A good sized crowd is expected this afternoon, as it has been announced that the rain checks given out last Sunday afternoon will be honored during the present series. It is claimed by the managers of the local club that 17 persons not entitled to rain checks accepted them last Sunday. It is also claimed that these persons are leading members of the avian chorus that has been knocking the home team so much.

He is in St. Louis at present with one of the big leagues, but his release is being arranged for so that he can come back to Butte.

With the addition of Dowling, the Butte pitching staff will be greatly strengthened. Wilmot will then have four good twirlers.

A NEWSBOY WAIF.

He is an Alien and May Have to Be Transported.

New York, May 5.—A newsboy waif who had had two free rides across the Atlantic, is being held at Ellis island by the immigration officials. They have been compelled to refer his case to the department at Washington because it lacks precedent.

The lad, Samuel Morganlander, is 7 years old. His parents brought him here from Germany and both father and mother died some time ago. The child made enough money by selling newspapers to sustain life. About a month ago he wandered aboard a French steamer to get warm and lying down in the steerage fell asleep. When he awoke the ship was far at sea and he was ordered to get up for his meal. Apparently the officers did not discover that the boy was a stowaway. When he went ashore and the United States consul general got him a job in a restaurant until the next French liner sailed. The vessel brought him back but he is destitute and an alien, so the immigration officials held him up pending instructions.

By education alone and not by ironing out the kinks and by the use of bleaching powder can the negro rise to the standard of the white man."
