Board of Education Considering Exchange of State Street Property.

The board of education is in a sort of quandary as to which piece of property it shall trade its North Temple and State street property for if indeed it trades at all. The two pieces that it has to draw from are the Armstrong and the Kimball blocks. They are each larger than the board's lot, and the proposed trade is on an even basis. The board's lot is 12x12 rods, while that of the Armstrong is 10x20 rods, and is immediately north of the lot owned by the board. Mr. Armstrong now offers the board an additional two rods on the north and right of way 12 feet wide on the west. The Kimball lot, which joins the Armstrong piece on the north, is 10x22 rods. This offer includes a fourteen-foot right of way west on East Temple street. The property of the board is on a level, while the other two lots are on rather a steep grade. There was no decided preference expressed, but there seemed to be a slight inclination towards the Armstrong lot. Mr. Bamberger, however, opposes a trade with either, contending that the property now owned by the board is better than either of the lots in question. He thinks it has an advantage over them in location and in being level. The board will meet tonight and will probably settle the matter.

VICTIM OF PRACTICAL JOKE

Dan Cowan, a Messenger Boy, Receives a Severe Shock.

The A. D. T. messenger boys had their love for practical joking severely damaged last night by one of their number being nearly killed as a result of their projects. Dan Cowan was the unhappy victim of the joke, which took the form of an electric shock. The boys had been idle a few minutes with the inevitable result. The first evidence of their idleness was the attaching of a wire to the door knob, and trying to suppress their laughter when those entering the office would witness the stinging sensation. Pretty soon the boys wanted to try something else, with the result that the zinc tub under the water faucet was charged and the floor underneath was damped with water. The scheme of the boys was to catch anyone using the water would receive a shock. Presently Dan Cowan came in from a run and went to the faucet to get a drink. The next thing he heard was a groan and the heavy thud of a body falling on the floor. The boys ran to Cowan who was lying limp and unconscious. Dr. Beer was summoned and after working over the lad for some time he was restored to consciousness. He was then placed in a carriage and sent home. It is estimated that about 350 volts of electricity went through Cowan's body. He has well high recovered now from the shock.

"Pain in the head and back" is a form of suffering with which so many women are familiar. Often this pain is associated with nervousness, sleeplessness and loss of appetite. The cause of such suffering is generally to be traced to derangement of the womanly function, or a diseased condition of the delicate womanly organs.

In such cases the action of Dr. Pierce's Favorite Prescription is marvelous in the prompt relief of pain and permanent cure of disease. It regulates the periodic function, dries disagreeable drains, heals inflammation and ulceration, and cures female weakness. It cures when all other means have been tried in vain. Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and is held as strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

In a little over thirty years Dr. Pierce, assisted by his staff of nearly a score of physicians, has cured more than half a million women.

"I was a great sufferer for six years and doctored all the time with a number of different physicians, but did not receive any benefit. I wrote Mrs. George E. Good Street, Saginaw, Mich. 'One day I was reading a paper I saw your advertisement, and although I had given up all hope of ever getting better, I thought I would write to you. When I received your letter, telling me what to do, I commenced to take your 'Favorite Prescription' and follow your advice. I have taken ten bottles of it, also five vials of the 'Pleasant Pellets' and am now regular after having missed two years and suffered with pain in the head and back. I was so nervous, could not eat or sleep. Now I thank you for my recovery.'"

How it Will Be Entertained by Salt Lake Business Men.

The business men of Salt Lake who have been selected to arrange for the reception and entertainment of the Chicago Commercial club have just about perfected the arrangements. The club will arrive Sunday morning at 7 o'clock if there is no accident and will remain in the city until 6 o'clock in the evening. They will first be driven over the city and at 1 o'clock they will assemble at the Tabernacle where a concert will be given in their behalf. The Alta club will be thrown open but it cannot be said whether or not the guests will want anything so early. George T. "Pain in the head and back" is a form of suffering with which so many women are familiar. Often this pain is associated with nervousness, sleeplessness and loss of appetite. The cause of such suffering is generally to be traced to derangement of the womanly function, or a diseased condition of the delicate womanly organs.

In such cases the action of Dr. Pierce's Favorite Prescription is marvelous in the prompt relief of pain and permanent cure of disease. It regulates the periodic function, dries disagreeable drains, heals inflammation and ulceration, and cures female weakness. It cures when all other means have been tried in vain. Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and is held as strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

In a little over thirty years Dr. Pierce, assisted by his staff of nearly a score of physicians, has cured more than half a million women.

"I was a great sufferer for six years and doctored all the time with a number of different physicians, but did not receive any benefit. I wrote Mrs. George E. Good Street, Saginaw, Mich.
