WE ARE NOW MANUFACTURING, IN CONNECTION WITH THE

ST. LOUIS STAMPING COMPANY

A new line of TINNED and POLISHED WROUGHT IRON WARE, suitable alike for

HOUSEHOLD,

Miners' or Camp Use.

And take pleasure in calling the attention of Stove, Hardware and general dealers to the many desirable qualities of this NEW WARE, not only as an article of trade, but of UTILITY, combining as it does, NEATNESS, CONVENIENCE and LABOR SAVING in the care of utensils that are in every day use, in the most important of all HOUSEHOLD DEPARTMENTS. We desire and request every housekeeper to see our TEA KETTLES, SAUCE PANS, DIPPERS, DISH PANS, WASH BASINS, POLISHED FRY and STEW PANS, as we are sure they have only to be seen to be appreciated.

Many of the articles are made entirely of one piece wrought iron which, during the process of manufacture, receives several coatings of black tin; this leaves a surface, when finished, perfectly smooth, easily kept clean and entirely protected against rust. The cost is but little more than common tin ware, and every article will do ten times the service. The shape enables us to pack the various sizes in nests so as to occupy but little space, and being but a little heavier than tinware, the cost of transportation is very small. At present our assortment consists in part of

TEA KETTLES, CAMP KETTLES.

MESS PANS, DISH PANS, SAUCE PANS.

DISH KETTLES, FRY PANS,

LADLES, DIPPERS, &C., &C.

We are now preparing a new Catalogue and Price List, and believe Stove and Hardware Dealers will find it to their interest to send for a copy of each before purchasing elsewhere.

UTAH TRADE.

JAMES LINFORTH,

COMMISSION MERCHANT

No. 3, Front Street, near Market,

SAN FRANCISCO, California.

MERCHANDISE and MACHINERY of all descriptions purchased or imported for UTAH TRADERS on the most favorable terms and at lowest current prices.

The proximity of San Francisco to the principal business points in Utah, both north and south, affords an opportunity to merchants to quickly and frequently replenish their Stocks at any season of the year, either by the way of Austin or San Pedro.

Many articles of general consumption both of Foreign production and California manufacture, can be obtained at less cost from San Francisco than elsewhere.

California and Oregon-made Woollen Goods, Blankets, Cassimeres and Clothing, such as underwear and Hosiery, are superior to anything imported and intrinsically cheaper, making

SAN FRANCISCO

UNQUESTIONABLY

THE MARKET FOR UTAH.

And ahead of all others in the advantages offered.

Actual market quotations and all necessary information furnished to Merchants on application.

Shipments in not less than ten tons can be sent directly to Salt Lake by way of Austin, and small lots can be sent to that point at any time when freighting is practicable on that route.

Goods consigned from other markets for re-shipment, promptly and carefully forwarded.

Thanking the commercial community of Utah for their generous patronage and confidence during the past six years, a continuance of the same is respectfully solicited.

CONGRESSIONAL.

SENATE.

After read the journal, Bingham commenced the final argument for the prosecution, protesting that he took part in these proceedings from no partizan feeling, but with a weighty sense of their solemnity and true meaning.

At four o'clock the court adjourned, leaving Bingham's speech unfinished.

HOUSE.

Chicago, 5.—In the House last night, Windom moved a resolution for appointing a committee of seven to investigate the charges made by Washburne in his letter against Donnelly, with the power to send for persons and papers; adopted after lengthy debate, which was generally conducted in a good natured manner. Washburne and Donnelly each apologized for their language of Saturday and withdrew their offensive expressions.

GENERAL.

San Francisco, 4.—The new California machine for laying the railroad track is laying ties and rails on the Valjejo and Sacramento road at the rate of two miles daily.

Later surveys for the railroad prove the existence of an excellent route through the San Francisco Mountains.

Washington, 4.—A meeting of the soldiers' National Executive Committee will be held on Saturday; thirteen States will be represented. Arrangements will be perfected for a Soldiers' National Convention to be held in Chicago about the same time. The Republican Convention Committee feel assured that this will be the largest delegated convention ever held in this country.

Belmont has written to the Democratic Congressional Committee stating that it will be impossible to get the National Executive Committee together in time; a change in the day for the Democratic Convention must therefore be made.

San Francisco, 5.—The Charter elections were held yesterday at Nevada City, Grass Valley and Stockton. In Grass Valley politics were ignored, but in the other two places the Union ticket was successful by small majorities. At Virginia, Nev., the whole Democratic ticket is elected, with one exception.

Forty-five miles of the Central Pacific Railroad are now in operation on the eastern slope of the Sierra Nevada.

At Paradise Valley, in north-eastern California, on the 29th of April, a band of Indian horse thieves killed one white soldier and wounded two others. Lieut. Lafferty and a party of seventeen men are gone in pursuit.

New York, 5.—The Herald's Washington dispatch says that Senator Fessenden has prepared an opinion to the effect that there are no grounds shown in either the evidence or argument justifying the conviction of the President. Morrill offered Fessenden an adverse opinion, but failed to convince Fessenden. Several other Republican Senators are reported to have followed Fessenden's example.

FOREIGN.

San Francisco.—The bark Comet, from the Sandwich Islands, brings accounts of terrible volcanic eruptions. Manua Lea, the volcano, began demonstrations March 27. On the 28th, over 100 shocks of earthquake were felt at Nilina. During the two weeks following, to April 13, 2000 earthquake shocks occurred at Waiohinu, where the earth opened in many places. A tidal wave sixty feet high rolled over the tops of cocoa trees a quarter of a mile inland, sweeping away human beings, houses and everything moveable before it. A terrible shock of earthquake prostrated a church and houses, killing many. In all 100 lives were lost, besides thousands of horses and cattle. The craters vomited fire, rock and lava, and a river of red hot lava five or six miles long flowed to the sea at the rate of ten miles an hour, destroying everything before it and forming an island in the sea. A new crater two miles wide opened and threw rocks and streams of fire a thousand feet high. Four streams of lava rolled to the sea at one time. The illumination extended fifty miles at night. The lava has pushed out from the shore one mile at Waiohinu; three miles from the shore a conical island rose suddenly, emitting a column of steam and smoke while the Kena packet was passing, splattering mud on the vessel. The greatest shock occurred on April 2. Prior to the erup-
