Last Night's Dispatches.

CONGRESSIONAL.

SENATE.

Political Disabilities Removed.

WASHINGTON, 4.—The House bill removing the political disabilities of Fitz Hugh Lee, of Va., and the Senate bill removing the political disabilities of Van R. Morgan, of Va., were passed.

HOUSE.

Civil Service Reform! Resolution. Contagious Diseases Bill—Tax on Fermented Liquors.

WASHINGTON, 4.—The committee on civil service reform have adopted a resolution that they do not recommend a further appropriation to carry on the experiment of reform, as hitherto conducted.

Bromberg reported a bill to prevent the introduction of contagious diseases.

Cox offered an amendment, which was adopted, that the bill shall not be construed to apply to the health regulations and quarantines maintained by States or municipalities, but that such systems shall remain under their present control; the bill then passed.

Tamport introduced a bill to increase the tax on fermented liquors to two dollars a barrel; referred.

Life-saving Stations.

Hooper, from the committee on commerce, reported a bill for the establishment of life-saving stations and houses of refuge on the sea and lake coast, and to promote the efficiency of the life saving service; passed.

Stanford, from the same committee, reported a bill for deepening the channel at the mouth of the Mississippi river by dredging or otherwise; passed. The bill proposes to have the work done by contract, the secretary of war to contract with the lowest responsible bidder.

EASTERN.

Reformed Presbyterians.

PHILADELPHIA, 4.—At the session of the reformed Presbyterian Synod, to-day, the committee passed resolutions recommending unfermented wine for the Sacrament, that total abstinence be required from applicants to the church, and urging co-operation in the temperance movement; all but the latter were tabled.

A Fatal Fight.

NASHVILLE, 4.—A special says a fight occurred at Burnside's Point, Pulaski Co., to-day, between the citizens and railroad laborers, in which one laborer was killed and several persons wounded.

In Favor of Reciprocity.

NEW YORK, 4.—The Chamber of Commerce, to-day, adopted a resolution strongly favoring a liberal and just reciprocity treaty between Canada and the United States, also favoring a change in the revenue laws, by simplifying them without decreasing the amount of revenue, and recommending specific instead of *ad valorem* duties whenever practicable.

Bristow Sworn In—Richardson Commissioned.

WASHINGTON, 4.—Secretary Bristow took the oath of office to-day; the ceremony took place in the President's room at the Executive Mansion, after which the Secretary went to the treasury department and entered upon his duties.

The President, to-day, signed the commission of Judge Richardson, as Associate Justice of the Court of Claims.

Passed Over the Veto.

BOSTON, 4.—The Senate passed the bill abolishing the State constabulary, over the governor's veto, by a vote of 21 to 10.

The Brewers' Congress.

The national congress of brewers, to-day, adopted resolutions providing for laying statistics before the national and State governments, thereby inclining them to judicous legislation on the malt liquor question; also for the adoption of measures to induce the government to remit the tax on Canadian barley. They urge all brewers to watch the interests of this great source of revenue, and to increase business by all possible means, and they suggest the appointment of a committee to prepare an address, to reach the public, stating the brewers' position on the question.

WESTERN.

Prisoners Hanged by a Masked Mob.

SAN FRANCISCO, 4.—A dispatch from Austin, Nevada, says that last night, a crowd of thirty masked men entered the jail at Belmont, bound the sheriff, and took out two prisoners, named McIntyre and Walker, and hanged them; it is not stated what the men were accused of.

FOREIGN.

SPAIN.

Carlists Repulsed.

MADRID, 4.—General Salamanca reports an engagement with 8,000 Carlists yesterday, in which the latter were repulsed with a loss of seventy killed and wounded; he lost thirty.

The Carlists occupy Rosas.

ITALY.

The Pope Ill Again.

ROME, 4.—The Pope is again ill with fever; the attending physicians are alarmed at his condition.

The Pope is somewhat better; he refuses to leave the Vatican, though his physician recommends change of air.

FRANCE.

Political Affairs.

PARIS, 4.—The Assembly passed the electoral bill to its second reading by a vote of 393 to 318. Louis Blanc and Gambetta opposed the bill, receiving a perfect ovation from the Left at the close of their speeches.

The Right Centre has issued a programme, drawn by the Duke de Broglie, D'Audiffret, Pasquier, Goulard and Laverque, favoring the immediate organization of the supporters of Mac Mahon for a continuance of the title of President of the Republic and the maintenance of the political truce after the end of the present seven years' term, so in the event of a vacancy in the presidency. In the meantime the Left Centre are dissatisfied with the programme as not conceding sufficient time.

GREAT BRITAIN.

Bombarded.

LONDON, 4.—Spanish advices state that Lequitis, a maritime town in the province of Biscay, had been bombarded by a schooner belonging to the Republican navy, on account of the admission into the port of a foreign ship containing a contraband cargo.

Wholesale Evictions.

The owners of the Durham collieries have evicted a large number of tenants, recently engaged in the strikes; over 200 families are camping in the fields.

MEXICO.

Extradition Treaty—No Cattle to come Over the Rio Grande.

MATAMORAS.—A treaty has been made between Italy and Mexico, for the extradition of criminals.

The mayor orders the chief of police to prevent the passage of cattle over the Rio Grande; if this is enforced it will stop cattle stealing.

Yellowstone Expedition—New Organization.

To Hon. John P. Bruce, Chairman:

SIR:—The important telegrams just received and published in the current issue of the *Avant Courier* have an important bearing upon the project of our organization. It is useless, of course, to indulge in regrets now, but it will readily be seen that in the return of our expedition we have perhaps lost a grand opportunity. It is not yet too late to save ourselves if we but go energetically to work to effect a reorganization. As it was not, and is not, intended to violate any United States or Territorial laws, or to invade the treaty rights of any Indians, it is not reasonable to suppose the Government will attempt any obstruction.

A party of 200 or 300 Crow warriors is about to go out against the Sioux, and at least 125 of the command are anxious to return to the Big Horn country. If we go rightly to work we may yet recover the ground the committee has reason to know has been lost; and if we are to do so, it is necessary to reorganize immediately. We therefore call for instant enrollment of all who desire to take advantage of the efforts of the committee to ensure a successful expedition. We are now expecting valuable assurances of support and assistance, which will be made public at the proper time, and in the meantime we ask all who wish to join us to send in names and data without delay.

For the Committee,
J. V. BOGERT,
Secretary and Treasurer.

—*Bozeman Courier, May 23.*

Our Country Contemporaries.

Ogden *Junction*, June 3—

The machinery for the Iron Works, which arrived by the U. P. R. R., was this morning conveyed by the Utah Northern to the grounds of the Iron Company. We understand that the big roads have agreed to lay down a line from the junction to those grounds for the accommodation of the Company. When building material can be obtained we expect to see those buildings going up like smoke, and before long the smoke itself issuing from the tall chimneys and furnace fires of the big works.

Ogden *Junction*, June 4—

Rails for the new side tracks at the depot are already arriving. In a couple of weeks work will be lively at the junction, and as the Companies begin their operations, business will increase and times will improve.

We are informed, on good authority, that the emigrant trains on the C. P. are infested with Monte men again. They ply their nefarious trade, principally, between Terrace and Toano, and scarcely a day passes but some poor fool is swindled.

T. Whelan, Esq., C. P. R. R., had an increase a few days ago. He's a single man, too. A baby was unexpectedly and suddenly brought to light on his train a little distance this side of Toano. Everybody was astonished, as there was no warning of what was about to take place. The mother never said a word. The first information of the "event" was from the new comer. The car was full of emigrants at the time, and Tom was a little plagued. But he soon fixed things comfortably and arranged a bed-room for mother and child by the aid of some blankets. If you want to see Tom look red in the face, call him "Dr." Whelan. That baby wasn't his, but he ought to stand as its godfather, and that ear should be known hereafter as "The lying-in hospital."
