WIGGS PITCHED

It was not so had even if it was decidedly one-sided. It was necessary to take the game in order to break even on the stries and the home burch of ball tossers proceeded to take it in right royal style limmy Wiggs, the clougated was in the box again for the Forlorn Hopes, and he pitched national league ball all the time. Only seven hits were obtained from his altogether mysterious delivery, and Jimmy was happy in the knowledge that he made good. Those seven hits were pretty hadly scattered, too. Two came in the third, one in the fourth, two in the sixth and two more in the eighth. He gave turce lases on balls, but he was there with the stick. Out of five times up he

with the stick. Out of five times up he got three singles, and made two runs. Now that's not bad. Poor McFarlan. He got his bumps. Ev-ery man on the Sait Lake team hit him, and some of them were greedy. Wiggs, Tozer, Delmas and Mulier were not sat-iened with less than three each, and Mul-ler made a home run with the bases full. It was a glorious smash over the left field tence, and besides scoring four runs. Dutch made a \$10 note. The Upstarts were outplayed at every stage of the game, and never had a look-in with the home crew, Bruvette and Kel-lackey acted as umpires, and beyond one bad inning when Kellackey was a bit off, their work was satisfactory. Here is the deutiled score:

Many Errors. Butte, Mont., June 13.-Vasbinder, Wil-mot's new twilter, occupied the box for Miners' Union day, and though the visit-ors secured eight hits off him, they were too scattered to be of value. In the sixth Vasbinder took sick and was re-placed by Hoon. Spokane's nine errors speak for themselves when only one of Butte's twelve runs was carned. At-tendance, 3,000, Score: R. H. E

# HOW THE CLUBS STAND.

### Spokane Stands Highest in Fielding and

Batting-Salt Lake's Good Work. Compliations from the scores of all the games played in the Pacific National league up to June 10 afford interesting material to the baseball fans for conjec-tures as to the causes of certain clubs standing high in the race with others ighting for the cellar championship. The table given below shows that Spo-Natie excels in team batting. The number of times at bat and the number of hits made by each slub thus far in the race are here shown;

Ĵ	Clob			At Bat.	Hits.	Bat, Av.
泉泉	Salt La.	100		1,273	395 352	.310
		Lake	188. 188		350	.205
1	130180		 		(38e)	.288

In fielding, Spokane also excels, al-though there is little margin between the three highest clubs. Butte being much lower in this respect. The table shows the number of chances accepted and the total errors made by each team, with the percentage of chances accepted to chances offered;

1	Club	Accepted.	Errors Ad	er Cent
102	Spokane Salt Lake Boise Butte	1.454	95 84 102 106	.957 .935 .934 .932

Butte leads them all in base stealing, while it is to be noticed that the two leaders greatly excel the two tallenders in the department of sacrifice hitting. Salt Lake has made the most double

Salt Lake has made the greatest num-ber of two-baggers and Spokane the most home runs. In regard to home runs it may be said that the location of the fences in regard to the grounds has much to do with home run hitting, and in this respect the Spokane club and hitters have the best of it.

From College Games. Cambridge, Mass., June 13,-Walter Clarkson, captain and plitcher of the Harvard university nine, was tonight barred from further participation in col-lege games by a vote of the Harvard ath-itic committee.
