Impressive funeral services were held in the First Methodist church. There was a large attendance of sorrowing relatives and friends, and the many beautiful floral tributes bore witness of the high esteem in which she was held in the community. Rev. Crane preached a comforting sermon on the life immortal and the necessity of living right in this life, and eulogized the excellent Christian life of the deceased. A quartet furnished the music.

FOOT OF SNOW IN MOUNTAINS.

A heavy storm occurred yesterday east of Ogden, along the line of the Union Pacific, greatly delaying traffic. Between Castle Rock and Altamont the reports brought to Ogden were that a foot of snow fell during the night, which made it difficult to get the trains through. All telegraphic communications were down, and gangs of men to repair the wires were sent to Echo, where the line is out.

Read, Mattilda Stone vs. Cyrus Stone, Phoebe Heslop vs. R. A. Heslop, Mary E. Nichols vs. Robert W. Nichols, Margaret E. Green vs. M. Eugene Green, Rose Cook vs. Frank Cook.

ANOTHER RAISE IN COAL.

The coal dealers in Ogden have decided on a raise of 25 cents per ton on the rate of \$5.50 per ton. The dealers claim that by winter time the price of coal will be increased 50 cents more per ton for storage cost.

PEACE MEETING.

Heavy Rain—Only Bush Fruits Left By Frost.

Special Correspondence.

Monroe, Sevier Co., May 20.—Last night a peace meeting was held under the auspices of the Relief society. A very large and attentive audience responded to the call. Appropriate addresses, musical numbers and a week ago the heaviest rain storm of many years saturated the ground and seems to have at last broken the backbone of the cold spell and the summer weather now on hand makes the crops look well. The second planting of beets is now beginning to break through the ground and all the fruit that will be grown here this year will be currants and gooseberries. Water, from all indications, will be plentiful.

The young son of James Anderson of Brooklyn, this precinct, who was shot in the nose by the careless

ground. Nothing on record verifies the statement. The city attorney gave an opinion informing the council that it has no right to grant a right of way only for public use.

The council and the mayor will meet at some desirable time to decide on the exact location of the new city system.

Councilman Wood, who was appointed to investigate the condition of the old Salt Lake City bell, reported that it had been destroyed.

The Boyd Park Jewelry Co., was awarded the contract of installing the town clock and bell and erecting the tower for a consideration of \$1,450.

Mayor Brown reported that he had made a thorough inspection of the railroad crossings on Murray and Edging streets and suggested that Edging street crossing be torn up and that the crossings on Murray street, be well bridged. He advised that if it is wanted and he asked to make these repairs at an early date is possible, the city engineer was asked to work in conjunction with the mayor in making a report as to the actual cost of the repairs.

The Progress Co., will be asked to furnish a written report giving an idea as to the time of completing the system.

The city has granted franchises which are governed by time which gives it a right to know when the work is to be performed.

In reply to the question as to who has the authority to make the appointment of probation officers under the new juvenile court law, the city attorney refers to section 19, chapter 105 of 1907, which, upon the recommendation of the board of juvenile judges, empowers the mayor and city council to appoint two deputy probation officers, who may be paid a sum not to exceed \$2 per diem while actually on duty, to be paid from the general funds of the city. The opinion was confirmed by the council and will be followed in the appointment of these officers.

Admiral Highborn Praises Pe-ru-na.

REAR-ADMIRAL HIGHBORN

Admiral's Words Garry Weight.

Rear-Admiral Highborn is one of the best-known officers in our navy. His statements concerning Peruna will have much weight as they go out in the world. What he says is echoed by many others of high standing.

What the Admiral Says.

Philip Highborn, Rear-Admiral of the U. S. Navy, Washington, D.C., writes:

"After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic."—Philip Highborn.

Kidney Trouble.

Mr. Andrew Cooper, 227 Second St., Menasha, Wis., President of Menasha Horticultural Society, and member of Ancient Order of United Workmen, writes:

"I suffered with kidney trouble for a number of years. I took Peruna for a couple of weeks before I noticed any change for the better, but my improvement was very fast after that, and in a little while I could go to work again. I used Peruna for four months and was rid of all kidney trouble, the pains in my back were all gone, and I felt much better all around."

Exposure and Dampness.

Mr. Sylvester E. Smith, Room 218, Granite Block, St. Louis, Mo., writes:

"Peruna is the best friend a sick man can have. A few months ago I came here in a wretched condition. Exposure and dampness had ruined my once robust health. I had catarrhal affections of the bronchial tubes and for a time there was a doubt as to my recovery. My doctor advised me to take Peruna, which I did and in a short time my health began to improve very rapidly. The bronchial trouble gradually disappeared and in three months my health was fully restored."

An Ever-Present Foe.

The soldier is especially subject to catarrh. In the barracks and on the field Peruna is found equally efficacious to overcome this physical enemy. It taken in time it
