

WILL HOLD ON TO THE ISLE OF PINES

The United States Will Retain Possession.

TO BE STRONGLY FORTIFIED

State Department Holds It Was Ceded to This Country by Treaty of Paris.

New York, Nov. 27.—The United States will retain possession of the Isle of Pines, whatever the final disposition of Cuba, says a Washington dispatch to the Journal and Advertiser. It will be fortified, and a strong garrison will be kept there.

Lying south of the western end of Cuba, the Isle of Pines commands the western or Yucatan entrance to the gulf, and forms an important outpost for the defense of the Nicaragua canal. While Secretary Root visited Cuba, he went to the island and recognized its strategic importance. The state department now holds that under the treaty of peace the title of the Isle of Pines passed to the United States. Secretary Root holds a similar view. The northern side of the island—that next to the Cuban shore—is admirably adapted for the purposes of the government. It is high, thickly wooded with valuable woods, and the climate is so healthy that prior to the war a health resort for pulmonary patients was established there.

Naval officers say that Siguena bay, on the northwest coast, will, with but little dredging, afford an excellent and safe harbor.

AUGUSTA VICTORIA AGING.

The Kaiser Superintends Everything in Connection with Her Affairs.

Berlin, Nov. 27.—From a high court official it is ascertained that Empress Augusta Victoria has greatly aged of late, her hair being now entirely gray and thin, and her forehead furrowed. Her majesty's objection to the Kaiser's implicit, says the official in question, "and he orders everything in connection with her affairs, even her immediate entourage. The present squerry of the Kaiser, Capt. Eckhardt, was appointed by the emperor without consulting the empress, who was highly astonished when he presented himself.

The Kaiser is suspicious of all new faces and only trusts the lower servants, who have been long in her service. Crown Prince Frederick William has been carefully educated all around, but the other imperial children are afraid of horses and rough sports, owing to the Kaiser's constant surveillance. Recently Prince Oscar told his mother, who had reproved him, that this was not the way to talk to an imperial prince.

The crown prince, however, is universally loved and respected. He is an excellent sportsman and self-collected. His relations with his father have been far continued good. Recently the crown prince, while attending a banquet given by officers of the First regiment of foot guards at Potsdam, was obliged to listen to a number of risqué anecdotes. He said nothing until the time came for him to withdraw, when he quietly observed: "Gentlemen, I have understood the point of all your stories, but hereafter please refrain from anecdotes of that character."

Emperor William has abandoned automobile since his automobile overturned. At the recent St. Hubert's hunt at Dooderitz, the emperor was unhorsed, and the animal has since been sold.

Miss Gould's Gifts to N. Y. Soldiers.

New York, Nov. 27.—Miss Helen Gould, accompanied by her maid, has purchased \$30,000 worth of clothing and articles, which she has ordered dispatched to the distributing office of the United States army at Manila, Philippine islands.

The goods will be presented with Helen Gould's compliments to the Christmas greeting to the New Yorkers of the troops in the Philippines. Miss Gould personally selected every article and in each case bought the best quality obtainable. She carefully examined the clothing in order to see, she explained, that it was of suitable weight.

Against Wearing Elk Teeth.

Colorado Springs, Colo., Nov. 27.—The local lodge of Benevolent Protective Order of Elks has appointed a committee to draft resolutions against the wearing of elk teeth as emblems of the order. Reported wholesale slaughter of elk in the West for the teeth influenced this action, and copies of the resolution will be sent to the different lodges throughout the country with the idea of effecting the abolishment of traffic in elk teeth.

Fined for Selling Art Works.

New York, Nov. 27.—A dispatch to the Herald from Rome says: Under the Italian law prohibiting the sale of a work of art to foreign countries without the consent of the government, Signor Sanguinetti has just been fined 14,000 lire (\$2,800) for having sold a bust of Benvenuto Cellini to a London dealer.

Kruger May Come to America.

New York, Nov. 27.—Samuel Pearson, formerly's commissioner of the Transvaal army, who has just arrived in this country with a number of other Boer refugees, is responsible for the statement that President Kruger will probably soon seek refuge and a permanent home here.

"President Kruger will leave Paris very soon, I believe," said Gen. Pearson, "and come to America, where with his wife he will make a home until such time as our arms have triumphed and he can return to the South African republic to take up again his office as chief executive of the Boers."

MORGAN ON NICARAGUA CANAL

Favors the Ratification of the Hay-Pauncefote Treaty.

New York, Nov. 27.—Senator John T. Morgan, of Alabama, is quoted in a Tribune special from Washington, as saying in an interview about the Nicaragua canal project: "I can see no reason why the canal measure should not go through this session. Every senator who has thus far returned to Washington has expressed his willingness and determination to vote for it, and I have no doubt that a large majority of the Senate will vote for the bill when the time arrives. The trouble has been and is likely to be in securing permission to consider the bill. When a vote is taken a great majority will vote in its favor."

"I am in favor of the ratification of the Hay-Pauncefote treaty, and I think the treaty will be disposed of favorably."

"The question of fortifications along the canal is one which has more interest for the countries of Nicaragua and Costa Rica, than for the United States. Nicaragua and Costa Rica own the

ground, and ought to have a right to say just what they want in this direction. If they do not fortify the canal, then there will be some necessity for the discussion of this subject, but so far as the interests of this country are concerned, the matter is of very little consequence. Some of the military authorities may take the ground that in view of the uncertain character of the government of South American republics, a few fortifications might be good thing, but this is an opinion that does not bear on the canal project proper, and is of no great consequence. Let the nations owning the land have their say in this respect, and let us not worry over it."

Big Storm in the East.

Chicago, Nov. 27.—A storm of unusual severity swept the States east of Illinois during the past thirty hours causing numerous disasters on land and water and causing heavy property loss. Wind, rain and snow combined to make the storm one of the worst of the year.

Wires throughout New York, West Virginia, Ohio, Kentucky, Tennessee and other States are strung in a crippled condition, and it is impossible to tell how great the loss of life will prove. Many alarming rumors have gained credence, but confirmation of several reported disasters cannot be obtained.

New York City was all but isolated from the rest of the world a great part of yesterday.

On Lake Erie the gale was severe, a number of vessels being wrecked or driven ashore. Twenty-foot waves swept in from the lake, causing serious damage to wharves and buildings along the water front.

At Loraine, Ohio, the heaviest rain in many years destroyed the government pier, threatening to do damage to the harbor.

The south canal of the Erie canal near Rome, N. Y., was broken letting the water out of the 30 mile level.

Vessels in this section of the State will be left to the bottom where they are until the damage is repaired and the canal refilled.

Waterworks reservoir near Chauncey, Ohio broke and the flood swept down on the town, one mile away, destroying a number of buildings and flooding the city.

Throughout Ohio and West Virginia all streams were flooded and overflowed their banks, carrying away bridges and trees, severely interfering with railroad traffic.

THE CASTELLANES' DEBTS

An Injunction Restraining the Trustees from Turning Over Gould Money Granted.

Plaintiff is Anthony J. Dittmar, Assignee of Asher Worthemer, a London Dealer.

New York, Nov. 26.—Samuel Untermyer applied to and obtained today from Justice Fitzgerald, sitting in the supreme court, an injunction order restraining on Monday next, against the Count and Countess Castellane, Edwin and George Gould, Howard Gould and Helen M. Gould, as trustees under the will of Jay Gould, restraining them from paying to Anna Gould, Countess de Castellane, any part of the estate in the hands of the trustees, or from applying any part of the trust fund to the debts of Anna Gould or to her support or that of her children until the further direction of the court. The plaintiff in the suit is Anthony J. Dittmar, who sues as assignee of Asher Worthemer, a London bric-a-brac dealer.

The complaint, which is a long printed document, contains copies of drafts drawn by Worthemer and accepted in writing by the Count and Countess de Castellane, amounting to upward of \$250,000, of which \$250,000 and upward are past due. It is alleged that Anna Gould has \$15,000,000 held in trust for her by her brothers and sister, and that her income is about \$100,000. It is claimed that \$250,000 a year is all that the count and countess require for their support and the plaintiff asks that the remainder of the income should be applied to the payment of the couple's debts.

It is said that over \$250,000 of surplus income has already accumulated, which ought to be used for this purpose. The present suit is said to be a test case, and it is reported is backed by other creditors than Worthemer.

A few weeks ago George J. Gould was appointed guardian for the Countess de Castellane in a proceeding in a French court. The creditors claim that the purpose of this proceeding was to get the property of the Countess de Castellane away from attack by her creditors so as to enable the Goulds to force the settlement of the debts at their own time and on their own terms.

Judge Dillon, counsel for the Gould family, made the following statement concerning the suit: "The Countess de Castellane is not entitled to any part of the capital or principal sum of the estate of her father, the statement of the plaintiff seems to imply. The will of Mr. Gould provides, in substance, that the income is to be a trust fund in the hands of the trustees, to be appropriated for the support and maintenance of his daughter, and that she cannot anticipate or dispose of any part of that income until it is actually received by her, and that until so received she or her husband, or her children, are not to have this provision in the will carried out in its full extent or so far as possible. She has no control nor has her husband any control over the principal sum, which goes to her children after her death."

"In the foregoing statement it is said that creditors claimed at the proceedings in Paris, whereby George Gould was

FOOD IN NEW YORK.

An Experienced Physician's Work.

Dr. Hyland MacGrath in experimenting on the mac of food on his own body, says: "After eating four heaping teaspoons of Grape-Nuts, I had occasion to walk about fourteen miles and was surprised at my feeling of strength and buoyancy. On other occasions, when I have taken careful note of my feelings and sensations, I have discovered that intellectual tasks are comparatively easy when using Grape-Nuts at each meal."

"Of course I understand that the theory regarding Grape-Nuts is practically perfect. That is, the food contains elements that are well known, and furnished in a concentrated and quite delicious form."

"I expect, therefore, that the physical demonstration of these results is more satisfactory, always, than the mere statement of theory."

Grape-Nuts combined with fruit and seasonable vegetables, I prescribe to all young women and delicate men, and have not had a case yet that has not furnished gratifying results."

A nervous, irritable man of 72 became fat and amiable after Grape-Nuts food as a regular (but not exclusive) diet."

"I have found slender, anemic girls improved rapidly in health, spirits, weight and looks, on Grape-Nuts."

"I have found a blessing to thousands of girls if this food was used more largely in boarding schools and seminaries, not to be administered as medicine, but as a pleasant, healthful and highly nourishing food." Dr. MacGrath lives at 96 5th Ave., New York.

SURPRISING RESULTS.

A Simple Internal Remedy Makes Remarkable Cures of Catarrh.

People who have used sprays, inhalers, salves and washes for catarrh and have found how useless and inconvenient they are, will be agreeably surprised at results following the use of a pleasant internal remedy in tablet form: druggists everywhere admit that Stuart's Catarrh Tablets, which they sell at 50 cents for full size treatment is the safest, most effective and popular of all catarrh remedies.

Nearly all cheap cough mixtures and throat lozenges contain opiates, these cheap medicines give a temporary relief, especially with little children by destroying nerve sensation; the irritation in throat, which causes coughing is temporarily removed, not by removing the cause but by deadening the nerves so feeling the irritation is not felt although it is still there and will promptly return.

Stuart's Catarrh Tablets is the best remedy to remove catarrhal secretions whether in the nose, throat or stomach because they are composed of wholesome antiseptics like Eucalyptol, Guaiac, Sanguinaria and Hydrastin, when you take these tablets you know what you are putting into your system and not taking any chances with cocaine, opiates or similar poisons found in so many catarrh cures and cough medicines.

Dr. Ramsdell in commenting on catarrh cures, says: "I can heartily recommend Stuart's Catarrh Tablets, because they contain no cocaine nor other dangerous drug found in so many advertised catarrh cures. I have known of many cases of remarkable cures of the head and throat completely cured by the daily use of these tablets for several weeks. One case in particular, which I could not reach with an inhaler or spray and where the catarrh caused daily headaches and a noticeable loss of hearing, was entirely cured by this harmless but effective remedy."

"Dr. Wainwright says: 'I never hesitate to prescribe Stuart's Catarrh Tablets for catarrhal headaches and catarrhal deafness because I know them to be perfectly safe for child or adult and have seen many remarkable cures resulting from their regular daily use because they are advertised and sold in drug stores is no reason why any good physician should not use them because we should select the means of cure wherever found.'"

Stuart's Catarrh Tablets are especially valuable for catarrhal colds in children because they are pleasant to the taste and may be used freely to break up severe colds and croup at the very beginning.

All druggists sell the remedy at fifty cents for full sized package.

A little hot water and cure of catarrh mailed free by addressing the F. A. Stuart Co., Marshall, Mich.

was appointed guardian for his sister, that the idea of the Gould family was to get possession of the income of the Countess de Castellane and force her creditors to settle on their own terms. This is obviously a mistake, as the only effect of this proceeding is to prevent her from incurring fresh obligations without the consent of her brother."

Smuggled Chinese Caught.

Plattsburgh, N. Y., Nov. 27.—The business of smuggling Chinamen across the border from Canada into this State is believed to have received its death-blow. Late Saturday night two Chinamen were seen as they were being drawn through this village in a covered wagon.

They were traced to Keeseville, N. Y., at which point they had been driven from Hemmingford, a distance of forty-five miles, and there lodged in a Chinese laundry. They were arrested and brought to Plattsburgh, where they were given a hearing before United States Commissioner Woodward. They gave their names as Fong Lee and Lam Chin.

Lee, aged 24, and they both stated through an interpreter that they were born in China and that they were from the province of Quong Tung. They were committed to the local jail to await their examination today.

Gift to Colorado College.

Colorado Springs, Colo., Nov. 27.—In an address to the students of Colorado college, Dr. D. K. Pearson, the Chicago philanthropist, announced that he had given to the college a gift of \$50,000 toward the cost of completing the new scientific building, now in course of construction.

Ecuador Going on Gold Basis.

New York, Nov. 27.—Gen. Archibald Sampson of Phoenix, Ariz., U. S. minister of Ecuador, will sail this week on the steamer Advance, for his post. He came north in September. "Ecuador goes on the gold basis this month," said the general in an interview. "The act was passed a year ago last August. The election for president takes place on the first Sunday of the coming January. Eloy Alfaro, the President, is wonderfully popular. He is especially friendly to the United States, and has been a useful and progressive chief executive. He has a son at West Point."

"Ecuador is the rapidly developing country to come into the country. For capitalists Ecuador offers extraordinary advantages. There is a vast tract of country undoubtedly rich in gold and silver, which has never been explored, but it is no country for a man without money. Wages run from 10 cents to 60 cents a day for mechanics. Clerks get from \$15 to \$20 a month. The railroad to connect the coast with the capital is now being constructed from Guayaquil, 375 miles, to Quito, by an American syndicate at a cost of about \$7,500,000. Quito has 30,000 inhabitants and Guayaquil 50,000."

A Village Blacksmith Saved His Little Son's Life.

Mr. H. H. Black, the well-known village blacksmith at Grahamsville, Sullivan Co., N. Y., says: "Our little son, five years old, has always been subject to croup, and so had been the attacks that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it is settled." There is no danger in giving this remedy, for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult.

THANKSGIVING WEEK SALE.

At Z. C. M. I., commencing Monday, Nov. 26. Great Reductions in Ladies' Goods.

MUSIC LOVERS.

All who desire information of the address, etc., of Salt Lake's music teachers, should consult the Musicians' Directory, published on the Dramatic and Musical page of the Saturday "News."

HERBINE sweetens the breath, brightens the eyes and clears the complexion without the slightest ill effects, whatever, and ensures the natural bloom of health. Price, 50 cents. Z. C. M. I. Drug Dept.

WILL CONTEST IN MORGAN COUNTY

The Question of Treasurership Will be Settled by a Re-count.

CHARGE OF POOR COUNTING.

Another Count of the Ballots May Change the Declared Result on Legislature.

A special dispatch to the "News" today from Morgan City, announces that an election contest is to be reopened there. In the case of the candidates for county treasurer, Daniel Heiner, Republican, and James Rawie, Democrat, were credited by the canvassing board with having received 389 votes each, thus making it a tie. Under ordinary circumstances, when there is no contest, the accuracy of the returns is not doubted, but in this case, there is the allegation that a number of ballots were thrown out without cause, and that these, if counted, as they should have been, will show Mr. Heiner to have been elected. This alleged wrongful action of the judges, therefore, is a basis for contesting the result. The questions raised by contest not only involve the office of county treasurer in Morgan county, but also affect that of State Senator in the contest between Messrs. Ellison and Barnes, and may change the result on Representative to the Legislature from Morgan county, where the seat was awarded to the Democratic candidate by a margin of two votes only.

A Good Thing.

German Syrup is the special prescription of Dr. A. Roschke, a celebrated German Physician, and acknowledged to one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the trouble, instead of leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Roschke's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Get Green's Prize Almanac. For sale at A. C. Smith's Drug Store.

THANKSGIVING WEEK SALE.

At Z. C. M. I., commencing Monday, Nov. 26. Great Reductions in Ladies' Goods.

LIFE OF A PIONEER.

Autobiography of Capt. James S. Brown, 620 pages, bound in cloth. Price \$2.50; for sale at the Deseret News. Special terms to agents.

WHITE'S CREAM VERMIFUGE

removes the unhealthy tissue upon which worms thrive; it brings and quickly a healthy condition of body, where worms cannot exist. Price, 25 cents. Z. C. M. I. Drug Dept.
