FLOATING FRAGMENTS.

Who is U. J. Wenner?
The weather is again bright and beautiful.
The immigrants will reach this city to-morrow morning.

Primary Association Conference, at the Assembly Hall next Saturday.
Sole Pledge meeting on Saturday, Sept. 20th, at 11 a.m. in the Assembly Hall.

"A False Friend," to-night, at the Opera House, by the Union Square Company.

Yesterday Julian Magnus, Esq., of the Union Square Company, made a friendly call at our office.

Conference of the Ladies' Relief Society of Salt Lake Stake, at the Fourteenth Ward Assembly Rooms, on Friday, Sept. 22d.

Those who witnessed "The Banker's Daughter," last night, at the Opera House, are in ecstasies over the performance.

While the orchardists of Beaver are discouraged with a "no fruit" season, our neighbors in Iron County report a more than average crop of both horticultural and agricultural products.—*Utahian*.

A couple of bogus sisters, in nun costume, are said to be going the rounds of Montana, collecting money under false pretenses. They were heard from last in the neighborhood of Mugil Tunnel and Marysville.

A Philadelphia mother told her little boy that he must not say "you lie," but "I beg your pardon." The next day he was heard angrily shouting at another boy, "I beg your pardon, and you didn't take it either."—*Ex.*

A Fort Collins dispatch to the *Boomerang* of Friday says: "A terrible conflagration is raging here. Over \$500,000 worth of property is already destroyed, and there is no prospect of quelling the flames until they die out for lack of material to feed upon. The Cheyenne fire department has been sent for."

The Cheyenne Leader says: "A systematic course of pilfering fruit cars on the Union Pacific freight and passenger trains has led to the issuance of an order requiring an inspection of all fruit cars at Sidney, North Platte, Grand Island, Omaha, and Council Bluffs. Conductors are held responsible for locks and pilfering employees will be dismissed."

The telegraph brings the important news that Blaine's health is good. Now, how nice it is, in these western wilds, to be kept posted by telegraph of all the startling news of the world. For some nights we have been unable to secure peaceful repose while fearing that Blaine might have a stomach ache. The telegraph is a wonderful invention.

—*Mining Link.*

A young man named Bland who has been running a boarding house for Corry Bros, about ten miles below town on the U. & N. grade, married a woman a short time ago. Last Friday he came into town bringing the woman with him, and later in the day he took the coach for the terminus, leaving her at a hotel without money or friends. After trying to get work here she went to Butterfield on Wednesday.—*New Northwest, Deer Lodge.*

This year Christmas falls on Monday, and here is an old prediction, which appears in an exchange:

It Christmas day on Monday be,
A great winter that year you'll see,
And full of winds both loud and shrill;
But in the summer, truth to tell,
Beneath the sun there be heat and strong,
Full of tempests and lasting long.
While battles they shall multiply,
And great plenty of boats shall die;
He shall be found that scoldeth aught,
Though thou be sick, thou dost not

It is only just to one of the best of fellows to say that "Old Shipwreck" is booked to make a great deal of money. I am bound to say, also, that a great many people have expressed the warmest admiration of it as a drama. This is one of those cases in which one's opinion of a man's work does not in the smallest degree influence one's opinion of the man. The severest critic that Bob Morris had will be glad to know of his commercial success.—*Dramatic Times.*

LOCAL AND OTHER MATTERS.

Frost.—At Lehi and vicinity last night and this morning a light frost prevailed. Fortunately it was not sufficiently keen to do any damage.

Reduced Rates.—W. B. Dodgins, Esq., of the U. P. R. R., has attended to the Bear Lake people that their request for reduced rail rates for Conference will likely be granted.

High Council.—The members of High Council are requested to meet to the Council House, on Friday evening, the 22d inst., at 7 o'clock.

With the Company.—Amongst the list of emigrants in yesterday's issue is the name of Wm. Garbett and family, for whom, it will be remembered, two concerts were held to assist them to gather to Utah.

Important to Sheep-Raisers.—Mr. Alma Pratt has received a carload of Merino bucks from California. The sheep have been examined by some of the best judges in the Territory and are by them pronounced the best ever imported to Utah. Read Mr. Pratt's advertisement.

A Detailed Story.—This morning a colored individual who rejoices in the cognomen of Billy Woods, was before Justice Spiers charged with stealing a pistol from Louis Ordner.

Billy is considerable of a spokesman, plead his own case, and glibly told an elaborate story. The Justice evidently considered it too attenuated for belief, so he sent him to jail for 60 days.

A Valuable Mine.—We have received from Mr. David Crafts a specimen of copper ore from the Detroit Mining District, thirty-five miles from Deercet, Millard County. The specimen is said to contain sixty-five per cent. copper, and a proportion of \$70 gold to the ton. The mine is owned by the Deercet Gold and Silver Mining Company, of Chicago. It is said to be one of the richest of its kind in Utah. Mr. Crafts is superintendent.

An Estimable Lady Departed.

We learn with deep regret of the demise at 11.30 a.m. to-day, of Mrs. Clara Young Conrad. The deceased had suffered for a long time from consumption, and this morning was seized with a violent fit of coughing, causing the bursting of a blood vessel, the immediate cause of death being hemorrhage of the lungs. Mrs. Conrad was the wife of Bro. Jasper Conrad and daughter of the late President Joseph Young, and a lady of most estimable qualities of head and heart. Her death will be mourned not only by her immediate relatives but a wide circle of friends as well.

Deceased was in the 33rd year of her age, and occupied the position of Counselor to Sister Mary P. Freese in the superintendency of the Y. L. M. I. A. of the Stake. She was faithful and true to every engagement, being an exemplary member of the Church. The funeral services will be conducted at the Fifteenth Ward Assembly Rooms, on Friday, the 22nd instant, at 2 p.m. Friends are invited.

Union Square Company.—The Walker Opera House was packed last night with an audience that was thoroughly satisfied and delighted. "The Banker's Daughter" was performed in a style that could not be surpassed. It is pronounced as near the perfection of dramatic art as could be wished for. The company is composed of genuine artists, and is so thoroughly trained that their performance is not like acting but rather real life. Every thing moves like clock-work, and gesture, expression, grouping, scenery, "business" and all things pertaining to the play are suitable, harmonious and pleasing in the highest degree. No particular is unnecessary where every actor is thorough and fitted for the part, and we can only advise our friends to go and see for themselves. To-night "The False Friend" will be produced, and will prove another rich treat to playgoers.

A Street Struggle.—This morning G. Smith and E. Billington, two of the men who have been engaged in running the photograph lottery business alluded to by the News yesterday, had a fierce encounter. They had a dispute about their business, and hot words were followed by blows. Smith was knocked down, and while in a prostrate position Billington pummeled his face.

The two were separated and Billington walked off. Smith's blood was up to boiling point, he followed his antagonist a block and hit him on the head with a rock, laying him prone upon the pavement. Both were arrested and appeared before Justice Spiers. Billington is a tall fellow of sallow complexion, with his hair combed down upon his brow almost to the point where it joins the neck, while Smith is a man of diminutive stature, broad and chunky. Billington said he was a California bruiser and fighting man. They both admitted the fact of the fight, and were each fined \$10.

The Governor's Appointees.—This morning Major James F. Bradley, "appointee" of the Governor for the office of assessor of Salt Lake County, called at the Court House and acquired the amount of the bond necessary to be filed by a person holding that office. He was informed that it was a matter that was decided by the County Court. He made inquiry as to the amount of the bond of the present incumbent of the office, and was referred to the County Clerk, who was absent at the time.

This afternoon Major Edmund Wilkes, "appointee" of Governor Murray for the office of surveyor of the County, and Mr. Arthur Pratt, "appointee" of the Governor for sheriff, each called upon the Probate Judge and offered to file official bonds. Judge Smith respectfully declined to have anything to do with the matter.

Treatment of Diphtheria.—The Medical Press says that Dr. Dauber, who, during twenty-four years of very extensive practice in the Children's Hospital, St. Petersburg, has treated upward of two thousand cases of diphtheria, and tried all the remedies, both internal and external, employed in this affection, has obtained the best results from the following method, which he has employed for the last ten years. As soon as the white spots appear on the tonsils he gives a laxative mainly composed of aena, which produces an abundant evacuation. When the purgative effect has ceased he gives cold drinks, acidulated with hydrochloric acid, and every two hours a gargle composed of lime water and hot milk in equal parts. Dr. Dauber affirms that when this treatment is commenced early it is generally and rapidly successful.

An Artistic Combination.—Here is the style in which the *Missing Link* speaks of a Laramie art treasure:

"We are thinking of sending the art editor up to Blackburn Hall to write up that overwhelming drop curtain. It looks as if the drop painter had taken a good many drops too much, and then armed with the ultra-marine blue brush in one hand, and the double condensed lawn mower green in the other, had been a sham battle at six paces. Such an artistic combination of ever-green and true-blue trees was never attempted by any Mike Angelo, ancient or modern. All it needs is a convenient pair of Noah's ark in the foreground and Turner's slave-ship in the dim distance, to suggest Paradise lost."

Judge Twiss Decides.—Judge Twiss, in the Second District Court, at Beaver, yesterday, rendered his decision in the test case involving the validity of the woman's suffrage law. It sustains the validity of the act. The position of the Judge on the question is in every way similar to that of Judges Hunter and Emerson, with the addition that he holds the payment of taxes to be a qualification of an elector, and therefore that women must pay taxes to be entitled to vote.

Missionaries.—By telegram to the President John Taylor we learn that the 22 missionaries who left this city on Tuesday, Sept. 12th, sailed from New York on the S. S. Wyoming, yesterday morning. All well.

The Immigrants.—The latest from the immigrants is to the effect that they would arrive at Ogden at 5.30 to-day and reach this city at 9.40 to-morrow morning. It is probable that the hour of arrival may be later.

The De Moss Concert.—A gentleman who attended the De Moss family's concert, at the Sixteenth Ward School-house last evening, informs us that some of the pieces were creditably performed; and that as a whole, it was a fair entertainment of its class.

WA Pleasant Call.—This afternoon we were pleased to meet ex-Congressman McMillan, who represented the Twenty-Fourth District of Pennsylvania, in the Forty-second Congress. He has just returned from a trip through Idaho, and is much interested with his visit to the West. He was accompanied to our office by Mr. J. B. Gleason.

FROM "THE TIMES."
Editors Times:—The veterinary department in your valuable paper is always read by me with great interest and I value the information received from it a hundred fold more than the small amount paid for the paper. One year ago you published a letter from Dr. John Bales, relating the wonderful success he had had in curing spavins and splints with Kendall's Spavin Cure, and his allusion to using it now in his practice for several human ailments on account of the success he has always had with it. The above statement from so prominent a Physician gave me great faith in its efficacy, and as I had been afflicted for years with rheumatism and hip-joint lameness so bad that I could hardly walk at times, I procured a bottle and as it has completely cured me I wish to proclaim it to all the world as the most wonderful discovery ever made for the benefit of afflicted men as well as for the poor horse, for which it was first used. As this remedy must be of incalculable value to the world, I write this letter to express my thankfulness to you for ever mentioning it in your column, and to ask another favor in behalf of my fellow men who are afflicted in body, that you continue to make known to the world, the great value of Kendall's Spavin Cure for both man and horse as well as beast.

Respectfully yours, ARNOLD PARKER, Rochester, N. Y., Sept. 1st, 1881. d & w

This is to certify that we had Messrs. Simmons & Co.'s paint and paint our stables at the race track, in this city, which leaked badly. A few hours after the roof was painted there came a very hard rain storm, and we are pleased to say our roof did not leak a drop. We cheerfully recommend this paint as being both fire and water proof, and as a preserver of roofs it seems to us to be the very thing needed in this section of the country.
