The trouble was over the Logan half-back Frew. He was disqualified for slug-ging by Umpire Buriner, after being warned twice to cease the practise, and he failed to leave the field, while his cap-tain refused to place another man in his position. The referee ordered the game to proceed, and at the end of two minutes, proceed, and at the end of two minutes, as no action was taken, he declared it for-feited. Frew claimed he had been sing-ged first in this instance, and was pro-tecting himself. The fact that he had Team. tecting himself. The fact that he had twice before slugged different play-ers in this same game, and that he was ruled off the field for slugging in the All Hallows game, lends little support to h.s claim. The third attempt at slugging was made in the wild scramble to get the ball after Varley of Utan had made h.s first touchdown on a blocked kick. Coach Campbell supports the action of the um-pire in this case although he alleges that previously he had acted unfairly. act that he different

ELSINORE.

REMARKABLY HEALTHY TOWN. Despite Reports to the Contrary-

---Only 3 Deaths in 1904. Special Correspondence.

Elsinore, Sevier Co., Nov. 24 .- In the issue of the Evening News of Nov. 21 appeared an article headed "Epidemic of Typhoid in Sevier Co.," the little town of 11 sinore using particularly mentioned. The information, supposed to have come from an inspector sent by the state board of health. In the inter-est of truth and justice, your corre-spondent will state that there has, during the year 1905, been at Elsinore 12 cases of Typhoid of mild type, none of them proving fatal. The said inspector called at four homes and found six cases, and with one exception all were convalescing. The people of Elsinore have not had any deaths caused from During the present year there have been some deaths from old age accidents and other causes; but non from contagious diseases. During the year 1004 we had three deaths, which speaks well for the nealth of a population of about 800. We know nothing of the water the inspector has exhibited from here, but will state that the water from the Elsinore water works has been analyzed before and pronounced good. There is, however, a time of the year when floods come and about the same time the Otter Creek reservoir is tapped that the water is not what could be destred, but that period is but two to three months of the year. For the month of November no cases of typhoid hu been reported. We learn of a number of cases of typhoid throughout Sevier and the state in general. see no good reason why Elsi

CARDSTON, CANADA STAKE CONFERENCE.

and Moroni (meaning Monroe) should be pointed out in particular.

Many Substantial Local Improvements Being Made in Cardston.

Special Correspondence.

Cardston, Alberta, Canada, Nov. 20.-On Nov. 18 and 19 stake conference was held here, and a most enjoyable time was had by all. President Edward J. Wood presided. The conference was preceded by a pleasant reunion of all the stake officials on Friday night. The metion meetings were well attended and

Wards well represented, and reports showed out to be in good condition. Cardston is improving, a fine new Frain at the term ator has been erected at the railway station and a new commodious brick building has been erected on the corner south of H.S. Allen's store. The balance of the building is to be opened as a hotel. An addition is being put on the Cardston Mercantile company's building, and just north is being put up a brick building to be used as a butch-er shop. A new brick wtake tithing aliway station and a new commodious er shop. A new brick stake tithing office is in course of erection. Groun I is being broken for a residence for

lark Spencer. Crops have been good in this district. the severe hall last summer. President Edward J. Wood is setting

commendable example in industry in his darrying, milking 20 cows, comfort-ably stabled in a well arranged barn. Connected with the barn is a large root rellar, where roots are kept for his stock

BY UMPIRE BURTNER.

BY UMPIRE BURTNER. Mr. Burtner was asked by the "News" is morning to make a statement of ex-active his position in the matter, and his busenet as to the need for disqualifying are Frew. He said: "Whice warned Frew before I disquali-fied him that if he did not cease his it whice warned Frew before I disqualifica-tion that if he did not cease his it whice warned Frew before I disqualifica-tion that if he did not cease his it whice warned Frew before I disqualifica-to the same he attempted to him that if he did not cease his warned him again, and also warned nis-warned him again, and also warned nis-ment of the presence of the bend-dines-ment he the presence of the bend-dines-ment of a player after he is fairly downed. When Varley went down there was a wild scramble and as I saw that he bend down doubled up, I pitched into the him. As I was straightening up after here he lossen to loosen. I saw Frew make here harded swing for the jaw of here here. I ought to have put him on bei fore beyen and one on whom Logan was be player, and one on whom Logan was be player, and one on whom Logan was be player. And one on whom Logan was be player, and one on whom Logan was be player. And wared him and his be player. And one on whom Logan was be player. And one on whom Logan was be player. The warder here the the player.

captain. Now nothing remained but to dis-quality him. "I will say further that in the presence of both teams just before the kick-off J asked every man to report to me through his captain any infraction of the rules 1 had failed to see, and just before this final trouble I asked both captains if they knew of anything irregular, and both re-plied in the negative. The charge of un-fairness was made after the game An actual comparison of penalties shews that Utah was penalized as often as was Lo-gan."

BY COACH MADDOCK.

BY COACH MADDOCK. Coach Maddock was seen this morning. He was of the same opinion as Umpire Burtner, as to the way is which the trou-ble occurred, and justified his stand. "We need that kind of rulings." he declared with emphasis. "It is the only thing that while keep the sport clean, and give a team that is trying to play full, a square chance. If the officials in the Golden and Denver games had done their full duty is number of players would have left the field. I teach my men not to use their hands, to keep them at their sides, and I will not keep a man on the team who losse his temper. It is a great injustice to a team trying to blay a clean, fair game, to have to meet teams that resort to other methods. I am sorry the game was not finished bocause I feel confident we would have piled up a big score. They had one flake piled up a big score. They had one flake piled up a big score they had one flake piled up a big score they had one flake piled up a big score they had one flake big that worked twice for gams, but we were onto it, and our back-field was working in its old-time form like it hasn't since the Denver game." COULD THE AGGIES HAVE WON?

COULD THE AGGIES HAVE WON?

COULD THE AGGIES HAVE WON? The game lasted about three-fourths of the first half. In this time Utah made her one touchdown, but the Aggies had shown remarkable ability in breaking through the Utah line. They had not been held for downs, although they had lost the ball in fumbles several times. Utah had lost the ball on the Aggies one-yard line, but had gone through them for good gains in crossing the field. Partisans of both sides differ radically as to what the outcome would have been, and both were confident of winning. The weight of the Aggies was rapidly telling in their favor, and it is not unreasonable to suppose that they would have scored. Their friends as-sert that Utah was exhausted by the heavy line plunges, but that is not prob-able in view of the fact that the Utah team has shown remarkable "staying" power up to date, against teams of more weight than that of the Aggies. A BIG CROWD.

A BIG CROWD.

The game was witnessed by about 3,500 people, from all parts of Cache valley, and by 400 from Salt Lake. They had builded great hopes on the game, and were back-ing their colors very vociferously. After it was over no hostility was shown to the visitors. On the other hand, they were given a big reception by the women stu-

HARD STRUGGLE COMING.

When Yost's Eleven Clashes With Chicago Team-Saturday Games.

Chicago, Nov. 25 .- With their defeat at the hands of Michigan, the Badgers were forced to retire from the western champlonship race, and it is now up to the Tranksgiving day game to decide the football honors of this section of the country. That this game will be one of the hardest ever played in the west is admitted by all, including some of the most ardent supporters of the Maize and Blue

the most ardent supporters of the Maize and Blue. Michigan's victory was well earned, even though the Badgers did outplay the men from Ann Arbor at times. Yost had a better developed team than King, but individually the Wisconsin men were every bit as good as their heavier op-ponents. The Wisconsin men were forced to fight against a letter developed foots hall machine, that outweighed them at least ten pounds to the man, and they did everything in their power to stop the tremendous rushes of the Michigan men. Score Score:

the tremendous rushes of the Michigan men. Eckersall in the game and playing to his limit may be the means of beating Michigan or playing a nextremely close game. Michigan's defense is consider-ably better than Chicago's and there-fore, it is probable that both teams will score, and the game will resolve itself into a scoring contest. Chicago is strongest where Michigan is weakest-that is, in bloking and the open game. If Meizner is able to get away for several long runs it is easy money that Eckersall will be able to do even better. In the kicking department it is certain that Eckersall will be a creat deal better than Garrels, and if Ecker-sall has any chances at a goal from inside the forty-five-yard line he will surely score. Stagg has developed the most open style of play now in use in the west, and with Catlin carrying the ball for

Stagg has developed the most open style of play now in use in the west, and with Catlin carrying the ball for one of his wide end runs, it is certain that he will be able to gain around Gar-rels. The maroons have shown greater speed in nearly all their games than Michigan did on Saturday and this will help considerably in playing the more open game. open game.

COAST BALL GAMES.

San Fraucisco Nov. 26.—The morning game wa noted for the heavy pitching of Henley. He retired the visiting batsmen in order in the first eight innings, with the excention of one man made a hit and died at second. The Tacoma team tried a new p¹ her, Levy and he made a good showing. In the atternoon San Francisco gat a quartet of runs on a couple of hits and errors in the fourth inning and atter that kept the lead. First game...

First game-R. H. B. Batteries-Levy and Hogan; Henley and Wilson. Second Game-

R.H.E. Batteries-Keefe and Hogan; Williams and Shea.

Los Angeles, Nov. 26.—Portland won both games today, the first by the score of 2 to 1, and the second, a five imning affair, by 5 to 2. Both Baum and Essick pitched shut out ball in the first game and all the runs made were the results of errors. In the second game Tozer was very wild and had poor support in the field. The patched-up condition of the local team was really responsible for its defeat.
