

## GOVERNOR BRADY NAMES WARDEN

Officials of Idaho Penitentiary Take Charge of State Prison.

### RETIRING OFFICER'S RECORD.

Leaves Substantial Cash Balance to Credit of Prisoners and State Supreme Court Decisions.

#### Special Correspondence.

**B**OISE, April 22.—The new warden of the state penitentiary, John W. Stark, of Lemhi county, and Deputy Warden David P. Rich of Fremont county, together with Turner Thomas Jolly of Owyhee and Capt. of the Tenth T. H. Pease of Washington county, were installed in their respective offices on Monday. The retiring warden, E. L. Whitney, has gone with his family to their farm in Twin Falls county. Before the retiring official vacated the wardenship he deposited with the state treasurer the sum of \$7,490, a general fund representing the earnings of the prisoners. This is the first time such a thing has been done in the history of the state, the previous record having been a bullet to the warden.

There was also turned over to the incoming warden \$2,653.42, the personal funds of 238 inmates; a library fund amounting to \$1,377.05, and government vouchers to the extent of \$465.50. In the last four years the earnings of the prisoners have been about \$11,900.

#### MILITIA OFFICERS NAMED.

Gov. James H. Brady announced not Saturday the appointment of the officers of the Idaho national guard, which appointments have been hanging fire for the past three months. C. V. Patch of Payette, Canyon county, received the brigadier generalship; A. M. Howe of McCallum, Bonneville county, was named an adjutant-general, and Joseph R. Keefe is continued in office as assistant.

At first grave doubt was expressed relative to Howe's qualifications, the question having arisen over the following section of the new military law: "The adjutant-general shall be appointed by the governor from among the members of the national guard above the rank of first lieutenant, or who has had three years' service in national guard of this state or any army of the United States, or in both combined, as commissioned officer."

Although never commissioned as an officer, Howe served three years in the Civil War, and the adjutant general's commission to the original bill was a concession to the national guard veterans with a record of three years' service shall be eligible to appointment. This amendment was omitted from the enrolled bill as presented to and signed by the governor.

#### FRENCH LEAVES UNIVERSITY.

Prof. H. T. French, who for over 10 years has presided over the Idaho agricultural experiment station at the university in Moscow, has tendered his resignation and severed completely his connection with that institution. This action on the part of Prof. French is due to the political differences of opinion with President McLain regarding the policies of the experiment station and the agricultural college.

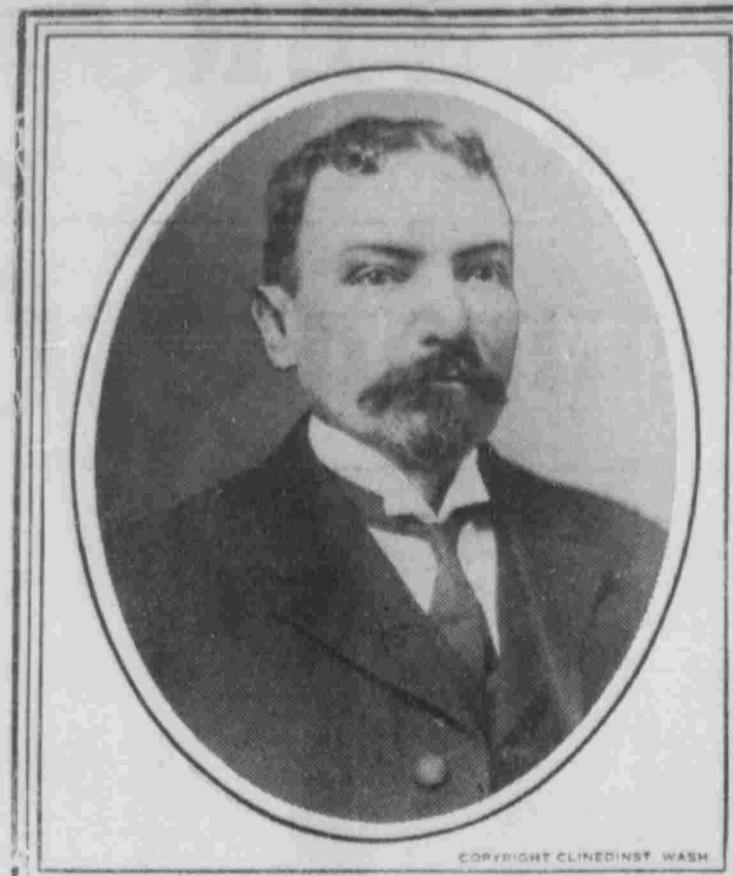

Prof. French came from the Oregon Agricultural college at Corvallis, Or., to the Idaho university in 1898. He taught specially and prominently in this state through his initial work in organizing the farmers' institutes. He was also instrumental in building up the agricultural department of the University of Idaho into one of the best schools in the country.

#### JURORS FOR NEAL TRIAL.

For the second trial of the defrauded Capital Stock bank, Mr. D. E. Neal, Judge Wood entered an order last Saturday for a jury of 20 talesmen to report April 30. Announcement was made at the time by County Atty. McCarthy that he would persist in the prosecution of the eight individuals and two informants remaining against Neal. The alleged series of swindles will come up for trial first.

#### PRISONER FREED.

As a result of a decision of the supreme court holding the provision of the alien law making it a felony to harbor, keep or control an alien woman for immoral purposes unconstitutional, Louis Maranovich, a federal

prisoner confined in the state penitentiary, has been released from custody. This decision of the supreme court is considered of great interest and of widespread importance.

At the trial before the court held at Moscow, Maranovich entered a plea of guilty of harboring, keeping and controlling for immoral purposes the wife, who had not been a resident of this country for three years.

This decision will affect another action now pending that of the United States against Emil Burzynski and James G. Geiger charged with harboring Louis De Bruyn, manager to the proprietor of a saloon and resort at Wallace.

#### LAND HOLDER DUPED.

A loss of landholdings together with thousands of dollars in advances who have been duped by desert entrymen or irresponsible promoters of irrigation projects will be the result of a recent decision handed down by the register and receiver of the local United States land office. If the same is sustained by the secretary of the interior, which the decision in question, in which the decision was rendered was an echo of the operations of John H. Garrett of Mountain Home. In substance it is held that where an assignee received an assignment of an entry acting in good faith, and it later devolved upon him that the entry was not valid by reason of the fact that the entrymen had never visited the land, or for some other reason, the entry shall be canceled. In the cases involved the assignees had each paid large sums. It is alleged, to John H. Garrett for water rights on the 160 acre claim which he wanted, and for them did not pay him a cent of valid desert claims. The entries are ordered cancelled on the grounds that they were not made in good faith by the original entrymen. The government was the plaintiff in each contest.

#### TROUBLE IN MIXED MARRIAGES.

According to a decision of the United States supreme court, the probate courts of a state have no jurisdiction over an estate involving Indian allotments to which title has not passed from the government. In the New Mexico case the court in this state hundreds of such cases have been adjudicated and these now must be remitted to the federal tribunal thus beginning an exceedingly long and tiresome labor. Several suits are now pending and hundreds more are anticipated.

Another question to be reopened is that of tribal marriage and tribal divorce. Although the tribal marriage is recognized, there has been no recognition of the separation of married couples, which amounts practically to desertion. Now, however, under the new tribal marriage and fail to recognize the divorce, scores of Indian children will be left without an allotment owing to invalidation of second, third and fourth marriages.

It appears in numerous cases already filed that husbands have usually taken the tribal name and fail to recognize the divorce, scores of Indian children will be left without an allotment owing to invalidation of second, third and fourth marriages.

The tribe in numerous cases already filed that husbands have usually taken the tribal name and fail to recognize the divorce, scores of Indian children will be left without an allotment owing to invalidation of second, third and fourth marriages.

A very congenial school election was held here today. The district was reported to be in fairly good condition, but in order to make some necessary improvements about the building and grounds, a special tax of 9 mills was levied. Mr. W. Kynaston was unanimously elected trustee for the school in the place of A. J. Morris, whose term expired. Messrs. Ira Call and Ralph Harrison are the other members of the board.

Spring has come at last. Farmers are busy and much encouraged over the crop prospects. There was a heavy snow fall here during the winter, and spring weather came so gradually that all the moisture went into the ground. Quite a contrast to last year, when with less snow, the entire country was flooded.

Sheep herds from the winter desert range are now coming in very rapidly and ranging in by.

Several thousand acres of land in this immediate vicinity have been fired within the last 30 days. Town lots are selling readily. Business conditions are improving and Bancroft has a very active appearance just now.

#### SAOLON LICENSE IS REFUSED IN DRIGGS

Special Correspondence.

**D**RIGGS, April 19.—The state superintendent of the Y. M. C. A. was reorganized April 15, with Joseph R. Fairbanks as superintendent and Elijah Edgington and Elmer Rigby as assistants. Supt. Durrant will be released on account of his failing health, per Dr. F. W. Morgan and William R. Durrant were called to be assistants to James F. Griggs, state superintendent of Sunday schools. J. B. Fairbanks and James Rigby being released to fill other church positions.

On Tuesday night the Driggs regular basketball team and the Pratt girls' team played on sand courts. The score was 15 to 1 in favor of the Pratt girls. The junior Pratt girls and Darby senior girls played a closely contested game, resulting in a victory for the Pratt girls, 5 to 3 being the score. On Saturday, April 17, the Pratt junior

girls played the Driggs regular team, resulting in a victory of 5 to 3 in favor of Pratt girls.

The male Y. L. and Y. M. M. I. A. bands gave an Easter ball on Thursday the 19th, in stake house; a very select gathering assembled from adjacent wards. The hall was beautifully decorated with evergreens. The Driggs orchestra furnished the music.

On Saturday evening the Pratt ward Y. L. and Y. M. I. A. associations gave a party which was well patronized.

The county commissioners rejected an application for a license to operate a saloon in Driggs, through a petition sent them by the Driggs Commercial club and citizens of the town, and a special plenary session decided Driggs. The license had been partly promised by the commissioners in case of petition, but they reconsidered and turned down the application, which is greatly appreciated by the citizens of Driggs.

Two military establishments have opened here, one by Mr. Sallie Green and the other by Miss Macie Goldring. A photographic studio has also been opened by Walter H. Durrant.

The farmers are smiling because of the departure of the snow which has been continuously on the ground since Nov. 15. There have been five months of good steplight, which is about six weeks longer than usual.

The first edition of the Teton Valley News was distributed on Thursday, the 15. About 1,000 copies were circulated. The paper was certainly a credit to the town and to the editor, Mr. J. F. Blumer.

#### SUGAR MEN INSPECT DISTRICT NEAR OAKLEY

#### Special Correspondence.

**O**AKLEY, Cassia Co., April 20.—The following named gentlemen spent three days of last week in and about Oakley looking over the Goose Creek valley, to be covered by the proposed Goose Creek-Oakley reservoir; George Austin of Salt Lake, John Wheeler of Garland, Heber Austin of Iron, Mark Austin of Sugar, C. Stradley of Salt Lake, Thomas Austin of Rexburg, and John T. Laut of Brigham City. The people of Oakley are hopeful that a connecting line of railroad and a beet sugar factory will result from the visit of these prominent men.

On Saturday, Dr. Jack and M. O. Funk went to Twin Falls Sunday to attend religious services.

Casa stike conference will be held here Saturday and Sunday, March 8 and 9.

#### CHILDREN MEET AWFUL DEATH AT BLACKFOOT

#### Special Correspondence.

**B**LACKFOOT, April 22.—Tuesday morning the home of Mr. and Mrs. William Claunch or Ottis burned, with two children in it. The parents were out doing the chores and did not notice the fire until attracted by the cries of the children. They succeeded in rescuing the 14-month-old baby, but she was so badly burned that she died in the evening. Only the charred remains of their little three-year-old boy were found. The funeral was held at 6 p. m. conducted by Rev. H. Evans of Blackfoot. The parents have the sympathy of the entire community. They have been in this state only about six weeks.

The ball game between the high school and the Ricks Academy of Rexburg was held Saturday evening of 15 to 1 in favor of the visitors.

The school board re-elected the following teachers, to serve next year: Fred Deming, Misses Wright, Bachus, Farnsworth, Gillispie, Marshall, Hubbard, Lillian Fisher, Geohart and Clegg.

The spring weather is producing much activity in the remodeling of offices and buildings, which gives a good impression to visitors.

The state tithing house is nearly completed and will be ready for occupancy in the near future. It has very well appointed offices for the transaction of business connected with the state.

The Blackfoot stroke committee will be held on Monday evening at 8 and 9.

A fall of snow occurred yesterday morning, with the ground wet and

afflicted with mangle, and the state veterinarian has quarantined the community, and ordered all cattle dipped.

At the school election on the 17th, M. J. Floyd was elected trustee for three years, and the special school tax of 5 mills was voted down.

A girl was born to Nephi and Anna M. Madsen on Friday inst.

Word was received today from Randolph that the 11-months-old baby of Stafford and Della Cleaves had died this morning of measles and pneumonia. The body will be brought here for burial.

Joseph Bastow has sold out and will move back to Cache valley in the spring.

On Tuesday evening a rain is the less noise in the air. That sounds paradoxical—but it isn't, for nerve is stamina.

Hood's Sarsaparilla gives nerve. It tones the whole system, perfects digestion and assimilation, and is therefore the best medicine a nervous person can take.

If you get tired easily, mentally or physically, take Hood's—it will do you good.

You who are suffering with Bright's disease, or kidney trouble, may find courage, as there is a mineral discovered in Utah that cured me and others of this insidious disease, and if you care to learn all about it send me your name and address, and I will put you in touch, so you may be able to rid yourself of the trouble. The supply of this mineral is limited, and apparently it is not advertised in any manner whatsoever, and should all those who are today suffering with kidney trouble ride only five pounds each, there would not be enough to reach one-fourth of them.

Do not send me any money, as I am not selling anything, my object is to let you know that there is hope after affliction, as I once was. There is a limited amount of this mineral which will soon be exhausted, my advice is to you is to act quick.

Reader, if you are not personally interested, but know of a friend who is, don't fail to cut this out and send it to him or her. As this notice will not appear again, write to:
