THE RAPID popularity gained in this Territory by the OLIVER CHILLED PLOW during the short time it has been introduced here is something marvelous. This splendid plow has distanced all competition, and now stands at the head of the list, unequalled by any implement of the kind ever brought to Utah. With the Oliver PLOW FALL PLOWING can be done QUICKLY and EASILY and WITHOUT IRRIGATION, no matter how hard and dry the soil. It is offered on the most favorable terms by Howard Seabee, at the Bala Wagon Depot, one-half block south of Theatre.

LYON'S KATHAION is an invigorating tonic, vegetable preparation, positively free from any mineral or deleterious substances. It is the most delightful of all hair dressing—cooling the head, allaying irritation, curing headache and throbbing temples, making the hair strong, fragrant, glossy and obedient to control, so cleanly to use that it will not soil the finest fabric, causing the hair to grow luxuriantly and beautifully, removing dandruff and pimples. No man or woman can be too bald or balding who uses the Lyon's Kathaion properly.

Local and Other Matters.

Thermometer 43 degrees F. in the shade at 1 p.m. to-day. Partially cloudy.

Postmasters Appointed.—James Baker, Circle Valley, Platte County, Utah; John W. Seaman, Johnston, Kane Co., Utah.

Tabernacle Services.—Yesterday afternoon the congregation was addressed by Elder Orson Pratt, who delivered a very powerful discourse upon the judgments of the latter days, the future glory of Zion and the coming of Christ. He quoted copiously from the scriptures, in support of his position, and was listened to with the most marked interest and attention.

Wintry.—Yesterday, last night and the fore part of today have been rather wintry, rain, hail and snow-falls prevailing. It brightened in the last half of today. On Saturday evening the rain storm was heavy. On Sunday it tried to rain often through the day, but hardly succeeded before evening. This morning there were hail and snow on the ground and a little more falling.

The St. Louis District.—To the Elders called to labor with me in the St. Louis district, which embraces the States of Ohio, Indiana, Illinois and the southern part of Missouri.

Brethren.—We intend leaving for St. Louis on the 15th of November; my address, until then, will be Ogden, Utah.

In the States address, care of A. Burman, 1111 Cass Avenue, St. Louis, Mo. D. M. STUART.

How to Fix Hoppers.—Mr. Joseph Skew, of Plain City, informs us, apropos to the recommendation of fall plowing to fix grasshopper eggs, that he has been using a Sulky plow which he obtained at George A. Lowe's shop in Ogden. He says he never used such a plow before. He can plow deeper with it, and it turns the chills clean over instead of turning them up on the surface. He says he can confidently recommend this plow to farmers, and believes its use will settle the grasshopper plague effectually. It is just the thing our farmers need, and he advises two or three of them to own one in company. Ogden Junction, Oct. 28.

Theatre.—There was a large audience and a very excellent performance by the Russell Family and Sol Smith Barker at the Theatre on Saturday evening. The audience would have been much more numerous undoubtedly but for the falling rain.

This evening Prof. Baldwin and Clara Baldwin give their celebrated and famous exhibition of the alleged wonderful manifestations of and through spiritual mediums. There is no doubt there will be a large company of the wonder loving at the Theatre, and the weather promises to be fine.

Supervisors of Election.—In accordance with an application, signed by several citizens, Judge Schaeffer has appointed the following as supervisors of election in this city, for November 7th: First precinct, John D. Ritter. Second precinct, John M. Worley. Third precinct, George A. Atkinson. Fourth precinct, Rodolphe (Richard) Gill. Fifth precinct, Henry Simons.

PEOPLE'S PARTY SUPERVISORS. First precinct, J. M. Benedict. Second precinct, A. Miner. Third precinct, Theo. McKean. Fourth precinct, Geo. M. Oettinger. Fifth precinct, John R. Winder.

Sidewalk.—That piece of concrete sidewalk laid by Mr. Bassett, parallel with the south side of Kimball and Lawrence's store, on First South St., is neat and smooth, and much better than the ordinary plank walk. Some of the owners of property adjacent westward will probably have it continued some distance further in the same direction. It would be good for the large number of people who have to frequent that part of the city in doing their marketing if it were laid along the whole south side of that block. Gas tar and gravel concrete roads and foot-paths, especially the latter, were known and approved in Europe some forty years ago. They are no new things there.

Special Deputy U. S. Marshals.—The following was presented to Marshal William Nelson on Saturday. Up till this afternoon no appointments have been made—

To William Nelson, United States Marshal for the Territory of Utah.

We, the undersigned petitioners, respectfully represent that we are citizens of the United States, and Salt Lake City, in the Territory of Utah; and your petitioners further represent that the said city of Salt Lake contains more than twenty thousand inhabitants, as they are informed and believe. And your petitioners further represent that on the 7th day of November, 1876, in the Territory of Utah, there will be held an election for the purpose of electing a Delegate to represent the Territory of Utah in the Congress of the United States. Your petitioners further represent that there are five (5) precincts within the corporate limits of said Salt Lake City where votes are received for said Delegate, and your petitioners therefore respectfully ask that you appoint two Special Deputy United States Marshals for each of said precincts, as provided according to law.

FRANK HOFFMAN, O. F. STRICKLAND, E. B. MCKEAN, J. C. HEMINGWAY, R. H. ROBERTSON.

ADDRESS TO VOTERS.

HEADQUARTERS PEOPLE'S TERRITORIAL CENTRAL COMMITTEE, SALT LAKE CITY, October 28th, 1876.

To the People of Utah:

Tuesday, November 7th, 1876, is the day fixed by law for the qualified voters of this Territory to exercise their will in the election of a delegate to the United States. It is important that upon that day all voters should repair to the polling places in the precincts where they reside and deposit their ballots for that position. George Q. Cannon has been nominated as a Delegate to Congress by the unanimous vote of the People's Territorial Convention, composed of representatives from every county in the Territory. He is the choice of the People. He knows him, and we are therefore relieved from the necessity of enumerating his qualifications for the position. You know that in him we have a representative man who has been identified with the Territory since the first year of its settlement and who has served honorably and faithfully, and with credit to his constituents, as a legislator in the Forty-third and Forty-fourth Congresses.

Many voters have felt so secure of the result of our elections in times past that they have been careless about voting. It did not happen to be a very convenient time for them to go to the polls at the proper time, they would neglect to vote, feeling quite satisfied that the men of their choice would certainly be elected. The time has now come when indifference should be replaced by active interest, not that there is any danger of the result, but we owe it to ourselves to faithfully exercise the elective franchise and show to nation our political strength. Besides, we have unscrupulous foes to contend with, who are constantly plotting to get the control of the Territory into their hands. They call themselves "liberals," their liberalism consists of continual assaults upon the rights of the bulk of the people of the Territory, the persistent efforts to strip them of every privilege of citizenship and of the most desperate attempts to get themselves into place of control and power. To accomplish these ends they have recourse to every kind of dishonorable means. They fabricate the most atrocious lies; they circulate the most horrible slanders; they aim to destroy the reputation of an entire people; they adopt falsehood as their platform and use misrepresentation as their weapon; they denounce the "Mormons" as either imbeciles or monsters; and the "Gentiles," who do not join them, they stigmatize as traitors and "Jack Mormons;" through their libelous organ they whip every false and malicious rumor into line, they have been too much self-respect to abuse themselves, they drive him from the Territory. Professing to be "Gentiles," while the hope of the "Gentile" is the hope of the "Mormon," and constantly crying out against its influence, as restrictive of the free agency of the citizen, they are ready to place under ban every one who does not bow to their mandates.

For several years this party has sought to gain the ascendancy in Utah. No better illustration of its contempt for the rights of the people need be given than the fact that one of its candidates for Delegate to Congress, who received 109 votes, contested the election of the delegate elect, who had received over 12,000 votes. The ground of contest was that he was a "Mormon" and the votes he had received were "liberal" votes, while the sitting delegate was a "Mormon" and had received "Mormon" votes, and therefore he claimed the seat! Still proceeding upon the same frivolous assumption, his candidates for the same position have since that time entered upon three different contests before Congress for the seats of the delegates elect. And yet this party, with such a record, prates about its respect for law, its regard for the constitution, the sacredness of the rights of American citizens, and the high esteem it entertains for the expression of the people's will through the ballot-box.

We have no fears that any man or woman of sense and experience will be deceived by its pretensions. But its members and candidates would have you believe they are your true friends; that they have your welfare at heart; that if they could control the Territory you and your children would be better off. It would be proper that the civilizing agencies they have introduced into your midst are those which you most need. Their regard for the people of Utah is like that of Judah for Amasa, when he asked him, "Art thou in health, my brother?" and took hold of him as if to kiss him, while he ran his sword into his side.

If any single one of the many bills which these "liberals" have framed and sent to Congress to be introduced there, had been law in the form in which it was sent, the citizens of this Territory who are Latter-day Saints would have been placed in a condition more terrible than slavery. To get these bills made into law they have spared neither time nor means. For years they have not allowed a session of Congress to pass without having a delegation at Washington to urge their passage. Their most unscrupulous, adroit and rancorous members have been selected to their representatives. In no single instance, we judge, have these men failed to exhibit the qualities which suggested their selection. Their imaginations were informed, ghastly tales of robbery, brigandage, outrage and murder, alleged to have been committed by the people of Utah, were "liberal" related. Their principal characteristic (as indeed is that of the party) has been their economy of truth. Who can believe or have confidence in such a party? Its record is one continuous list of outrages upon the rights of the people. There have been political assassinations and attempts to assassinate. To attain its ends it has trampled upon and defied the law, encouraged and given aid to law-breakers, fostered and protected vice and stopped at no foulness. If it could secure control of our Territory, what a fate would be ours! This, however, will never be. While the people of the Territory are true to themselves and to the principles of true liberty.

In contradistinction to these "liberals" there is a class of people in this Territory, honorable citizens, who, though not "Mormons," have never been in sympathy with this so-called "liberal party" in their attacks upon the majority of the people of Utah. The hatred of that party to them has been as intense, overbearing and arrogant as if they were "Mormons." They have used every means to coerce them to join their ranks; but many of this class, having large interests here, have always ignored their violence and been opposed to the transfer of the government of the Territory into their hands. These people came here to transact business, to make money, not to live upon the pioneers; and they have been willing to live and let live. Their independence is most commendable.

Our Territory has grown to be the most populous, prosperous and important of any in the world. It has, in fact, outgrown all the conditions of territorial existence, and possesses in a larger degree than two, if not three, of the States, all the elements necessary for sovereignty. Every citizen of Utah can speak with pleasure of her light taxes, her freedom from every kind of military debt, her low percentage of illiteracy, her cultivated farms and fruitful orchards, her growing manufactures, her railroads and telegraph lines. And the management of the affairs here is chosen by the people she has attained a prosperity that is not excelled by any part of our country. The people should not fail to preserve by their votes what they have earned by their industry.

On Tuesday, November 7th, every qualified voter should exercise the right to vote. Do not suffer threats, abuse or trickery to deter you from being at the proper polling place on that day. An All-wise Providence has led us to this country as a place where we have secured our rights; let us take the proper steps to maintain them, and make a reminder that the PEOPLE'S VOICE IS THE PRICE OF LIBERTY.

By the People's Territorial Central Committee.

JOHN SHARP, Chairman. THEODORE MCKEAN, Secretary.
