

JEFFRIES NEXT OPPONENT PICKED.

Either Sharkey or Munroe Will Get a Chance at the Title.

BILLY DELANEY IN NEW YORK.

Champion Talks With His Manager And They Agree to Take on the Winner of Bout.

A dispatch from New York says: Billy Delaney, in this city, ready to arrange a fight and the winner of the Sharkey-Munroe fight in Philadelphia on Feb. 27. Immediately upon his arrival in the east, Delaney called on Jeffries and the pair talked over the matter carefully. It was the first time that Delaney and his protégé had a conference since the Jeffries-Corbett fight.

Delaney has been on the Pacific coast ever since the battle, but when he heard that there was a possible chance for Jeffries to clinch a match with one of the big heavyweights he at once decided to come to the scene of action. Delaney has handled the champion in the past and he has full authority to make all matches for the big Californian.

"Before I left the coast," said Delaney, "I was informed of the Sharkey-Munroe match. It looks now as though it will take place, and if it does, I will show him the night of the Munroe-Sharkey fight with Sharkey. If he makes good with Sharkey and proves to be a champion, he will be worthy of a match with Jeffries. He won't have much trouble in Jeffries."

Delaney is the champion, and he has already been prepared to defend his title against all comers. The Gracie theater is the night of the Munroe-Sharkey fight to see the result. Jeffries has all appearances in good condition. He looks a little heavy, but that is a good thing for him to work off when he begins training.

COVERS MARKHAM'S MONEY.

Kelley Says Enoka Man Can Have Any Kind of Fight He Wants.

Tommy Markham is out for a fight with Clifford. He says he will agree to stop him in 10 rounds for \$500. Well, it is now up to Markham to make good. S. J. Kelley today displayed \$500 in cash and says he will put up any minute that Markham's cash is in sight. There will be no delay whatever. More than that, he says he will pay Markham \$500 expense money to come to Salt Lake to meet Clifford, providing he will come to town and fight this week as Clifford has another match in the near future, the date being March 4. That is the date that he meets Jack of Chicago in the Gracie theater here. Any time Markham's money is put up with the sporting editor of this paper it will be promptly covered with it.

L. D. S. U. CHAMPIONS.

Won State Title by Defeating B. Y. C. Team on Saturday.

STANDING OF TEAMS.

Won. Lost. P. C.

L. D. S. U. 4 0 1.000

B. Y. C. 0 4 0.000

B. Y. C. 0 4 0.000

W. S. A. 0 4 0.000

The basketball game played at Logan on Saturday evening between the L. D. S. U. and B. Y. C. teams, settled for all time the question of which team is champion of the state. The game was witnessed by a large crowd of ardent devotees of the sport, and when the L. D. S. U. boys defeated their rivals by a score of 22 to 15, they were cheered to the echo.

The Logan boys played brilliantly during the first half, but in the second they appeared to be all in and the champions simply smothered them. The game was settled at the end of the first half, each having 11 points, but in the second, Smith, Stanton and Christy got in their fine work and ran up a lead that was gone. The line-up and summary follows:

L. D. S. U.—23 Position. B. Y. C.—15.

Taylor.....L. F.....Henderson

Stanton.....R. F.....Dahl

Christy.....C. G.....Popp

Christy-Hamlin.....L. G.....Merkley

O. Lund.....R. G.....Blair

Baskets from the field, Stanton 3, Dorr 2, Christy 2, Smith and Smith and Smith from free throws, Dahl 3, and Smith 3, missed 3; Lund 4, missed 3; referee Bassett; referee, Stewart.

RIFLE CLUB SHOOT.

Letchfield Captures the Honors for High Gun With Score of 60.

At the regular weekly shoot of the Salt Lake Rifle club, which was held at Letchfield captured the honors for high gun by making a score of 60. The next best was made by Johnson, with 58. Eight members of the club competed in the shoot and the scores were all fairly good. Following were the results:

Johnson.....58 52 80 87 85 87-441

Holmes.....51 62 74 70 62 57-376

Letchfield.....74 70 77 90 67 67-477

Hirschvogel.....57 65 70 87 80 80-459

Weatherston.....62 63 78 74.....-71

Young.....69 78 79.....-76

Burner, O. M.....77 67.....-72

CORBETT-BRITT FIGHT.

Champion's Ex-Manager Gives His Opinion on the Outcome.

(By Johnny Corbett.)

No match arranged in years has created so much talk and speculation as will the coming contest between Young Corbett and Jimmy Britt. The most important question asked by the Californian backers is: Can Britt reduce to the required weight, 135 pounds, at 6 o'clock and be as good as the Britt who defeated Fitzgibbon, Selzer and Canale. A few of the experts on the coast have already expressed their doubts in Britt's ability to do this. But Britt and his advisers evidently believe he can or the match would not have been made. Corbett would never have been made, but should the champion "cop," the Briton had, Britt's first battle will be "I was weak at the weight. I will never fight again below 135 pounds," as did Frank Erne when Perry McGovern scalped him out in three rounds and it is my opinion that if Britt is the least bit fit at the weight a repetition of the Erne-McGovern fight will take place and James Edwards will receive a trouncing. He will never forget, for Corbett has seen Britt in action and believes in him that he can give Jimmy a wallop.

Thus the champion will enter the ring with the confidence and courage of a bulldog, and knowing Britt to be a clever boxer, long range, who might be able to "steal" a decision, either Britt or Corbett will be after him from the moment the

CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in dandruff burrows into the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out, dig up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without curing the dandruff, and you can't cure the dandruff without killing the dandruff germ.

"Destroy the cause, you remove the effect," Newton's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair dressing. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich. For sale by Z. C. M. I. Drug Dept. 84

PLUM ALLEY'S NEW YEAR RACKET.

Salt Lake Chinamen Open Annual Festivities With Usual Fireworks and Din.

AFTER PAYING THEIR DEBTS.

Some Oriental Customs Connected With Festival Occasion—Open House Is The Order of Day.

Salt Lake's Chinese forgot their troubles last night, if any they had, and joined in a weirdly wild celebration of that greatest of all seasons—New Year.

It was ushered in at midnight by the noisy firecrackers, the monotonous tomtoms, the incessant chattering of the Celestials as they made their way from hut to hut and the glowing altars that shone from scores of windows in Plum alley. And this will go on for a week, with spasmodic elaborations.

Chinatown was not in bygone years been noted for its immaculate appearance, but the residents have been at work for a fortnight cleaning up their places and without question great improvement has been made. The dirty quarters have been renovated and their walls almost gleam with the bright colored decorations. Everything has been done to make the place seem respectable to the hundreds of American visitors who will inspect the district before the week out.

The Chinese make their New Year season a festive occasion, but first the gods must be pacified. Therefore they burn incense upon a thousand altars and bow down, and "kow-tow," in worship before the gods. Watch is kept over the josses by a priest and he receives whatever offerings may come in the shape of the wrath of the gods. It is extremely bad form to work during the holiday season. In fact, it is supposed to attend the Celestial who gives any of his time to labor. Any other peculiarity makes it a crime to be in contact with the deity of the year. Every Chinaman who can raise the money pays his debts before the old year expires.

Buried by a Land Slide.

Auburn, Cal., Feb. 14.—Three men lost their lives Friday last in a landslide and cave-in of a portion of the railroad company's sheds a few miles this side of Truckee.

A kang of 45 men were working when they heard the slide coming and all made a run for their lives.

Several were buried waist deep and were extricated by their companions.

One young man was taken out completely suffocated and the others carried to the hospital.

Their bodies are probably buried under 20 feet of snow.

The body recovered was identified as that of Daniel Cookbrook of Derby, Conn.

AT FIFTY-TWO YEARS.

H. M. Lytle Visits Salt Lake for First Time in Half Century.

H. M. Lytle, a merchant of Pittsburgh, Pa., is enjoying the novelty of his first glimpse of Salt Lake in 52 years. He was here in 1852 with a party of gold-seekers and met President Brigham Young and others, and until yesterday he had not visited this valley a second time. With what wonderment the outsider contemplates the changes that have taken place is easily imagined.

"I believe our party had the honor of making the first flag made in Utah," remarked Mr. Lytle, who is at the Wilson.

"A tailor in our party sewed it together and we hoisted it to our tent pole on July 3, President Young, seeing it, asked jokingly if we were not celebrating the Fourth ahead of time. This tent of ours was pitched on the square where strangers were usually accommodated. There were a few adobe houses visible and plenty of gold seekers and that was Salt Lake. Who would have believed that from such a beginning a city like this would spring up in this short time?"

Mr. Lytle is on his way to California to visit a brother who was in the rush for the gold fields in '49.

TROOPS TO MOVE.

Twelfth Infantry to Leave Fort Douglas for Philippines on Monday Next.

The formal order arrived yesterday from the war department for the departure of the Twelfth U. S. Infantry on Monday next for San Francisco whence they will sail for the Philippines March 1. The first battalion, headquarters and band, at Fort Douglas, the second battalion at Duchesne, Whipple Barracks and Apache, and the third battalion at Fort Bliss will leave at the same time arriving at San Francisco as a reunited regimental command. The members of the regiment hope to see Chinese service, and thus get a glimpse of some more of the world.

The order just received says, that "upon the arrival of the Twelfth at Manila the twenty-ninth infantry, under the direction of the commanding general, Philippines division, will be relieved from duty therein and placed on route to San Francisco. The station of this regiment will be designated hereafter."

In regard to recruiting and re-enlistment in the Twelfth the order says: "The regiment will be recruited to the strength authorized by general orders No. 108, Oct. 25, 1892, headquarters of the

army, adjutant-general's office, and will be fully clothed, armed, equipped and supplied and provided with not to exceed 30 rounds of ammunition per man (four boxes to a company) to be carried, as far as practicable, in original packages and in an accessible place. All the enlisted men of the regiment who shall have less than one year to serve on the 1st of March, 1904, will be discharged for the convenience of the government on their written promise to re-enlist for a full term of three years, and on being so discharged will be immediately re-enlisted. All enlisted men who shall have less than one year to serve from the date of the proposed departure of the regiment, and who do not desire to be discharged and re-enlisted as specified above, will be transferred by the department commanders to other organizations serving in their respective departments. In the case of non-commissioned officers, the transfers will be as private, but should they prefer they may be discharged for the convenience of the government.

After the re-enlistments mentioned in the preceding paragraph, department commanders are further authorized to transfer to the Twelfth infantry, to the extent of actual vacancies therein, such enlisted men of other infantry regiments in their command as desire foreign service and have at least two years to serve. Any vacancies remaining in the outgoing regiment after these transfers will be filled by the assignment of the necessary recruits from rendezvous.

In the case of non-commissioned officers the transfers will be as private. Maj. C. H. Smith, commanding the two battalions of artillery now stationed at Fort Douglas, will be in command of the post on the departure of the infantry until the arrival of another infantry regiment today at a meeting held in the Argio-American church, presided over by the new pastor, Rev. Andrew Reiche. These warlike men, who are engaged in the conflict with large demands on humanitarianism, irrespective of race, and who have naturally decided to assist the suffering they can most easily reach, namely, the Russian mounted.

IN MANCHURIA.

Gen. Litsvitch Given Supreme Command.

St. Petersburg, Feb. 14.—A telegram from Kharkov says that Gen. Litsvitch has been appointed to the supreme command of the Russian army in Manchuria.

Grand Duke Cyril, a cousin of the czar, and Grand Duke Boris, the czar's uncle, are about to proceed to the seat of war. American and English women have started on the preparation of materials for the Red Cross society with just as great heartiness as the Russian women engaged in the same work. Various committees and sewing circles that had been already organized effected a general organization today at a meeting held in the Argio-American church, presided over by the new pastor, Rev. Andrew Reiche. These warlike men, who are engaged in the conflict with large demands on humanitarianism, irrespective of race, and who have naturally decided to assist the suffering they can most easily reach, namely, the Russian mounted.

LONG ON GIRLS.

Birth Reports This Week Show Three To One Against Boys.

The report of the board of health for the week ending Feb. 13, shows a report of 20 births, 5 of the number males and 15 females. The deaths reported for the same period numbered 26, of which 14 were males and 12 females.

One case of scarlet fever developed during the week and one case was discharged, leaving three cases in quarantine, the same as the week before. Two cases of diphtheria remained in quarantine from last week, one new case was reported and two discharged, leaving one case in the city. At the close of the last report there were four cases of smallpox in quarantine, during the week one new case was reported and one case recovered, leaving four cases in the city at the close of the report. Four cases of whooping cough and two cases of chickenpox were also reported.

Col. Henry T. Granberry Dead.

New York, Feb. 13.—Col. Henry T. Granberry, 90 years old, who in 1831, put down an insurrection at South Haden, which became known in Virginia history as Knapp's war, is dead at his home here. He owned a large tobacco plantation in Virginia, but had lived here since 1831, and claimed to have voted at every presidential election since the Jackson campaign.

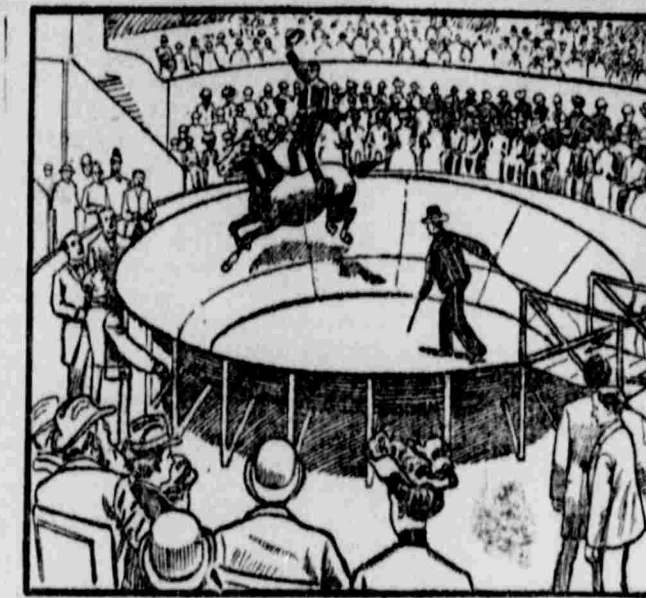

Col. Granberry was known as Gen. R. E. Lee's double.

Rich Women Take Up Charity.

New York, Feb. 15.—Mrs. W. K. Van, a philanthropist, has determined to accept literally and act upon the advice recently given by the Rev. Dr. Rainford of St. George's church, who deplored the exclusive attitude of women of wealth, saying that they should take a more direct and active interest in the affairs of the less fortunate.

Mrs. Vanderbilt has begun her work

A NEAT FEAT OF HORSEMANSHIP.

Herewith is depicted a feat in horsemanship that has been thrilling visitors to the great Berlin circus for some little time and which in all likelihood will be seen in this country during the winter. It bears the significant title of "The Cowboy's Ride." So sharp is the ascent of the track around the circle that when at full gallop horse and rider appear to be almost horizontal with the ground. The feat, as is well known, is often performed on a bicycle, but on horseback it is much more difficult since the performer cannot adjust his speed with the nicety possible to the bicyclist.

Rich Cargo from Orient.

San Francisco, Feb. 15.—The steamer China from the Orient brought one of the richest cargoes landed here for many months. The notable shipment consisted of 787 cases of opium, valued at \$400,000, duty paid; 1,925 boxes of raw silk, valued at \$135,000, and a consignment of Japanese gold yen worth \$1,075,000.

Martial Law at Vladivostok.

New York, Feb. 15.—Martial law has been proclaimed here, says a World dispatch from Vladivostok by way of Shanghai. Russians having provisions enough to last eight months may stay.

We Paid \$100,000

For Liquezone—Yet We Give You a 50c. Bottle Free.

This Company, after testing Liquezone for two years in the most difficult germ diseases, paid \$100,000 for the American rights. That by far the highest price ever paid for similar rights on any scientific discovery.

We publish this fact to show you the value of Liquezone. Men of our class don't pay a price like that save for a product of remarkable worth to humanity.

Kills Inside Germs.

The reason for that price is this: Liquezone alone can kill germs in the body without killing the tissues too. Nothing else in the world is so good for the human body; yet Liquezone is a germicide so certain that we publish on every bottle an offer of \$1,000 for a germ that it cannot kill.

Liquezone destroys at once and forever the cause of any germ disease. And there is no other way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is helpless in troubles of this kind.

Not Medicine.

Liquezone is not made by compounding drugs. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, this gas is made part of the liquid product. Liquezone has, for more than 20 years, been the con-

stant subject of scientific and chemical research.

The result is a product that does what oxygen does. Oxygen is the source of all vitality, the most essential element of life. Liquezone is a vitalizing tonic with no other known product can compare. Its effects are exhilarating and purifying. But germs are vegetables; and Liquezone—like an excess of oxygen—is deadly to vegetable matter.

Liquezone goes wherever the blood goes, destroying every germ in the body. In this way it cures diseases which medicine never cures. It will do more for sick humanity than all the drugs in the world combined.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquezone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquezone costs 50c. and \$1.

CUT OUT THIS COUPON

For this offer may not appear again. Fill out the blanks and mail it to the Liquid Ozon Co., 426-430 Wabash Ave., Chicago.

My disease is.....

I have never tried Liquezone, but if you will supply me a 50c. bottle I will take it.

.....

RGFB Give full address—write plainly.

Any physician or hospital not yet using Liquezone will be gladly supplied for a test.

LA GRIPPE—PNEUMONIA

So many people who have apparently recovered from an attack of La Grippe are stricken with Pneumonia. This is due to the fact that the Bronchial Tubes and Lungs are left weakened and unable to resist disease.

FOLEY'S HONEY AND TAR

not only cures La Grippe Coughs, and prevents Pneumonia, but strengthens the Lungs so they will not be susceptible to the development of serious lung troubles. Do not take chances with some unknown preparation that may contain some harmful drug when FOLEY'S HONEY AND TAR costs you no more and is safe and sure. Contains no opiates.

I had a bad case of La Grippe about ten years ago which left my Lungs so weak that I have been troubled more or less every winter since until I used FOLEY'S HONEY AND TAR, which cured me completely and my Lungs no longer trouble me.—J. H. BROWNING, D.D.S., Orrick, Mo.

The 50c bottles contain two and one-half times as much as the small size and the \$1.00 bottles almost six times as much.
